## N.Y. Central Fails Sidetrack Young

### 800,000 Share Vote Block Try Falls Short

NEW YORK (AP)—The New York Central Railroad failed Tuesday in a two-pronged legal appeal to spike Robert R. Young's guns at Wednesday's stockholders' meeting

The railroad asked that the forces of Young, financier who seeks control of the Central, be blocked from voting a crucial 800,000 shares of stock at the meeting; or, if decision on this were delayed, that the court postpone the meeting.

Decision was reserved on both matters, but Presiding Justice David W. Peck of the Appellate Division, New York State Supreme Court, said:

"You can assume we are not going to enjoin the meeting."

Although the court could, technically, act at any time before the meeting gets under way in Albany, N.Y., Wednesday the last roadblocks seemed to be removed.

**Friends of Young**

The Central management had appealed a lower court ruling which refused to bar proxies for the 800,000 shares to their owners, the Texas millionaires Clint W. Murchison and Sid A Richardson, who are friends of Young.

The Central also applied for postponement of the scheduled stockholders' meeting until June 28.

Central management has been contesting the validity of the stock sale since shortly after it was made for 20 million dollars in February by the Chesapeake & Ohio Railway, Young's former railroad.

In the courts and before the Interstate Commerce Commission, the Central has called the sale "a sham and device" and said the transfer papers were "defective." Central charged before the ICC a plot to put Central and C&O under common control.

**Lost Battles**

One by one, the Central management has lost its legal battles to stymie voting of the 800,000 shares, the largest outstanding block of Central stock, 12.41 per cent of the 6,447,410 outstanding common shares,

The railroad's attorney, former state Supreme Court Justice Samuel I. Roseman, argued for reversal of a decision by Supreme Court Justice James B. M. McNally who denied the road's plea for a temporary stay but set June 3 as the date for trial.

Rosenman argued that if Young won the election but lost the law suit it would be necessary to oust him and his new board.

Rosenman said neither Murchison nor Richardson had put up any of their own cash but had borrowed money for the purchase from Young and his Alleghany Corp.

Thomas F. Daly, counsel for Alleghany, said the postponement plea was "a last desperate effort" by Central's board to "perpetuate themselves in office without facing the vote of the stockholders.

## Military Scrip Gets 'New Look'

### Aimed At Thwarting Counterfeit Activities

FRANKFURT, Germany (AP) — The U. S. Defense Department Tuesday changed the military scrip used at its installations around the globe to a new gaudy-colored issue. It said the surprise move was aimed at thwarting "counterfeit activities."

An Army spokesman here said the conversion—the fourth since 1946—was taken primarily to crack a counterfeit ring in Japan in operation for some time. But there was no word from Tokyo confirming existence of a ring. Officers at the Pentagon in Washington said counterfeiters generally were the target for the change, but they knew of no ring operating now in Japan.

The order affected all U. S. military and civilian personnel in the Far Eastern command, Germany, Austria, Trieste, France, England, Greece, Morocco, Tripoli, Yugoslavia, Iceland, and Belgium. In Europe alone, half a million Americans were affected.

All U. S. military installations engaging in trade dealings except messes for transients shut down while the changeover was being made.

## Kentuckian Is Charged With Embezzlement

SEOUL (Wednesday)—(INS)—Clarence Fleming of Louisville, Ky., was arrested by South Korean authorities Tuesday on a charge of embezzlement while attached to the Korean civil assistance command.

Fleming, an Army officer while attached to the Civil Assistance Command, but now a civilian engineer, struck back by charging irregularities in handling of U. S. Army aid supplies by Korea

Kim Chang Hung, chief of the South Korean National Police, said Fleming was accused of trying to sell $20,000 worth of machinery to Korean civilians while supervising a briquetting plant for the Civil Assistance Command.

## C-45 Hits Delaware Community

### No Deaths Reported; Lumber Yard Blazes

NEWARK, Del. (AP) — A twin engine C-45 Air Force training plane crashed and exploded into a lumber yard in the heart of this community of 8,000 Tuesday night causing a spectacular fire.

The pilot and co-pilot parachuted to safety and there were no reports of any injuries on the ground.

Mayor Wallace M. Johnson, a physician, who set up a first aid station at the scene, said it was "incredibly fortunate" that nobody had been hurt in the plane crash and subsequent blaze.

A local contingent of the Delaware National Guard, was drilling nearby and surrounded the fire area facing on Newark's main street.

The soldiers aided in the evacuation of the few residents in the predominently business area when it was feared the fire might spread to three nearby gasoline stations.

Air Force officials said the plane was on a routine "round-robin" non-stop training flight from Mitchell Field, L. I., N. Y., to Washington, D. C. and return.

Lt. Col. Benjamin H. King, commanding officer of New Castle County Air Force Base near Wilmington, said the pilot, whom he declined to identify, telephoned the base to report he and his companion had parachuted to safety.

The lumber yard and three-story brick office building on the lot were gutted.

## Several Spots Report Rain

Several Nebraska points—Lincoln included — received rain showers Tuesday night and early Wednesday, but in most cases the precipitation was of the "trace" variety.

The Capital City's unofficial total early Wednesday morning was .10.

Grand Island reported .02, while Imperial, Lexington, North Platte and Omaha all reported traces.

## Emergency $1,000 Voted For County Detention Home

An emergency appropriation of $1,000 was voted Tuesday by the County Board of Commissioners for the operation of the County Juvenile Detention Home.

The appropriation was voted because of increased costs and a case load above expectations at the home. The $1,000 will increase the yearly appropriation for operation of the home to $7,575. Resolution for the emergency funds was entered by Chris Kuhner, commissioner.

## U.S. Arms Arrive In Managua

### Dulles Says Reds Pose Canal Threat

WASHINGTON (AP) — The State Department said Tuesday night planes carrying American arms to counter the Communist arming of leftist Guatemala have arrived in Nicaragua.

The department said airlifting of arms for Nicaragua and Honduras got under way Monday. Two giant C-124 Globemasters were involved in carrying the arms to the two Central American countries.

The department said one plane arrived in Managua, Nicaragua, Monday with weapons for that country.

Another plane reached Nicaragua Tuesday, the department said, for transhipment in smaller planes to Honduras. No other details were available.

A Defense Department spokesman in Washington said the planes were flying small arms, ammunition, jeeps and three-quarter-ton weapons carriers—a type of equipment used by light infantry troops

### Tension Mounts

WASHINGTON (AP) — Secretary of State Dulles said today the Communist shipment of 10 million dollars worth of arms to leftist Guatemala may be a move to set up a Red bastion near the Panama Canal.

Guatemala is about 750 air miles from the vital canal link between the Atlantic and the Pacific.

Commenting on mounting tension in Central America, Dulles re-emphasized the warning of the 1954 Caracas resolution with a formal statement declaring:

"The extension of Communist colonialism to this hemisphere would . . . endanger the peace of America."

**Praise**

Dulles spoke out at his news conference amid a series of nervous reactions arising from (1) the shipment of 2,000 tons of arms from Communist-run Poland to Guatemala and (2) a State Department announcement that U. S. arms are being rushed by airlift to Guatemala's neighbors, Nicaragua, and Honduras.

Dulles' statement at his news conference drew praise from Nicaraguan Ambassador Guillermo Sacasa who described it as a timely account of the significance of the Guatemala crisis "as it relates to the threat to the security of the Americas."

In Guatemala, Foreign Minister Guillermo Toriello said Dulles' remarks were "exaggerations on fantastic things." He said the purchase of arms by his country was a domestic affair which would not properly be considered by the Organization of American States (OAS), which was set up to deal with hemisphere problems.

**Concerned**

On Capitol Hill, several lawmakers expressed concern over the possibility that Red military aid to Guatemala might be the first overt step toward a Moscow-directed grab in Latin America.

Rep. Boggs (D-La) told the House that Guatemala has long been the "beachhead" for Soviet plans to take over all of South America.

Declaring the United States should consult with other American nations and take collective action, Boggs said he feared the shipment of U. S. arms to Honduras, which borders Guatemala on the south, might be a case of "too little too late."

## Lincoln Star Photo Among Inland Press Prize Winners

CHICAGO—Robert S. Beggs, Lincoln Star photographer, has won third place in the sports pictures division of the 14th annual news picture competition at the spring convention of the Inland Daily Press Association.

Beggs

Beggs' picture, entitled "Whoa," taken during a College View - Wilber basketball game, appeared in The Lincoln Star on Saturday, Dec. 6.

Other Lincoln winners in the contest were Ralph Fox and Bob Schupbach.

Schupbach won first place in the feature picture class with a photo, "Will They Bite?" which appeared in The Sunday Journal and Star.

Schupbach

Fox

Fox received honorable mention in the sports division for a picture, "This Is Basketball?" which also apeared in The Sunday Journal and Star.

The contest, sponsored by the Medill School of Journalism, Northwestern University, was held in conection with the Inland Daily Press Association meeting here.

## Toll Road Said Dependent On Investment Bankers' Verdict

Toll road possibilities were discussed pro and con as to future planning of state highways Tuesday by the State Highway Commission. It appeared to be the concensus of the committee that investment bankers will make the final decision and not the people of the state.

The commission also heard a request from the Highway Users Conference that aid be given in requiring counties to keep better records on expenditures of mail route gravelling money to insure that it is expended in accordance with the law.

Frank Brady, Atkinson, told the commission that Holt County spends 54 per cent of the money for machinery and rental rather than on improvement of the mail routes.

Questioned as to whether the county employs an engineer he said they did not because "he would take over the per diem they are now collecting." He said that while carrying on their farming operations the board managed to work for the county "23 out of 26 days in one month."

**Cites 'Good' Counties**

Herbert H. Hahn, secretary of Nebraska Petroleum marketers, Inc., explained that the complaint was not against all counties as many were doing an excellent job. He mentioned Lancaster, Phelps, Platte, and Colfax counties as doing good jobs.

Thomas P. Shanahan, Talmage attorney, said he does not believe county commissioners have been "dishonest" in spending the money.

"But there has been a lack of knowledge of the functioning of the law," he declared.

He told of rapid progress made in Otoe and Johnson counties after resort to the district court for explicit instructions to the commissioners on how the money was to be spent.

He urged a compulsory audit by state authorities of expenditure of mail route money.

State Engineer L. N. Ress pointed out that the law gave the department no control over spending of the Schroeder money.

**Toll Road Discussed**

The need for an early settlement of the toll road question was held necessary to permit future planning of highways.

The question is whether Nebraska should build a toll road where traffic volume makes it feasible or whether the state should give up the toll road idea and build a four-lane highway across the state financed with state and federal matching funds.

The three-member turnpike authority considered the question at a meeting earlier this month, but reached no conclusions.

Several searching questions were asked by Commissioner Chris Metzger of Cedar Creek.

"There isn't a chance, in my opinion, for a toll road to be f-

## Diplomats Say Progress Made

### East And West, After Four Weeks Of Wrangling, Talk About Steps For Ending Indo-China Fighting

GENEVA (AP)—East and West, for the first time in more than four weeks of wrangling on procedure, Tuesday began to talk about concrete steps necessary to end the fighting in Indo-China.

Some Western sources reported "some progress" had been made at the day's session, the sixth held in secret. Another diplomat described the meeting as "definitely encouraging."

Much of the optimism apparently could be attributed to the fact that Soviet Foreign Minister V. M. Molotov did not repeat his demand of the previous day for the discussion of political questions.

The West, willing to discuss political aspects of an Indo-China settlement, insists that military questions be settled first.

**Adjourn Till Thursday**

Pham Van Dong, the Vietminh deputy prime minister and foreign minister, discussed at length the military problems involved. The conference was adjourned until Thursday, when a debate on the question of asembly zones will be heard.

These are the areas into which the opposing troops in Viet Nam would be withdrawn pending final settlement of the dispute. Delegates of Laos and Cambodia have expressed opposition to establishment of any such zones there. They insist Vietminh troops on their soil are "invaders" and must be withdrawn forthwith.

One source close to Tuesday's negotiations said the discussion of the agenda was interlaced with reversions to the procedural difficulties and no basic progress was made.

**Eden Offers Plan**

Britain's Foreign Secretary Anthony Eden put forward a procedural plan designed to iron out *some of the remaining wrinkles*, but the fate of this plan was not known.

*There was still the realization* in Western circles that many obstacles and pitfalls lie between the Geneva conference and peace in Indo-China.

There was no known indication that the Communists have accepted the Western position of priority for military problems. At any point the Communists could demand settlement of political differences, a subject with wide divergences.

**London Reassurance**

LONDON (AP)—Prime Minister Churchill told the House of Commons today the policy of the British government remains unchanged at Geneva.

"Our main object at the conference," he said, "is to bring about a helpful and fruitful result, to establish comprehending and friendly contacts with the members of the conference, to work in closest possible accord with commonwealth countries—which we are doing—to work with our Allies and, of course, with the United States, with whom we have so many precious ties."

## Inquest Set In Death Of Student, 18

### . . . Fall From Car Fatal

An informal inquest in the accident-death of Ruth Hermes, 18-year-old Concordia College student, will be held Wednesday morning in the office of the county attorney.

The Arapahoe girl died at St. Elizabeth Hospital Tuesday morning of injuries suffered in a Sunday afternoon accident in which she was riding on the front fender of a car and fell off when the car swerved to avoid a road hole.

Cause of death was given as a blood, brain hemorrhage and internal injuries The girl had also suffered a broken left leg when she slid from the fender into the path of the car, according to the accident report.

The driver of the car was Lowell Hummel, 21, also a student at Concordia. The accident took place at Pioneers Park.

The death was reported as the 115th in the state for 1954 compared to 77 for the same date in 1953. The fatality was the sixth for the county.

*Funeral services will be held* at Arapahoe Definite arrangements are pending.

Survivors include her parents, Mr. and Mrs. Ewald H. Hermes of Arapahoe, one brother, five sisters.

## Tractor Accident Kills Deshler Man

**Lincoln Star Special**

DESHLER, Neb. — Funeral services for Edward Worm, about 43, Deshler farmer killed Tuesday in a tractor mishap on his farm, will be held at 2 p.m. Thursday at Grace Lutheran Church in Hebron.

He was thrown from his tractor and crushed under it.

The farmer was found by his 12-year-old son, who discovered the tragedy upon his return to the field after his father sent him to the farm home for a thermos bottle. Worm was born and reared in the Deshler community.

Surviving are his wife and two children. The Worm farm is northwest of Deshler.

## Pellet-Gun Fired From Car; Damage To Windows Is $242

Car-borne pellet-gun vandals struck at three Lincoln business establishments Tuesday afternoon and damaged plate glass windows worth a total of $242.

At least two other windows had been damaged in a similar manner Monday night

It was reported to police that windows at the Straka Grocery, 2001 J, Wentz Plumbing Company, 1620 N, and Park Valley Golf Course, 815 No. Cotner, were damaged between noon and 3 p.m. The golf course damage time could not be placed exactly but the other two were set at 2:45 p.m. and 2:50 p.m.

The pellet was found by the grocery window [illegible] the police report in all three cases said that the missiles were fired from a moving car. No description of the car was available.

The plumbing firm and grocery store windows were each valued at $100 and the golf course window at $42.

## Nebraska School Enrollment Shows Increase To 242,000

The State Department of Public Instruction's final tabulation of reports from the 1952-53 school year Tuesday showed a total enrollment of 242,267 in the elementary and high schools of the state.

The 1951-52 total had been 233,031.

City and village elementary grades had 127,788 and rural schools had 54,170 last year. There were 60,309 in high school. There were gains in all three classifications over the preceding term.

The report listed these additional facts:

Number of classroom teachers, 12,085.

Average salary of teachers in city and village schools, $3,534 for men and $2,895 for women.

Average yearly salary for rural schools, $2,202 for men and $2,018 for women.

Per pupil cost, $204 for city and village schools, $270 for rural schools and $218 for all schools in 1952-53, compared to $199, $253 and $211 for all schools in 1951-52.

The schools of the state spent $54,003,324 to operate in the 1952-53 term, compared to $50,-511,646 in the 1951-52 term.

The total school debt in Nebraska was $37,971,948 compared to $30,050,045 in 1951-52.

The outlay for improvements last year was $7,525,616, about the equivalent to the increase in the total amount of school debt during the year.

The record of 1952-53 building included 147 new elementary classrooms, 75 new high school classrooms, 13 gymnasium-auditoriums.

"The extension of Communist colonialism to this hemisphere would . . . endanger the peace of America."

**Praise**

Dulles spoke out at his news conference amid a series of nervous reactions arising from (1) the shipment of 2,000 tons of arms from Communist-run Poland to Guatemala and (2) a State Department announcement that U. S. arms are being rushed by airlift to Guatemala's neighbors, Nicaragua and Honduras.

Dulles' statement at his news conference drew praise from Nicaraguan Ambassador Guillermo Sacasa who described it as a timely account of the significance of the Guatemala crisis "as it relates to the threat to the security of the Americas."

In Guatemala, Foreign Minister Guillermo Toriello said Dulles' remarks were "exaggerations on fantastic things." He said the purchase of arms by his country was a domestic affair which would not properly be considered by the Organization of American States (OAS), which was set up to deal with hemisphere problems.

**Concerned**

On Capitol Hill, several lawmakers expressed concern over the possibility that Red military aid to Guatemala might be the first overt step toward a Moscow-directed grab in Latin America.

Rep. Boggs (D-La) told the House that Guatemala has long been the "beachhead" for Soviet plans to take over all of South America.

Declaring the United States should consult with other American nations and take collective action, Boggs said he feared the shipment of U. S. arms to Honduras, which borders Guatemala on the south, might be a case of "too little too late."

Beggs' picture, entitled "Whoa," taken during a College View - Wilber basketball game, appeared in The Lincoln Star on Saturday, Dec. 6.

Other Lincoln winners in the contest were Ralph Fox and Bob Schupbach.

Schupbach won first place in the feature picture class with a photo, "Will They Bite?" which appeared in The Sunday Journal and Star.

Fox received honorable mention in the sports division for a picture, "This Is Basketball?" which also apeared in The Sunday Journal and Star.

The contest, sponsored by the Medill School of Journalism, Northwestern University, was held in conection with the Inland Daily Press Association meeting here.

## Toll Road Said Dependent On Investment Bankers' Verdict

Toll road possibilities were discussed pro and con as to future planning of state highways Tuesday by the State Highway Commission. It appeared to be the concensus of the committee that investment bankers will make the final decision and not the people of the state.

The commission also heard a request from the Highway Users Conference that aid be given in requiring counties to keep better records on expenditures of mail route gravelling money to insure that it is expended in accordance with the law.

Frank Brady, Atkinson, told the commission that Holt County spends 54 per cent of the money for machinery and rental rather than on improvement of the mail routes.

Questioned as to whether the county employs an engineer he said they did not because "he would take over the per diem they are now collecting." He said that while carrying on their farming operations the board managed to work for the county "23 out of 26 days in one month."

**Cites 'Good' Counties**

Herbert H. Hahn, secretary of Nebraska Petroleum marketers, Inc., explained that the complaint was not against all counties as many were doing an excellent job. He mentioned Lancaster, Phelps, Platte, and Colfax counties as doing good jobs.

Thomas P. Shanahan, Talmage attorney, said he does not believe county commissioners have been "dishonest" in spending the money.

"But there has been a lack of knowledge of the functioning of the law," he declared.

He told of rapid progress made in Otoe and Johnson counties after resort to the district court for explicit instructions to the commissioners on how the money was to be spent.

He urged a compulsory audit by state authorities of expenditure of mail route money.

State Engineer L. N. Ress pointed out that the law gave the department no control over spending of the Schroeder money.

**Toll Road Discussed**

The need for an early settlement of the toll road question was held necessary to permit future planning of highways.

The question is whether Nebraska should build a toll road where traffic volume makes it feasible or whether the state should give up the toll road idea and build a four-lane highway across the state financed with state and federal matching funds.

The three-member turnpike authority considered the question at a meeting earlier this month, but reached no conclusions.

Several searching questions were asked by Commissioner Chris Metzger of Cedar Creek.

"There isn't a chance, in my opinion, for a toll road to be fi-

## Diplomats Say Progress Made

### East And West, After Four Weeks Of Wrangling, Talk About Steps For Ending Indo-China Fighting

GENEVA (AP)—East and West, for the first time in more than four weeks of wrangling on procedure, Tuesday began to talk about concrete steps necessary to end the fighting in Indo-China.

Some Western sources reported "some progress" had been made at the day's session, the sixth held in secret. Another diplomat described the meeting as "definitely encouraging."

Much of the optimism apparently could be attributed to the fact that Soviet Foreign Minister V. M. Molotov did not repeat his demand of the previous day for the discussion of political questions.

The West, willing to discuss political aspects of an Indo-China settlement, insists that military questions be settled first.

**Adjourn Till Thursday**

Pham Van Dong, the Vietminh deputy prime minister and foreign minister, discussed at length the military problems involved. The conference was adjourned until Thursday, when a debate on the question of asembly zones will be heard.

These are the areas into which the opposing troops in Viet Nam would be withdrawn pending final settlement of the dispute. Delegates of Laos and Cambodia have expressed opposition to establishment of any such zones there. They insist Vietminh troops on their soil are "invaders" and must be withdrawn forthwith.

One source close to Tuesday's negotiations said the discussion of the agenda was interlaced with reversions to the procedural difficulties and no basic progress was made.

**Eden Offers Plan**

Britain's Foreign Secretary Anthony Eden put forward a procedural plan designed to iron out some of the remaining wrinkles, but the fate of this plan was not known.

There was still the realization in Western circles that many obstacles and pitfalls lie between the Geneva conference and peace in Indo-China.

There was no known indication that the Communists have accepted the Western position of priority for military problems. At any point the Communists could demand settlement of political differences, a subject with wide divergences.

**London Reassurance**

LONDON (AP)—Prime Minister Churchill told the House of Commons today the policy of the British government remains unchanged at Geneva.

"Our main object at the conference," he said, "is to bring about a helpful and fruitful result, to establish comprehending and friendly contacts with the members of the conference, to work in closest possible accord with commonwealth countries—which we are doing—to work with our Allies and, of course, with the United States, with whom we have so many precious ties."

## Inquest Set In Death Of Student, 18

### . . . Fall From Car Fatal

An informal inquest in the accident-death of Ruth Hermes, 18-year-old Concordia College student, will be held Wednesday morning in the office of the county attorney.

The Arapahoe girl died at St. Elizabeth Hospital Tuesday morning of injuries suffered in a Sunday afternoon accident in which she was riding on the front fender of a car and fell off when the car swerved to avoid a road hole.

Cause of death was given as a blood, brain hemorrhage and internal injuries. The girl had also suffered a broken left leg when she slid from the fender into the path of the car, according to the accident report.

The driver of the car was Lowell Hummel, 21, also a student at Concordia. The accident took place at Pioneers Park.

The death was reported as the 115th in the state for 1954 compared to 77 for the same date in 1953. The fatality was the sixth for the county.

Funeral services will be held at Arapahoe. Definite arrangements are pending.

Survivors include her parents, Mr. and Mrs. Ewald H. Hermes of Arapahoe, one brother, five sisters.

## Tractor Accident Kills Deshler Man

**Lincoln Star Special**

DESHLER, Neb. — Funeral services for Edward Worm, about 43, Deshler farmer killed Tuesday in a tractor mishap on his farm, will be held at 2 p.m. Thursday at Grace Lutheran Church in Hebron.

He was thrown from his tractor and crushed under it.

The farmer was found by his 12-year-old son, who discovered the tragedy upon his return to the field after his father sent him to the farm home for a thermos bottle. Worm was born and reared in the Deshler community.

Surviving are his wife and two children. The Worm farm is northwest of Deshler.

## Pellet-Gun Fired From Car; Damage To Windows Is $242

Car-borne pellet-gun vandals struck at three Lincoln business establishments Tuesday afternoon and damaged plate glass windows worth a total of $242.

At least two other windows had been damaged in a similar manner Monday night.

It was reported to police that windows at the Straka Grocery, 2001 J; Wentz Plumbing Company, 1620 N; and Park Valley Golf Course, 815 No. Cotner, were damaged between noon and 3 p.m. The golf course damage time could not be placed exactly but the other two were set at 2:45 p.m. and 2:50 p.m.

The pellet was found by the grocery window and the police report in all three cases said that the missiles were fired from a moving car. No description of the car was available.

The plumbing firm and grocery store windows were each valued at $100 and the golf course window at $42.

## Nebraska School Enrollment Shows Increase To 242,000

The State Department of Public Instruction's final tabulation of reports from the 1952-53 school year Tuesday showed a total enrollment of 242,267 in the elementary and high schools of the state.

The 1951-52 total had been 233,031.

City and village elementary grades had 127,783 and rural schools had 54,170 last year. There were 60,309 in high school. There were gains in all three classifications over the preceding term.

The report listed these additional facts:

Number of classroom teachers, 12,085.

Average salary of teachers in city and village schools, $3,534 for men and $2,895 for women.

Average yearly salary for rural schools, $2,202 for men and $2,018 for women.

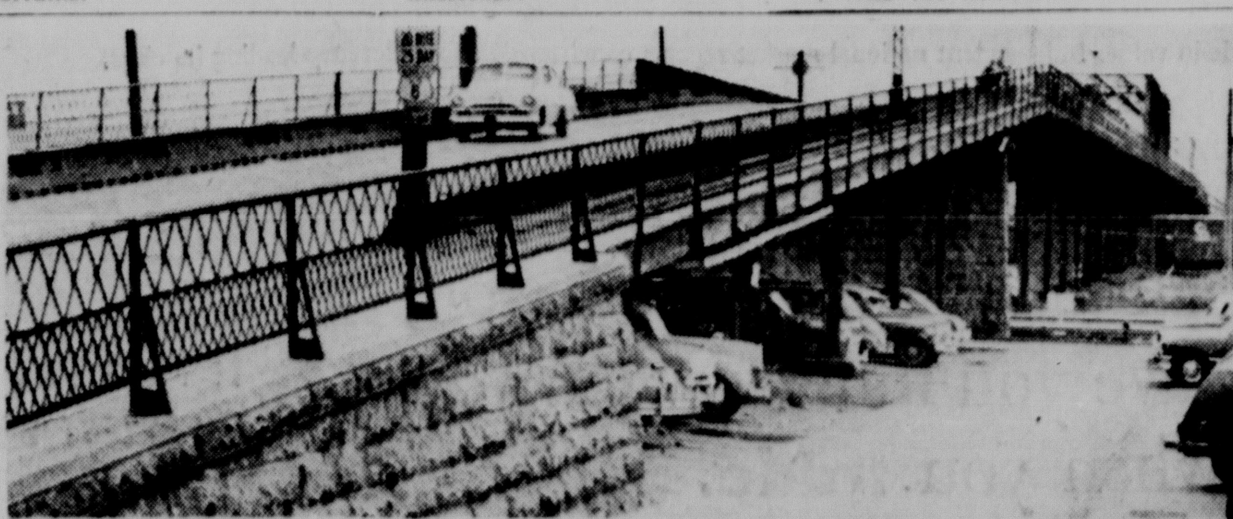
Per pupil cost, $204 for city and village schools, $270 for rural schools and $218 for all schools in 1952-53, compared to $199, $253 and $211 for all schools in 1951-52.

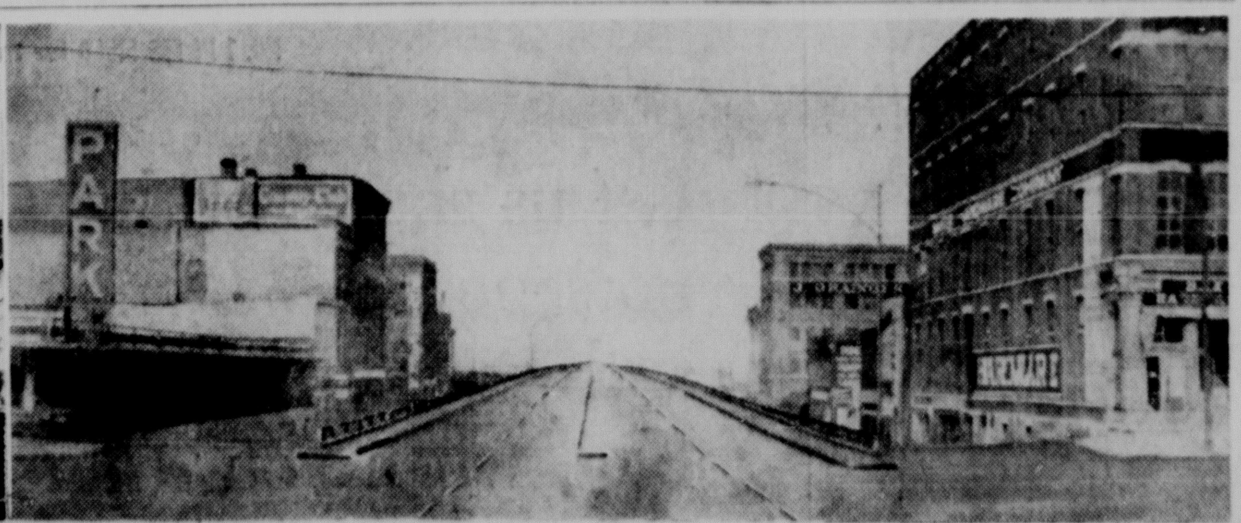
The schools of the state spent $54,003,324 to operate in the 1952-53 term, compared to $50,511,646 in the 1951-52 term.

The total school debt in Nebraska was $37,971,943 compared to $30,850,045 in 1951-52.

The outlay for improvements last year was $7,525,616, about the equivalent to the increase in the total amount of school debt during the year.

The record of 1952-53 building included 147 new elementary classrooms, 75 new high school classrooms, 13 gymnasium-auditoriums.





## O Street Viaduct Transformation Expected To Start In 1954

The present O Street Viaduct (left) will be a thing of the past if present plans to begin construction of a new viaduct (right) in 1954 are realized. State Engineer L. N. Ress said Tuesday that it was hoped the $1.5 million span would be completed by the end of the 1955 building season. Recent Congressional legislation permitting the transfer of up to 10 percent of federal primary, secondary and urban aid matching funds from one fund to another will permit the construction. ### —Army Witnesses Take Stand At Probe—

# Sen. McCarthy Turns Accuser

## He Charges Army Used 'Dishonest,' 'Phony' Chart

**By ED CREAGH**

WASHINGTON (AP)—Sen. McCarthy (R-Wis), twice accused by the Army of producing doctored exhibits in the past, turned accuser himself Tuesday and charged the Army with bringing forth a "dishonest" and "phony" chart.

Three Army witnesses—a general, a colonel and a lieutenant—testified they saw nothing dishonest about the chart, a big black and white checkered affair purportedly showing Pvt. G David Schine's absence from Ft. Dix, N.J.

But McCarthy contended to the end of a hectic day that the calendar-type chart was deliberately calculated to give the television audience a false impression that Schine had "black marks" against his record.

The Schine chart showed black rectangles or squares denoting Schine's passes from the fort. A companion chart had white squares with black lines in them to show the much smaller number of leaves granted to a "typical trainee" at Ft. Dix.

One contention of the McCarthy camp was that the same sort of symbolism should have been used in both charts to give the TV audience a fair impression.

**Joe Goes To Work**

In showman like fashion, McCarthy seized a thick black crayon and proceeded to make blacked-out areas, together with a bunch of X's, on the chart of the "typical trainee."

The Wisconsin senator brought down a gale of laughter on himself—and joined in it—at one point when he asked a witness, Lt. John B. Blount, if he didn't agree that this use of "black marks" and "white marks" was intended to fool the public.

Blount, aide to Maj. Gen. Cornelius Ryan, Ft. Dix commander, hesitated only an intant before replying

"I can give only my personal opinion, sir. In my opinion, it's just for comparative purposes—like a prize fight on television. One fighter wears dark trunks and the other fighter wears white trunks."

When the burst of laughter subsided McCarthy, still grinning, told the witness, who comes from Kingston, R.I., and won a Purple Heart in Korea

"Now I can see why you were selected as an aide to the general."

**Denial From Ryan**

Ryan himself denied seeing anything "phony" about the charts. He said he supplied the information for them himself, and declared: "I don't think anything put out by the Army is dishonest."

Finally Lt. Col. John F. T. Murray took the stand and, under McCarthy's cross-examination, took responsibility for preparing the charts and said there was no intention to suggest that the black marks on the Schine chart carried any sort of "stigma."

**BeLieu Testifies**

...Cohn said he would "investigate the heck out of the Army." (AP Wirephoto.)

Murray said the chart for the "average trainee" looked whiter because it was a rush job and there wasn't time to fill in squares with black ink, let the ink dry and do white lettering on top of the black, as was done in the previously prepared Schine chart

McCarthy wouldn't buy that, said he had assurance the black ink would dry in 10 minutes. He said he was sorry to see Murray "covering up" for the real authors of the charts — something Murray said he wasn't trying to do.

On that note ended another day of hearings in the Senate inquiry to determine whether (1) McCarthy and aids Roy M. Cohn and Francis P Carr sought by "improper means" to get preferred treatment for Schine, a former subcommittee aid, or (2) the Army used Schine in an effort to blackmail the McCarthy subcommittee out of an investigation of alleged Communist infiltration.

There were these other highlights in the testimony, as the Army neared the end of its presentation:

Gen. Ryan denied Schine got any "preferential treatment" at Ft. Dix, apart from passes designed to allow him to complete subcommittee work when he wasn't needed for military training

Col Kenneth E. BeLieu, aide to Secretary of the Army Stevens, testified he heard Cohn "blowing his top" because he was refused admittance to a secret radar laboratory at Ft. Monmouth, N J, last Oct. 21.

BeLieu repeated what Army Counsel John Adams had previously sworn to—that Cohn declared "this is war with the Army."

McCarthy declined to cross-examine BeLieu, a much-decorated infantryman who lost a leg in Korea.

The senator said it would be "a vast waste of time" to explore the Ft. Monmouth incident.

McCarthy said he himself could testify that Cohn got angry — "I would have been, too," said the senator.

## Road Problems Get Discussion

(Continued from Page One.)

nanced in Nebraska," he declared flatly. At the same time, Metzger said he is "strong for toll roads if they can be financed."

**Ress said everything would hinge on whether or not investment bankers would be willing to finance a toll road in Nebraska on the basis of available traffic.**

Ress declared he is "not opposed to toll roads at all, if they could be financed with revenue bonds."

But he added he does not believe a toll road would ever be built all the way across Nebraska.

"It might go as far as North Platte," he commented. He expressed doubt, however, that Wyoming would ever have a toll road.

Ress pointed out that the present two-year program of the state highway department carried $1,300,000 for improvements on U.S. 30 and U.S. 6 between Lincoln and Omaha. Half of this is state money.

Another $1,000,000 would provide the $1,600,000 in matching money which the state would need to put up to get the $2,400,000 available to Nebraska under a recent congressional act for use each year on interstate highway construction.

**'More For Money'**

That doesn't look like so much more than the state is putting up already for improvement of roads along the projected interstate route across the state, the commissioners agreed. And for it, Ress pointed out, Nebraska would be getting $4,000,000 worth of work a year where it now gets only $1,300,000.

"I hope the Turnpike Authority can come up with definite plans by Jan. 1, when the next legislature meets. Otherwise it would have to go over to 1957," Ress said.

It was pointed out that a considerable amount of right-of-way for the interstate route is now owned by the state. Should a toll road use any of the present route it would be necessary for them to build a parallel free road up to present state standards.

## Active Duty Slated For Virtually All ROTC Graduates

WASHINGTON (AP) — The Army announced that it will commission and call to active duty virtually all of the 16,000 Reserve Officer Training Corps graduates this year.

A small number of veterans will be commissioned in the reserve corps but not called to duty unless they so request. The vast majority of the 16,000 were permitted to complete their college educations under an agreement which deferred them from the draft.

University of Nebraska Army ROTC officials said approximately 112 reserve officers would receive their commissions on June 7. In addition, two will be commissioned in the regular Army and eight at the end of summer session or on completion of summer training camp.

## Final Polio Vaccine Here

Lancaster and Douglas County quotas of Salk vaccine for final anti-polio test shots have been received by the Nebraska State Health Department, according to Dr E. A. Rogers, state director.

The Lancaster schedule calls for the final shots among its 2,000 second grade school children the week of June 7 The initial two shots were given late in April and early in May.

Dr. Rogers also announced receipt of gamma globulin for anti-polio use in Nebraska counties not participating in the Salk tests. The 1954 supply is five times greater than last year, Dr. Rogers said Except in unusual circumstances it will not be administered in the Salk test localities.

Elsewhere its use will be left very much to the discretion of the attending physician and will not, as formerly, be restricted to the immediate families of polio sufferers.

Capa was the first American citizen photographer killed in the Indo-China War.

## Boyle Hits GOP As Half McCarthy, Half Eisenhower

OMAHA (AP) — Democratic National Committeeman Bernard J. Boyle said here Tuesday night the Republican Party is in a state of demoralization—locally, statewide and nationally.

"In founding the party, Abraham Lincoln used the slogan 'no nation can exist half free and half slave.' If the GOP is to continue to exist someone must sell it another slogan: 'We cannot exist, half-McCarthy and half-Eisenhower,'" Boyle told the Douglas County Democratic Club

Boyle and other speakers declared Democratic chances this year are the best in a decade, but Boyle added "victory will not come easily."

"It will take a lot of hard work If we can show signs of strength I can guarantee you that we will have good candidates for every office," Boyle said.

"With a united front and concerted, intensive action, you can depend on victory in November," Boyle said, adding that in the past there have been some differences of opinion within state Democratic ranks most of which have now been healed.

## Faulkner To Discuss Re-Insurance Proposal

The Eisenhower administration's proposed re-insurance bill will be discussed Wednesday noon, June 2, by E. J. Faulkner, member of the U.S. Chamber of Commerce Insurance committee.

The discussion luncheon will be held at the Chamber of Commerce building sponsored jointly by the Chamber's Insurance committee and the Lincol Action Brigade. A. A. DeTeau and Herbert C. Henderson will preside.

Faulkner, who recently testified on the measure before a congressional committee, will discuss its effect on the field of health insurance and will conduct a question and answer period afterward.

## 2 Sentenced In Dairy Burglary

James M. Horrigan, 31, of Niagara Falls, N. Y., was sentenced to 18 months in the State Penitentiary after Horrigan pleaded guilty to burglarizing the Lincoln Dairy at 1640 Holdrege.

A companion in the burglary, Robert R. Walrath, 31, of Gainsville, Tex., was sentenced to 18 months in the Men's Reformatory after pleading guilty to the same charge.

Both were employed as itinerant workers with a circus at the time of the burglary. Horrigan previously had served time in the New Mexico penitentiary for car theft, according to the records.

—Army Witnesses Take Stand At Probe—

# Sen. McCarthy Turns Accuser

## He Charges Army Used 'Dishonest,' 'Phony' Chart

By ED CREAGH

WASHINGTON (AP)—Sen. McCarthy (R-Wis), twice accused by the Army of producing doctored exhibits in the past, turned accuser himself Tuesday and charged the Army with bringing forth a "dishonest" and "phony" chart.

**BeLieu Testifies**

...Cohn said he would "investigate the heck out of the Army." **(AP Wirephoto.)**

Three Army witnesses—a general, a colonel and a lieutenant—testified they saw nothing dishonest about the chart, a big black and white checkered affair purportedly showing Pvt. G. David Schine's absence from Ft. Dix, N.J.

But McCarthy contended to the end of a hectic day that the calendar-type chart was deliberately calculated to give the television audience a false impression that Schine had "black marks" against his record.

The Schine chart showed black rectangles or squares denoting Schine's passes from the fort. A companion chart had white squares with black lines in them to show the much smaller number of leaves granted to a "typical trainee" at Ft. Dix.

One contention of the McCarthy camp was that the same sort of symbolism should have been used in both charts to give the TV audience a fair impression.

### Joe Goes To Work

In showman like fashion, McCarthy seized a thick black crayon and proceeded to make blacked-out areas, together with a bunch of X's, on the chart of the "typical trainee."

The Wisconsin senator brought down a gale of laughter on himself—and joined in it—at one point when he asked a witness, Lt. John B. Blount, if he didn't agree that this use of "black marks" and "white marks" was intended to fool the public.

Blount, aide to Maj. Gen. Cornelius Ryan, Ft. Dix commander, hesitated only an intant before replying:

"I can give only my personal opinion, sir. In my opinion, it's just for comparative purposes—like a prize fight on television. One fighter wears dark trunks and the other fighter wears white trunks."

When the burst of laughter subsided McCarthy, still grinning, told the witness, who comes from Kingston, R.I., and won a Purple Heart in Korea:

"Now I can see why you were selected as an aide to the general."

### Denial From Ryan

Ryan himself denied seeing anything "phony" about the charts. He said he supplied the information for them himself, and declared: "I don't think anything put out by the Army is dishonest."

Finally Lt. Col. John F. T. Murray took the stand and, under McCarthy's cross-examination, took responsibility for preparing the charts and said there was no intention to suggest that the black marks on the Schine chart carried any sort of "stigma."

Murray said the chart for the "average trainee" looked whiter because it was a rush job and there wasn't time to fill in squares with black ink, let the ink dry and do white lettering on top of the black, as was done in the previously prepared Schine chart.

McCarthy wouldn't buy that, said he had assurance the black ink would dry in 10 minutes. He said he was sorry to see Murray "covering up" for the real authors of the charts — something Murray said he wasn't trying to do.

On that note ended another day of hearings in the Senate inquiry to determine whether (1) McCarthy and aids Roy M. Cohn and Francis P. Carr sought by "improper means" to get preferred treatment for Schine, a former subcommittee aid, or (2) the Army used Schine in an effort to blackmail the McCarthy subcommittee out of an investigation of alleged Communist infiltration.

There were these other highlights in the testimony, as the Army neared the end of its presentation:

Gen. Ryan denied Schine got any "preferential treatment" at Ft. Dix, apart from passes designed to allow him to complete subcommittee work when he wasn't needed for military training.

Col. Kenneth E. BeLieu, aide to Secretary of the Army Stevens, testified he heard Cohn "blowing his top" because he was refused admittance to a secret radar laboratory at Ft. Monmouth, N.J., last Oct. 21.

BeLieu repeated what Army Counsel John Adams had previously sworn to—that Cohn declared "this is war with the Army."

McCarthy declined to cross-examine BeLieu, a much-decorated infantryman who lost a leg in Korea.

The senator said it would be "a vast waste of time" to explore the Ft. Monmouth incident.

McCarthy said he himself could testify that Cohn got angry — "I would have been, too," said the senator.

# Road Problems Get Discussion

(Continued from Page One.)

nanced in Nebraska," he declared flatly. At the same time, Metzger said he is "strong for toll roads if they can be financed."

**Ress said everything would hinge on whether or not investment bankers would be willing to finance a toll road in Nebraska on the basis of available traffic.**

Ress declared he is "not opposed to toll roads at all, if they could be financed with revenue bonds."

But he added he does not believe a toll road would ever be built all the way across Nebraska.

"It might go as far as North Platte," he commented. He expressed doubt, however, that Wyoming would ever have a toll road.

Ress pointed out that the present two-year program of the state highway department carried $1,300,000 for improvements on U.S. 30 and U.S. 6 between Lincoln and Omaha. Half of this is state money.

Another $1,000,000 would provide the $1,600,000 in matching money which the state would need to put up to get the $2,400,000 available to Nebraska under a recent congressional act for use each year on interstate highway construction.

### 'More For Money'

That doesn't look like so much more than the state is putting up already for improvement of roads along the projected interstate route across the state, the commissioners agreed. And for it, Ress pointed out, Nebraska would be getting $4,000,000 worth of work a year where it now gets only $1,300,000.

"I hope the Turnpike Authority can come up with definite plans by Jan. 1, when the next legislature meets. Otherwise it would have to go over to 1957," Ress said.

It was pointed out that a considerable amount of right-of-way for the interstate route is now owned by the state. Should a toll road use any of the present route it would be necessary for them to build a parallel free road up to present state standards.

## Navy Blimp Lands

KEY WEST, Fla. (AP)—More than eight days after it went aloft on an anti-submarine test mission, a new-type Navy blimp finally landed Tuesday with new world endurance records for crew and aircraft.

The 342-foot craft, the world's largest non-rigid airship, settled down at the Boca Chica Naval Air Station 200 hours and four minutes after it began the record-making flight

## Figuhr Elected

SAN FRANCISCO (AP)—The Quadrennial Conference of Seventh-Day Adventists—a meeting many members predict may be the last "due to the imminent end of the world"—Tuesday elected Reuben Richard Figuhr as new world president of the church.

Elder Figuhr, whose headquarters are in Washington, D. C., succeeds Elder William H. Branson as head of the Adventist Church, now established in 177 countries. Branson voluntarily retired as president due to ill health.

## Selassie In U.S.

NEW YORK (AP) — Emperor Haile Selassie, who led Ethiopia in its 1935 war with Italian Fascism, arrived in the United States Tuesday. But it took 10 years to get him here.

The late President Roosevelt invited him first in 1944 and President Eisenhower renewed the invitation nearly a decade later. No Ethiopian emperor ever had visited this country.

## Complete Accord

MANILA (Wednesday) (INS)—Creation of a joint council to implement the U. S.-Philippines Mutual Defense Treaty was announced by Secretary of Defense Charles E. Wilson and Philippines President Ramon Magsaysay.

A joint announcement said Wilson and Magsaysay were "in complete agreement" that the time has come for formal consultations between the United States and the Philippines under Article 3 of the defense pact.

## Integration Asked

WASHINGTON (INS)—Superintendent of Schools Hobert M. Corning asked the District of Columbia school board to begin gradual integration of public schools next September and conclude the process within a year.

Dr. Corning presented his program to the board of education at a special meeting. The board later voted to consider his recommendations on June 2.

## Boost To Vets OK

WASHINGTON (AP)—The House Veterans Committee Tuesday approved a 10 per cent increase in monthly compensation for disabled veterans and dependents.

The cost of living boost, if finally approved by Congress, will affect 2,036,000 veterans and will cost an estimated 170 million dollars the first year.

# Active Duty Slated For Virtually All ROTC Graduates

WASHINGTON (AP) — The Army announced that it will commission and call to active duty virtually all of the 16,000 Reserve Officer Training Corps graduates this year.

A small number of veterans will be commissioned in the reserve corps but not called to duty unless they so request. The vast majority of the 16,000 were permitted to complete their college educations under an agreement which deferred them from the draft.

University of Nebraska Army ROTC officials said approximately 112 reserve officers would receive their commissions on June 7. In addition, two will be commissioned in the regular Army and eight at the end of summer session or on completion of summer training camp.

# Final Polio Vaccine Here

Lancaster and Douglas County quotas of Salk vaccine for final anti-polio test shots have been received by the Nebraska State Health Department, according to Dr. E. A. Rogers, state director.

The Lancaster schedule calls for the final shots among its 2,000 second grade school children the week of June 7. The initial two shots were given late in April and early in May.

Dr. Rogers also announced receipt of gamma globulin for anti-polio use in Nebraska counties not participating in the Salk tests. The 1954 supply is five times greater than last year, Dr. Rogers said. Except in unusual circumstances it will not be administered in the Salk test localities.

Elsewhere its use will be left very much to the discretion of the attending physician and will not, as formerly, be restricted to the immediate families of polio sufferers.

# FAMED WAR CAMERAMAN CAPA KILLED

## ...Indo-China War

HANOI, Indo-China (AP) — French Army headquarters announced Tuesday night Robert Capa, widely known Hungarian-born American photographer, was killed Tuesday in a land mine explosion while covering the Indo-China war front.

**Robert Capa**

The announcement said he died in the blast of an enemy Vietminh mine near Phuly, an active war area 30 miles south of Hanoi.

A native of Budapest, Capa was widely known for his wartime work for Life Magazine and long had lived in Paris. He came to Indo-China two weeks ago to augment the Life staff here.

Capa was the first American citizen photographer killed in the Indo-China War.

# Boyle Hits GOP As Half McCarthy, Half Eisenhower

OMAHA (AP) — Democratic National Committeeman Bernard J. Boyle said here Tuesday night the Republican Party is in a state of demoralization—locally, statewide and nationally.

"In founding the party, Abraham Lincoln used the slogan 'no nation can exist half free and half slave.' If the GOP is to continue to exist someone must sell it another slogan: 'We cannot exist, half-McCarthy and half-Eisenhower,'" Boyle told the Douglas County Democratic Club.

Boyle and other speakers declared Democratic chances this year are the best in a decade, but Boyle added "victory will not come easily."

"It will take a lot of hard work. If we can show signs of strength I can guarantee you that we will have good candidates for every office," Boyle said.

"With a united front and concerted, intensive action, you can depend on victory in November," Boyle said, adding that in the past there have been some differences of opinion within state Democratic ranks most of which have now been healed.

# Faulkner To Discuss Re-Insurance Proposal

The Eisenhower administration's proposed re-insurance bill will be discussed Wednesday noon, June 2, by E. J. Faulkner, member of the U.S. Chamber of Commerce Insurance committee.

The discussion luncheon will be held at the Chamber of Commerce building sponsored jointly by the Chamber's Insurance committee and the Lincol Action Brigade. A. A. DeTeau and Herbert C. Henderson will preside.

Faulkner, who recently testified on the measure before a congressional committee, will discuss its effect on the field of health insurance and will conduct a question and answer period afterward.

# 2 Sentenced In Dairy Burglary

James M. Horrigan, 31, of Niagara Falls, N. Y., was sentenced to 18 months in the State Penitentiary after Horrigan pleaded guilty to burglarizing the Lincoln Dairy at 1640 Holdrege.

A companion in the burglary, Robert R. Walrath, 31, of Gainsville, Tex., was sentenced to 18 months in the Men's Reformatory after pleading guilty to the same charge.

Both were employed as itinerant workers with a circus at the time of the burglary. Horrigan previously had served time in the New Mexico penitentiary for car theft, according to the records.

# Maybank Stand Could Mean Defeat For Ike Housing Program

## ...Senator To Oppose New Plan

WASHINGTON (AP) — Sen. Maybank (D-SC), long a powerful advocate of low-cost public housing, Tuesday announced he would oppose any new public housing program because of a Supreme Court decision Monday.

The high court refused to review a lower court ruling which held that three negroes were entitled to admission to a public housing project in San Francisco built for families of Italian extraction. Thus the lower court decision stands.

In a brief statement, Maybank, senior Democrat on the Senate Banking Committee, said:

"I regret that the Supreme Court decision . . . makes it impossible for me, believing in local government, to support any public housing. I therefore oppose any public housing program."

### 35,000 Asked

It was understood that Maybank was speaking for most if not all Southern senators in his brief statement. Opposition of Southern Democrats and some Republicans who have been traditionally opposed to public housing could mean defeat for President Eisenhower's public housing program.

The President has asked a four-year, 35,000 unit a year program The House refused to vote any public housing in its housing bill. The Senate Banking Committee has tentatively approved a program which would allow Eisenhower to ask Congress for as many as 200,000 units a year.

Somewhat ironically, it was Maybank himself who made the motion to adopt this broad public housing program, which in effect would reinstate the 1949 public housing authorization subsequently killed by action of the House Appropriations Committee.

### First Authorities

Maybank could not immediately be reached for comment.

When Maybank was mayor of Charleston, S.C., he created one of the first authorities in the United States to build public housing under the National Housing Act.

The housing program basically is one of federal aid to make up the difference between maintenance costs of public housing projects for which rents are fixed well below cost. The projects are built with the proceeds of bonds sold by local public housing authorities.

The Supreme Court Monday turned down an appeal by the San Francisco housing authority from a California lower court ruling that a policy of racial segregation in public low-rent housing projects violated the constitutional guarantee of equal protection of the laws.

San Francisco city and county had separate housing projects for whites, Negroes and Chinese.

## Man Admits Cream Theft Worth $5,554

Melvin B. Turner, 28, of Fairbury and formerly of Lincoln has pleaded guilty in District Court to a charge of grand larceny.

The county attorney filed a complaint againt Turner charging he stole $5,554 worth of cream from Fairmont Foods Dairy in Lincoln over a period of two years when he worked at the dairy. Turner was employed at the time as a pasteurization operator.

According to Elmer Scheele, deputy county attorney. Turner secreted the cans of cream after he got to work at 4 a.m. before other employees arrived for the day. After he got off work shortly after noon. Scheele said, Turner would go around to other dairies or small towns and sell the stolen cream.

Turner has lived in Fairbury since last March. He was returned to Lincoln Monday.

Sentence was deferred pending investigation of the case by Chief Adult Probation Officer George Meyer.

# Time For Decision

Nebraska cannot delay indefinitely in making a decision on whether to attempt to build a toll road, we are told. Instead of clarifying the atmosphere, the legislation adopted at the last session of the Unicameral looking towards a toll road authority with wide powers seems only to have confused long-range planning. The choice—if it gets down to a choice—is a toll road program or a four-lane highway to be constructed across the state, financed by federal and state funds when those revenues become available.

So far as a toll road is concerned, it is not an easy decision to make. A great deal of information could be desired before arriving at any decision — information particularly bearing upon financial feasibility—but also any toll road program hinges to some extent upon what is done in neighboring states.

In the Midwest Nebraska seems to be about as far advanced as any of her neighbors in toll road planning.

That is only a part of present highway discussion.

The State Advisory Highway Commission had before it a suggestion that the State Highway Department should be allowed to supervise use of mail route graveling funds by the counties. It was regrettable that the father of the mail route graveling program, Sen. Schroeder, was so non-receptive to amendments which his legislative colleagues thought were advisable. But in that session of 1947, it was largely a case of taking the law as it had been written or leaving it. Some of the difficulties now developing could have been avoided had the original Schroeder Act received more careful attention.

If the State Advisory Highway Commission undertakes a study of it, it may want to make recommendations to the next Legislature.

# Each Whimsical Wind

On Monday the headlines proclaimed that the outlook for a Southeast Asia defense program had improved as a result of conferences over the week end between Premier Winston Churchill and British Foreign Minister Anthony Eden. Eden wes returning to Geneva with a stiffened upper lip unless Moscow and Communist China were willing to get down to business.

On Tuesday the headlines reported mounting tension among the South American republics as the United States rushed light weapons to two Guatemalan neighbors, Nicaragua and Honduras. The shipment of American arms was a part of the mutual defense assistance pact signed recently. Simultaneously a Chicago Tribune correspondent reported war was imminent between Honduras and Guatemala.

At the bottom of all this was the chief concern over the Panama Canal.

In Washington Secretary of State Dulles said Tuesday that one possible objective of the Communist shipment of arms last week, a shipment amounting to 2,000 tons valued at $10 million which had made Guatemala the dominant military power in Central America, may represent a program to build up a Communist bastion near the canal.

This is only a condensed review of the whimsical winds shaping American foreign policy in recent days. We have traveled far since the welcome news of a truce in the Korean fighting. We say "welcome" because in that area it put an end to bloodshed even though at this date there has been no progress in the effort to reach a permanent settlement of the Korean problem.

Secretary of State Dulles—and over him, the President—are the authors of their own troubles to the extent that they discounted and underestimated the truly great difficulties with which any American secretary of state must deal today.

# *Of Men And Things*

By J. E. LAWRENCE

**After lauding the hard-bitten, commonsense spirit which inspired a Republican pre-primary convention in Fremont Monday to be done with this business of endorsing candidates, it appears we were a bit premature. Common sense—and we might add, a basic candor—flew out the window later in the day when the same convention gave approval to a resolution commending Sen. Joe McCarthy.**

★

**Test Of Lung Capacity**

Actually it started out to be a test of lung capacity. The presiding officer at the convention called for a voice vote. Naturally the McCarthy partisans and all those who do not care for McCarthy tried to outshout each other, one roar falling on the heels of another. The chairman then called for a standing vote. Some stood up, others remained seated — but quite conspicuously quite a number of the delegates did not vote either way. They simply ducked the opportunity to express themselves, so neither side had a clear-cut majority. On standing vote the chairman said the resolution was carried, and Sen. Joe had a bouquet in his hands from a convention which previously had seized President Eisenhower's coattails in lusty grip to hang tenaciously to them all day. Well, wonders never cease—and that can be said over and over again when it comes to a political convention. Mr. Eisenhower and those back of him belatedly have been trying to establish that they do not like Joe or his methods. The present squabble between the Army and McCarthy has brought that out rather clearly—with Joe turning heaven and earth to demonstrate that some deep-laid plot hatched in the White House was directed against him. But the delegates to the state pre-primary convention were playing it safe—they liked Ike—they liked Joe—in fact, everything was love and kisses until it came to Terry Carpenter, possibly.

★

**A short-lived attempt to put the finger on "Terrible Terry" died, but not before one delegate had said something about "mugwumps." Just who he had in mind, he did not identify by name, although around the convention hall itself, there seemed to be the notion he was shooting at Terry.**

★

**Catch 'Em Coming And Going**

Up in Wisconsin, a frenzied campaign has been in progress to get enough petition signers to raise the issue of a recall of Sen. McCarthy. Though the campaign may fail, its amazing, gathering momentum has surprised a great many people—that is, apparently outside the ranks of the GOP in Nebraska. McCarthy's neighbors in Wisconsin, who ought to know him best, seem to have the idea that Joe is adding to Ike's troubles. The man who initiated the recall petitions was an ardent McCarthy supporter until the latter took picks upon the Eisenhower administration. Should Wisconsin decide it does not want McCarthy (most unlikely), then Joe should take consolation that he has a political haven here in Nebraska. We assume that the news of the approval of a resolution for McCarthy traveled far and wide all over the country. If that was the case, Nebraska's GOP in its pre-primary convention can lay to it in full confidence that its action contributed to no little head-scratching when the headlines were perused. That action at Fremont does not conform to the pattern of recent days. The effect may be beautiful but it is a little bit incredible to find Eisenhower and McCarthy woven into the same pattern.

★

**Our observer at Fremont reports that Bob Crosby stole the show, outshadowing Rep. Carl Curtis and former State GOP Chairman Dave Martin. He thought Gov. Crosby had retrieved some of his political fortunes badly in need of repair. If Rep. Curtis has the rumored support of Sen. Butler's organization in the senatorial primary joust, Bob will need all the breaks. And that, of course, ignores Terry. Any well-disciplined party may decide to ignore Terry, but Terry is not easily ignored.**

# O Street Viaduct

The people of Lincoln got good news Tuesday when State Engineer L. N. Ress announced the West O Street viaduct will be rebuilt within the next 18 months.

Particularly pleasing was Mr. Ress' statement that his department hopes to have the contract awarded before the close of 1954, and the job of reconstruction completed by the end of 1955.

Thus ends a long campaign on a joyous note. While a new modernized West O Street viaduct was of primary concern to the citizens of the Nebraska Capital, it was of interest to all the people of the state since it furnishes one of the main approaches to the state capital and daily is subject to heavy traffic. All of the financing details have not been completed. The railroads, which will benefit through a rebuilt viaduct, will contribute 10 per cent or $150,000 of the total cost. The city itself will be expected to look after any costs arising in connection with condemnation proceedings related to the approaches.

The remainder will come from highway funds.

Few developments could contribute more to the sightliness of Lincoln's environs, and more important, to public safety.

# To Secretaries

Celebrating special weeks is an old American custom that no one does much about. And it cannot be gainsaid that half of the special weeks could be eliminated without threatening the foundations of our society. But now and then one of the lesser known weeks deserves greater prominence. One of them is happening currently. It is American Secretaries Week.

It is devoted to that unusual person who sits in the outer office of the important man and holds his business together, as well as his wits and his reputation for being a go-getter.

A great deal is said about American enterprise and attention is given to the plumed knights who make the big decisions. But plumed knights are notoriously poor housekeepers. And it is doubtful whether American enterprise would have ever gotten very far if it had not been for the quiet competence of the secretaries.

It is well illustrated by the first secretarial legend. King Alfred let the cakes burn while he was thinking about restoring his kingdom. If a lady hadn't taken over the job after fetching him a couple of whacks on the head, he wouldn't have got back his kingdom, either.

# Looking Backward

King Ibn Saud is buying a specially built American car with gold initials and other accessories and it will cost him $32,000. It serves to remind the American people that they haven't been up against such car prices since the war and that gold initials are no longer costly nor in fashion.

# *Emperor Selassie And Recurring War Trend*

**(Editor's Note — Drew Pearson's column today takes the form of a letter to his daughter, Mrs. George L. Arnold, regarding some of the problems of the world that bother all of us.)**

Washington, D.C.
May 24, 1954

Dear Daughter:

Your second son is playing on the floor near my typewriter while I have been trying to write a column. I am not making much progress. I am trying to write something about Emperor Haile Selassie of Ethiopia who arrives in Washington this week, and about as far as I've got is the emperor's title: "King of the Kings of Ethiopia, Lion of Judah, the Elect of God."

It's a wonderful title, but about the time I get that much written, Georgie has to have his plastic lawn-mower fixed or wants me to fit his picture puzzle in the right place. I've tried to tell your son that I'm a busy man, but he seems to know that he can get most anything he wants out of his grandfather. Also he doesn't seem much impressed with the emperor of Ethiopia.

And as a three-year-old I don't particularly blame him. Yet I was thinking that Haile Selassie, to a considerable extent, had a lot to do with events leading up to a war that eventually sent Georgie's father with the Marines to Iwo Jima. If Haile Selassie had had his way, that war never would have happened. And the fact that he lost his effort to stop war, in a sense, really marked the beginning of World War II.

☆ ☆ ☆

And with his visit to the United States I can't help looking off in the direction of Indo-China and wondering whether we aren't headed for another war in another distant part of the world, which may affect the life of the small boy who at this particular moment is poking a long stick at the dog crouched under my desk.

**For the peace machinery of the world seems gradually to be breaking down, just as it broke down when the emperor of Ethiopia appealed to the world 20 years ago.**

You won't recall it, but Ethiopia at that time was the pawn of England, France and Italy. And just as France and the Red forces are locked in mortal combat for the rice fields and raw materials of Indo-China today, so the great powers of Europe eyed—and one of them later conquered—Ethiopia.

That was why Haile Selassie, recognizing the United States as the only power without territorial greed 20 years ago, sought our moral strength to protect the independent right of his Abyssinians to till their fields with wooden plows if they wanted to and to hunt lions with spears instead of Italian bullets.

He got our support—in theory—but not in fact. For when Mussolini sent his black-shirts storming across the peaceful plateau of Ethiopia, the United States did try to rally public opinion against aggression, and did co-operate with the wobbly League of Nations to impose an economic boycott against the Fascist aggressor.

**But we did not do much about enforcing the boycott. We even took deliberate steps to weaken it. For, when the big American oil companies pressured the State Department, we weakly agreed that oil would not be subject to the embargo. In brief, we were willing to let Mussolini get all the gasoline his planes needed, all the diesel oil for his tanks and fuel oil for his navy. And so did the British.**

So Ethiopia was conquered. The war was soon over. Most disastrous of all, the League of Nations' effort to stop war by economic punishment had fizzled.

☆ ☆ ☆

Well, it took six years of bloody fighting in a world war that extended from the Arctic to the South Pacific to rectify this and other wrongs by dictator nations over little nations.

But the tragedy is that, whereas every small nation in the world once trusted us and wanted our support and guidance as did Abyssinia one generation ago, this is not the case today. Today we've got our signals crossed, our metaphors mixed and our feet muddy with the stain of imperialism. We didn't mean to get snarled up that way, but it's a fact, we have

In Indo-China, for instance, we have let ourselves get sucked into the position of being the champion of a French colonialism that was rotten and decadent. And though you and I know that we don't champion imperialism, the world doesn't know it. For we have never properly clarified our position; so most of the world—poorly informed at best and fooled by Communist propaganda at worst—thinks we are.

**In defending Haile Selassie 20 years ago, the world knew we were on the side of justice. But in defending Indo-China, the world thinks we're on the side of the oppressor.**

They think of us as a nation which fought for independence against a foreign master, 178 years ago and issued a great human document—the Declaration of Independence—to inspire others. And they having inspired others, they think we have deserted the ideals that made us.

☆ ☆ ☆

The final tragedy is that we have been letting the world's peace machinery distintegrate right under our very nose, right in Manhattan where we placed the United Nations so we could guard and protect it.

**So, when Haile Selassie comes to town this week, I'll think back to the days when he was a slender, pathetic figure standing before the League of Nations pleading his country's cause, and standing very much alone.**

Well, the "King of Kings and Lion of Judah" is back on the throne now, a wise and kindly ruler. And I hope his coming here will make us remember his lesson, and, profiting by it, return to building up the peace machinery we have of late neglected.

Georgie is absorbed with his puzzle now. I told him about his week-old brother, and he is anxious to get home to see him—a couple of more reasons why we must strengthen the peace machinery of the world.

Love,
Daddy

# *ILO Skeptical Of Russian Advances*

GENEVA—International conferences move on and off the Geneva stage with the cycle of war and peace. But there is one international group that has survived all the upheavals of the past 35 years to set a remarkable example of world co-operation.

The International Labor Organization was created in 1919 under Article 13 of the Versailles treaty. It was in large part the brain child of Samuel Gompers, founder of the American Federation of Labor, who was chairman at the Versailles conference of the committee that proposed the ILO.

When the war that began in 1939 rang down the curtain on the old League of Nations, the ILO was the only surviving organization. Just before the outbreak of war made travel across boundaries impossible, 45 of the top personnel of the ILO escaped to Canada and there set up offices that functioned until 1945.

**That year at San Francisco the old league was officially liquidated and the United Nations took its place. Over strong objection by Soviet Russia, the ILO was the only survivor among the organizations that had operated under the league.**

☆ ☆ ☆

In this postwar era with so much stress put on technical assistance to underdeveloped countries ILO has greatly expanded its work in the field of productivity. Production centers either have been set up or are being set up in India, Egypt, Libya and Brazil.

In still other parts of the world the ILO is helping to cope with serious special problems. In Latin-America, concentrated for the most part in Bolivia, Ecuador, Peru and Mexico, are some 12,000,000 Indians who have no place in the civilization around them.

ILO is doing all the technical work for the European coal and steel pool, preparing the treaties that will make it possible for labor to move from one country to another and from one social security system to another. The organization has made the only official and thoroughly documented report on slave labor with a great deal of the report devoted to the vast slave labor camps in the Soviet Union.

☆ ☆ ☆

**This raises the question why at this point Russia should suddenly decide to join the ILO. Two theories are being advanced by those studying what little evidence there is. The first and most obvious theory is that this is part of the new post-Stalin look—another inexpensive gesture demonstarting a professed desire for the peaceful co-existence of the Communist and non-Communist halves of the world.**

The second theory has more ominous overtones and is probably closer to the truth. This is that the Soviet Union has come into ILO to break up a useful international body that has demonstrated how practical and effective co-operation can be at certain levels. Using familiar divisive tactics, the Kremlin's representatives on ILO could do great harm, including even perhaps splitting the organization.

☆ ☆ ☆

Interestingly enough, all the satellite states, not excepting even the smallest satellite, Albania, have continued their adherence to ILO although Moscow has until the other day stayed outside. If the Soviet should start a splitting movement, these satellite representatives would be forced to follow the lead of big brother however much they might want to take another course. Waverers between the two poles also would be torn in such a controversy. Thus the cold war carried into what has been a more or less noncontroversial and practical organization could do great harm.

**ILO officials are frankly disturbed by this prospect. But they are determined to do everything they can to keep this quarrel from wrecking ILO.**

Already the storm signals have gone up and the first sign of trouble will find the governing body ready to meet it. The non-Communist nations have seen how ILO can help solve basic social problems and they will do their best to see that it is not destroyed.

### *World Santa Claus*

Lincoln, Neb.

To the editor of The Lincoln Star: Noted in the morning Star that the state Republican party took a back-handed slap at the veteran. There are hundreds of us who are not able to work, who are permanently and totally disabled insofar as earning our living is concerned. But we are compelled to eke out a starvation living on a very small amount now. The Democrats gave us very little and now the Republicans want to give us less. We gave our all when the country needed us. Yearly we ship into the U. S. A. hundreds of thousands of displaced folks and give them jobs while the veterans go without. Are we Santa Claus to the world?

"He that provideth not for his household and those thereof hath denied the faith and is worse than an infidel."

### *Proposed Changes*

Lincoln, Neb.

To the editor of The Lincoln Star: After looking over the Ways and Means Committee's social security revisions, I find that as always the people on old age and survivors insurance rolls, the ones who need the most, get the least—a raise of $5 per month in the lower brackets to $13.50 for those in the higher brackets. It was reported that the President recommended this, and if so, he isn't thinking of those the most in need. With living costs soaring weekly, the President should make another guess on the needs of the people.

### *Fears Within Fears*

Blair, Neb.

To the editor of The Lincoln Star: It is a bit boring to note Republican Sen. Mundt, predicting that the Army-McCarthy hearings would be terminated within a week or 10 days. About as accurate as the Eisenhower administration prediction a year ago that within three months they would force a settlement of the now almost forgotten Korean truce.

If McCarthy — who seems to completely dominate Mr. Mundt, Mr. Dirksen, and Mr. Potter (Republicans on the investigating committee) — finally decides that he will testify, it would be my humble guess that it would take a week or 10 days to tie McCarthy down to the correct spelling of his name, to say nothing of what it would take to get him to admit to anything except that he is a little tin god.

There is one person in the United States who McCarthy actually fears to offend. That is Mr. Eisenhower—who himself fears to do anything about Mr. McCarthy's fear.

### *According To Figures*

Brock, Neb.

To the editor of The Lincoln Star: Gov. Crosby contends that he slashed state property taxes two and a third million dollars the first year of his term. Included in this figure is one million dollars for over-ceiling medical costs which were transferred to counties. When he was pleading for this legislation, he pointed out it would not be a saving, but would merely transfer the costs to the county taxpayers. Now he is including the figure in his senatorial campaign propaganda.

Crosby also contends that a survey of assistance medical costs in 18 counties indicates a saving of at least $500,000 to taxpayers throughout the state due to transferring the costs to the counties. The medical program was entirely inadequate under state control, which means that if its cost has now been reduced by half, the program is twice as inadequate as before.

In other words, Crosby is trying to use the dollars which have been saved by the increased sacrifice and misery of sick and helpless assistance recipients as a rung in the ladder for his climb to political success. And you can't climb much lower than that!

### *Dense Ground Fog*

Upland, Neb.

To the editor of The Lincoln Star: Please pass the aspirins, or is it just a dense ground fog? The road ahead is certainly very dim. Ike, the great organizer—peace at any price—the unconditional Korean surrender that turned loose the hordes of so costly acquired murderous prisoners who are just as much our enemies today as ever. No doubt there is a 17-year-old high school student in each of our 93 counties who has judgment enough to know that our position at Geneva and Korea is hopeless.

Truman at least had gumption enough to tell Stalin to qualify his words with deeds before he would be interested. But with Ike, Nixon, Hall, McCarthy, Benson, etc., we are and we are not—we will and we won't—and as the GOP chairman said, nine months after Ike took office, he sttill had said nothing one could stick his teeth in. In other words, the world is waiting to know who is leading them and us, and where to. Beautiful words only confuse us; sound facts are long overdue.

The $64 question is: "Who is who?"

All of our actions so far have been in accord with Russia's wishes—to keep us fighting somewhere with other nations and keep us spending while they build up, and when circumstances warrant, they call an armistice and when ready, start all over again. Generals worthy of their name will not fight limited wars. Honorable nations will not draft the cream of their youth and figure them expendable, but will go all-out to protect them and keep them out of enemy prisons.

In regard to Ike and the 100 per cent parity which he did or did not guarantee—who was it who made that impassioned speech at Boston the night before election, the last words of which we quote: "And you farmers, I guarantee you 100 per cent parity (pause) at the market place."

A senseless, impossible promise.

# POSTCARD

By STAN DELAPLANE

Well, April in Portugal brought the showers which brought the flowers that bloom in May. Just as the song predicted.

After serious research, I find that love flourishes here just like everywhere else. Only with different ground rules. Boy does not meet girl at dances. For there are no dances. A boy must follow the young lady discreetly to her home. He then sends a servant to her servant.

The servants have a glass of wine together.

"Nice weather we are having," says the boy's servant.

"So it was April in Portugal and now it is May. What's on your mind? says the girl's lackey.

"Well," says the boy's man, "the keed in our household is troubled with saudade. Which, as you know, is another way of saying he is mighty young and sentimental. He is that way about your dolly."

"For a couple of escudos I could leave the window open," says the other.

"Boys will be boys," says the young man's man. "Have another belt of the vinho."

☆ ☆ ☆

The window is left open so the young lady can hear. The young man gets a couple of guitar players under the window in the evening.

They tune up with a fado which is a sad Portugese song. Full of aching hearts and, I gather, a good deal like: "They Tried to Tell Us We're Too Young."

The young lady listens. Sometimes she flings a rose.

**"But," says my source, "he is never invited into the house until their parents meet and arrange a marriage."**

**It is rough on love in Portugal.**

# *Reese Committee Hits Foundations*

WASHINGTON—In the guise of an investigation of tax-exempt foundations, education and the intellectuals of this country are under fire before a special House committee headed by Rep. Carroll Reece (R) of Tennessee.

The foundations in themselves are legitimate targets of congressional inquiry because of the immense tax privileges they enjoy. The Reece committee, however, has subordinated the broad questions of their economic advantage and social utility to the one narrow issue of whether they are, perhaps unknowingly, promoting subversive and socialistic teachings. The committee counsel and the witnesses thus far called seem to believe that they have done this.

Thus the Republican leadership of the House is in the position of having supported the substantial appropriation of $115,000 to allow Rep. Reece to put on the defensive such institutions as the Ford, Rockefeller and Carnegie Foundations. They are being put on the defensive, furthermore, in the delicate area of patriotism and devotion to the Constitution.

☆ ☆ ☆

**It is difficult to see why this seemed like a good idea to Speaker Martin and House Majority Leader Halleck, who for the most part have been leading the House skillfully and loyally for President Eisenhower. It is not possible to claim that all the thinking in America has been done by Democrats, especially since the major foundations bear names which are prima facie evidence that their donors are true blue Republicans. The President, when in command of Columbia University, was a forthright fighter for academic freedom. Nor has he indicated since then any change in his views.**

The Reece investigation, so far at least, has left entirely to Democrats the defense of freedom of thought. Minority leaders Wayne Hays of Ohio and Gracie Post of Idaho walked out of the committee Monday in protest against allowing free rein to a self-styled expert on subversive influences in education.

This alleged expert, Aaron M. Sargent, an attorney from San Francisco, contends that "radical intellectuals" organized an attack on basic American philosophy as early as 1892. They began then, he said, "to establish the federal income tax in order to pave the way for national federal socialism."

☆ ☆ ☆

Cordell Hull, the former secretary of state, introduced the income tax bill, Rep. Hays promptly pointed out. He demanded that the witness be heard first in executive session before he "smeared" others. Rep. Reece, voting the proxies of his two Republican colleagues, Reps. Wolcott and Goodwin, beat that motion. The two minority members then departed—which, under the rules, ended the hearing.

# Time For Decision

Nebraska cannot delay indefinitely in making a decision on whether to attempt to build a toll road, we are told. Instead of clarifying the atmosphere, the legislation adopted at the last session of the Unicameral looking towards a toll road authority with wide powers seems only to have confused long-range planning. The choice—if it gets down to a choice—is a toll road program or a four-lane highway to be constructed across the state, financed by federal and state funds when those revenues become available.

So far as a toll road is concerned, it is not an easy decision to make. A great deal of information could be desired before arriving at any decision — information particularly bearing upon financial feasibility—but also any toll road program hinges to some extent upon what is done in neighboring states.

In the Midwest Nebraska seems to be about as far advanced as any of her neighbors in toll road planning.

That is only a part of present highway discussion.

The State Advisory Highway Commission had before it a suggestion that the State Highway Department should be allowed to supervise use of mail route graveling funds by the counties. It was regrettable that the father of the mail route graveling program, Sen. Schroeder, was so non-receptive to amendments which his legislative colleagues thought were advisable. But in that session of 1947, it was largely a case of taking the law as it had been written or leaving it. Some of the difficulties now developing could have been avoided had the original Schroeder Act received more careful attention.

If the State Advisory Highway Commission undertakes a study of it, it may want to make recommendations to the next Legislature.

# Each Whimsical Wind

On Monday the headlines proclaimed that the outlook for a Southeast Asia defense program had improved as a result of conferences over the week end between Premier Winston Churchill and British Foreign Minister Anthony Eden. Eden wes returning to Geneva with a stiffened upper lip unless Moscow and Communist China were willing to get down to business.

On Tuesday the headlines reported mounting tension among the South American republics as the United States rushed light weapons to two Guatemalan neighbors, Nicaragua and Honduras. The shipment of American arms was a part of the mutual defense assistance pact signed recently. Simultaneously a Chicago Tribune correspondent reported war was imminent between Honduras and Guatemala.

At the bottom of all this was the chief concern over the Panama Canal.

In Washington Secretary of State Dulles said Tuesday that one possible objective of the Communist shipment of arms last week, a shipment amounting to 2,000 tons valued at $10 million which had made Guatemala the dominant military power in Central America, may represent a program to build up a Communist bastion near the canal.

This is only a condensed review of the whimsical winds shaping American foreign policy in recent days. We have traveled far since the welcome news of a truce in the Korean fighting. We say "welcome" because in that area it put an end to bloodshed even though at this date there has been no progress in the effort to reach a permanent settlement of the Korean problem.

Secretary of State Dulles—and over him, the President—are the authors of their own troubles to the extent that they discounted and underestimated the truly great difficulties with which any American secretary of state must deal today.

# Of Men And Things

By J. E. LAWRENCE

**After lauding the hard-bitten, commonsense spirit which inspired a Republican pre-primary convention in Fremont Monday to be done with this business of endorsing candidates, it appears we were a bit premature. Common sense—and we might add, a basic candor—flew out the window later in the day when the same convention gave approval to a resolution commending Sen. Joe McCarthy.**

★

**Test Of Lung Capacity**

Actually it started out to be a test of lung capacity. The presiding officer at the convention called for a voice vote. Naturally the McCarthy partisans and all those who do not care for McCarthy tried to outshout each other, one roar falling on the heels of another. The chairman then called for a standing vote. Some stood up, others remained seated — but quite conspicuously quite a number of the delegates did not vote either way. They simply ducked the opportunity to express themselves, so neither side had a clear-cut majority. On standing vote the chairman said the resolution was carried, and Sen. Joe had a bouquet in his hands from a convention which previously had seized President Eisenhower's coattails in lusty grip to hang tenaciously to them all day. Well, wonders never cease—and that can be said over and over again when it comes to a political convention. Mr. Eisenhower and those back of him belatedly have been trying to establish that they do not like Joe or his methods. The present squabble between the Army and McCarthy has brought that out rather clearly—with Joe turning heaven and earth to demonstrate that some deep-laid plot hatched in the White House was directed against him. But the delegates to the state pre-primary convention were playing it safe—they liked Ike—they liked Joe—in fact, everything was love and kisses until it came to Terry Carpenter, possibly.

★

**A short-lived attempt to put the finger on "Terrible Terry" died, but not before one delegate had said something about "mugwumps." Just who he had in mind, he did not identify by name, although around the convention hall itself, there seemed to be the notion he was shooting at Terry.**

★

**Catch 'Em Coming And Going**

Up in Wisconsin, a frenzied campaign has been in progress to get enough petition signers to raise the issue of a recall of Sen. McCarthy. Though the campaign may fail, its amazing, gathering momentum has surprised a great many people—that is, apparently outside the ranks of the GOP in Nebraska. McCarthy's neighbors in Wisconsin, who ought to know him best, seem to have the idea that Joe is adding to Ike's troubles. The man who initiated the recall petitions was an ardent McCarthy supporter until the latter took picks upon the Eisenhower administration. Should Wisconsin decide it does not want McCarthy (most unlikely), then Joe should take consolation that he has a political haven here in Nebraska. We assume that the news of the approval of a resolution for McCarthy traveled far and wide all over the country. If that was the case, Nebraska's GOP in its pre-primary convention can lay to it in full confidence that its action contributed to no little head-scratching when the headlines were perused. That action at Fremont does not conform to the pattern of recent days. The effect may be beautiful but it is a little bit incredible to find Eisenhower and McCarthy woven into the same pattern.

★

**Our observer at Fremont reports that Bob Crosby stole the show, outshadowing Rep. Carl Curtis and former State GOP Chairman Dave Martin. He thought Gov. Crosby had retrieved some of his political fortunes badly in need of repair. If Rep. Curtis has the rumored support of Sen. Butler's organization in the senatorial primary joust, Bob will need all the breaks. And that, of course, ignores Terry. Any well-disciplined party may decide to ignore Terry, but Terry is not easily ignored.**

# O Street Viaduct

The people of Lincoln got good news Tuesday when State Engineer L. N. Ress announced the West O Street viaduct will be rebuilt within the next 18 months.

Particularly pleasing was Mr. Ress' statement that his department hopes to have the contract awarded before the close of 1954, and the job of reconstruction completed by the end of 1955.

Thus ends a long campaign on a joyous note. While a new modernized West O Street viaduct was of primary concern to the citizens of the Nebraska Capital, it was of interest to all the people of the state since it furnishes one of the main approaches to the state capital and daily is subject to heavy traffic. All of the financing details have not been completed. The railroads, which will benefit through a rebuilt viaduct, will contribute 10 per cent or $150,000 of the total cost. The city itself will be expected to look after any costs arising in connection with condemnation proceedings related to the approaches.

The remainder will come from highway funds.

Few developments could contribute more to the sightliness of Lincoln's environs, and more important, to public safety.

# To Secretaries

Celebrating special weeks is an old American custom that no one does much about. And it cannot be gainsaid that half of the special weeks could be eliminated without threatening the foundations of our society. But now and then one of the lesser known weeks deserves greater prominence. One of them is happening currently. It is American Secretaries Week.

It is devoted to that unusual person who sits in the outer office of the important man and holds his business together, as well as his wits and his reputation for being a go-getter.

A great deal is said about American enterprise and attention is given to the plumed knights who make the big decisions. But plumed knights are notoriously poor housekeepers. And it is doubtful whether American enterprise would have ever gotten very far if it had not been for the quiet competence of the secretaries.

It is well illustrated by the first secretarial legend. King Alfred let the cakes burn while he was thinking about restoring his kingdom. If a lady hadn't taken over the job after fetching him a couple of whacks on the head, he wouldn't have got back his kingdom, either.

# Looking Backward

King Ibn Saud is buying a specially built American car with gold initials and other accessories and it will cost him $32,000. It serves to remind the American people that they haven't been up against such car prices since the war and that gold initials are no longer costly nor in fashion.

# Emperor Selassie And Recurring War Trend

**(Editor's Note — Drew Pearson's column today takes the form of a letter to his daughter, Mrs. George L. Arnold, regarding some of the problems of the world that bother all of us.)**

Washington, D.C.
May 24, 1954

Dear Daughter:

Your second son is playing on the floor near my typewriter while I have been trying to write a column. I am not making much progress. I am trying to write something about Emperor Haile Selassie of Ethiopia who arrives in Washington this week, and about as far as I've got is the emperor's title: "King of the Kings of Ethiopia, Lion of Judah, the Elect of God."

It's a wonderful title, but about the time I get that much written, Georgie has to have his plastic lawn-mower fixed or wants me to fit his picture puzzle in the right place. I've tried to tell your son that I'm a busy man, but he seems to know that he can get most anything he wants out of his grandfather. Also he doesn't seem much impressed with the emperor of Ethiopia.

And as a three-year-old I don't particularly blame him. Yet I was thinking that Haile Selassie, to a considerable extent, had a lot to do with events leading up to a war that eventually sent Georgie's father with the Marines to Iwo Jima. If Haile Selassie had had his way, that war never would have happened. And the fact that he lost his effort to stop war, in a sense, really marked the beginning of World War II.

☆ ☆ ☆

And with his visit to the United States I can't help looking off in the direction of Indo-China and wondering whether we aren't headed for another war in another distant part of the world, which may affect the life of the small boy who at this particular moment is poking a long stick at the dog crouched under my desk.

**For the peace machinery of the world seems gradually to be breaking down, just as it broke down when the emperor of Ethiopia appealed to the world 20 years ago.**

You won't recall it, but Ethiopia at that time was the pawn of England, France and Italy. And just as France and the Red forces are locked in mortal combat for the rice fields and raw materials of Indo-China today, so the great powers of Europe eyed—and one of them later conquered—Ethiopia.

That was why Haile Selassie, recognizing the United States as the only power without territorial greed 20 years ago, sought our moral strength to protect the independent right of his Abyssinians to till their fields with wooden plows if they wanted to and to hunt lions with spears instead of Italian bullets.

He got our support—in theory—but not in fact. For when Mussolini sent his black-shirts storming across the peaceful plateau of Ethiopia, the United States did try to rally public opinion against aggression, and did co-operate with the wobbly League of Nations to impose an economic boycott against the Fascist aggressor.

**But we did not do much about enforcing the boycott. We even took deliberate steps to weaken it. For, when the big American oil companies pressured the State Department, we weakly agreed that oil would not be subject to the embargo. In brief, we were willing to let Mussolini get all the gasoline his planes needed, all the diesel oil for his tanks and fuel oil for his navy. And so did the British.**

So Ethiopia was conquered. The war was soon over. Most disastrous of all, the League of Nations' effort to stop war by economic punishment had fizzled.

☆ ☆ ☆

Well, it took six years of bloody fighting in a world war that extended from the Arctic to the South Pacific to rectify this and other wrongs by dictator nations over little nations.

But the tragedy is that, whereas every small nation in the world once trusted us and wanted our support and guidance as did Abyssinia one generation ago, this is not the case today. Today we've got our signals crossed, our metaphors mixed and our feet muddy with the stain of imperialism. We didn't mean to get snarled up that way, but it's a fact, we have.

In Indo-China, for instance, we have let ourselves get sucked into the position of being the champion of a French colonialism that was rotten and decadent. And though you and I know that we don't champion imperialism, the world doesn't know it. For we have never properly clarified our position; so most of the world—poorly informed at best and fooled by Communist propaganda at worst—thinks we are.

**In defending Haile Selassie 20 years ago, the world knew we were on the side of justice. But in defending Indo-China, the world thinks we're on the side of the oppressor.**

They think of us as a nation which fought for independence against a foreign master 178 years ago and issued a great human document—the Declaration of Independence—to inspire others. And they having inspired others, they think we have deserted the ideals that made us.

☆ ☆ ☆

The final tragedy is that we have been letting the world's peace machinery distintegrate right under our very nose, right in Manhattan where we placed the United Nations so we could guard and protect it.

**So, when Haile Selassie comes to town this week, I'll think back to the days when he was a slender, pathetic figure standing before the League of Nations pleading his country's cause, and standing very much alone.**

Well, the "King of Kings and Lion of Judah" is back on the throne now, a wise and kindly ruler. And I hope his coming here will make us remember his lesson, and, profiting by it, return to building up the peace machinery we have of late neglected.

Georgie is absorbed with his puzzle now. I told him about his week-old brother, and he is anxious to get home to see him—a couple of more reasons why we must strengthen the peace machinery of the world.

Love,
Daddy

# ILO Skeptical Of Russian Advances

GENEVA—International conferences move on and off the Geneva stage with the cycle of war and peace. But there is one international group that has survived all the upheavals of the past 35 years to set a remarkable example of world co-operation.

The International Labor Organization was created in 1919 under Article 13 of the Versailles treaty. It was in large part the brain child of Samuel Gompers, founder of the American Federation of Labor, who was chairman at the Versailles conference of the committee that proposed the ILO.

When the war that began in 1939 rang down the curtain on the old League of Nations, the ILO was the only surviving organization. Just before the outbreak of war made travel across boundaries impossible, 45 of the top personnel of the ILO escaped to Canada and there set up offices that functioned until 1945.

**That year at San Francisco the old league was officially liquidated and the United Nations took its place. Over strong objection by Soviet Russia, the ILO was the only survivor among the organizations that had operated under the league.**

☆ ☆ ☆

In this postwar era with so much stress put on technical assistance to underdeveloped countries ILO has greatly expanded its work in the field of productivity. Production centers either have been set up or are being set up in India, Egypt, Libya and Brazil.

In still other parts of the world the ILO is helping to cope with serious special problems. In Latin-America, concentrated for the most part in Bolivia, Ecuador, Peru and Mexico, are some 12,000,000 Indians who have no place in the civilization around them.

ILO is doing all the technical work for the European coal and steel pool, preparing the treaties that will make it possible for labor to move from one country to another and from one social security system to another. The organization has made the only official and thoroughly documented report on slave labor with a great deal of the report devoted to the vast slave labor camps in the Soviet Union.

☆ ☆ ☆

**This raises the question why at this point Russia should suddenly decide to join the ILO. Two theories are being advanced by those studying what little evidence there is. The first and most obvious theory is that this is part of the new post-Stalin look—another inexpensive gesture demonstarting a professed desire for the peaceful coexistence of the Communist and non-Communist halves of the world.**

The second theory has more ominous overtones and is probably closer to the truth. This is that the Soviet Union has come into ILO to break up a useful international body that has demonstrated how practical and effective co-operation can be at certain levels. Using familiar divisive tactics, the Kremlin's representatives on ILO could do great harm, including even perhaps splitting the organization.

☆ ☆ ☆

Interestingly enough, all the satellite states, not excepting even the smallest satellite, Albania, have continued their adherence to ILO although Moscow has until the other day stayed outside. If the Soviet should start a splitting movement, these satellite representatives would be forced to follow the lead of big brother however much they might want to take another course. Waverers between the two poles also would be torn in such a controversy. Thus the cold war carried into what has been a more or less noncontroversial and practical organization could do great harm.

**ILO officials are frankly disturbed by this prospect. But they are determined to do everything they can to keep this quarrel from wrecking ILO.**

Already the storm signals have gone up and the first sign of trouble will find the governing body ready to meet it. The non-Communist nations have seen how ILO can help solve basic social problems and they will do their best to see that it is not destroyed.

## World Santa Claus

Lincoln, Neb.

To the editor of The Lincoln Star: Noted in the morning Star that the state Republican party took a back-handed slap at the veteran. There are hundreds of us who are not able to work, who are permanently and totally disabled insofar as earning our living is concerned. But we are compelled to eke out a starvation living on a very small amount now. The Democrats gave us very little and now the Republicans want to give us less. We gave our all when the country needed us. Yearly we ship into the U. S. A. hundreds of thousands of displaced folks and give them jobs while the veterans go without. Are we Santa Claus to the world?

## Proposed Changes

Lincoln, Neb.

To the editor of The Lincoln Star: After looking over the Ways and Means Committee's social security revisions, I find that as always the people on old age and survivors insurance rolls, the ones who need the most, get the least—a raise of $5 per month in the lower brackets to $13.50 for those in the higher brackets. It was reported that the President recommended this, and if so, he isn't thinking of those the most in need. With living costs soaring weekly, the President should make another guess on the needs of the people.

## Fears Within Fears

Blair, Neb.

To the editor of The Lincoln Star: It is a bit boring to note Republican Sen. Mundt, predicting that the Army-McCarthy hearings would be terminated within a week or 10 days. About as accurate as the Eisenhower administration prediction a year ago that within three months they would force a settlement of the now almost forgotten Korean truce.

If McCarthy — who seems to completely dominate Mr. Mundt, Mr. Dirksen, and Mr. Potter (Republicans on the investigating committee) — finally decides that he will testify, it would be my humble guess that it would take a week or 10 days to tie McCarthy down to the correct spelling of his name, to say nothing of what it would take to get him to admit to anything except that he is a little tin god.

There is one person in the United States who McCarthy actually fears to offend. That is Mr. Eisenhower—who himself fears to do anything about Mr. McCarthy's fear.

## According To Figures

Brock, Neb.

To the editor of The Lincoln Star: Gov. Crosby contends that he slashed state property taxes two and a third million dollars the first year of his term. Included in this figure is one million dollars for over-ceiling medical costs which were transferred to counties. When he was pleading for this legislation, he pointed out it would not be a saving, but would merely transfer the costs to the county taxpayers. Now he is including the figure in his senatorial campaign propaganda.

Crosby also contends that a survey of assistance medical costs in 18 counties indicates a saving of at least $500,000 to taxpayers throughout the state due to transferring the costs to the counties. The medical program was entirely inadequate under state control, which means that if its cost has now been reduced by half, the program is twice as inadequate as before.

In other words, Crosby is trying to use the dollars which have been saved by the increased sacrifice and misery of sick and helpless assistance recipients as a rung in the ladder for his climb to political success. And you can't climb much lower than that!

## Dense Ground Fog

Upland, Neb.

To the editor of The Lincoln Star: Please pass the aspirins, or is it just a dense ground fog? The road ahead is certainly very dim. Ike, the great organizer—peace at any price—the unconditional Korean surrender that turned loose the hordes of so costly acquired murderous prisoners who are just as much our enemies today as ever. No doubt there is a 17-year-old high school student in each of our 93 counties who has judgment enough to know that our position at Geneva and Korea is hopeless.

Truman at least had gumption enough to tell Stalin to qualify his words with deeds before he would be interested. But with Ike, Nixon, Hall, McCarthy, Benson, etc., we are and we are not—we will and we won't—and as the GOP chairman said, nine months after Ike took office, he sttill had said nothing one could stick his teeth in. In other words, the world is waiting to know who is leading them and us, and where to. Beautiful words only confuse us; sound facts are long overdue.

The $64 question is: "Who is who?"

All of our actions so far have been in accord with Russia's wishes—to keep us fighting somewhere with other nations and keep us spending while they build up, and when circumstances warrant, they call an armistice and when ready, start all over again. Generals worthy of their name will not fight limited wars. Honorable nations will not draft the cream of their youth and figure them expendable, but will go all-out to protect them and keep them out of enemy prisons.

In regard to Ike and the 100 per cent parity which he did or did not guarantee—who was it who made that impassioned speech at Boston the night before election, the last words of which we quote: "And you farmers, I guarantee you 100 per cent parity (pause) at the market place."

A senseless, impossible promise.

FAY L. DANKER

# Reese Committee Hits Foundations

WASHINGTON—In the guise of an investigation of tax-exempt foundations, education and the intellectuals of this country are under fire before a special House committee headed by Rep. Carroll Reece (R) of Tennessee.

The foundations in themselves are legitimate targets of congressional inquiry because of the immense tax privileges they enjoy. The Reece committee, however, has subordinated the broad questions of their economic advantage and social utility to the one narrow issue of whether they are, perhaps unknowingly, promoting subversive and socialistic teachings. The committee counsel and the witnesses thus far called seem to believe that they have done this.

Thus the Republican leadership of the House is in the position of having supported the substantial appropriation of $115,000 to allow Rep. Reece to put on the defensive such institutions as the Ford, Rockefeller and Carnegie Foundations. They are being put on the defensive, furthermore, in the delicate area of patriotism and devotion to the Constitution.

☆ ☆ ☆

**It is difficult to see why this seemed like a good idea to Speaker Martin and House Majority Leader Halleck, who for the most part have been leading the House skillfully and loyally for President Eisenhower. It is not possible to claim that all the thinking in America has been done by Democrats, especially since the major foundations bear names which are prima facie evidence that their donors are true blue Republicans. The President, when in command of Columbia University, was a forthright fighter for academic freedom. Nor has he indicated since then any change in his views.**

The Reece investigation, so far at least, has left entirely to Democrats the defense of freedom of thought. Minority leaders Wayne Hays of Ohio and Gracie Post of Idaho walked out of the committee Monday in protest against allowing free rein to a self-styled expert on subversive influences in education.

This alleged expert, Aaron M. Sargent, an attorney from San Francisco, contends that "radical intellectuals" organized an attack on basic American philosophy as early as 1892. They began then, he said, "to establish the federal income tax in order to pave the way for national federal socialism."

☆ ☆ ☆

Cordell Hull, the former secretary of state, introduced the income tax bill, Rep. Hays promptly pointed out. He demanded that the witness be heard first in executive session before he "smeared" others. Rep. Reece, voting the proxies of his two Republican colleagues, Reps. Wolcott and Goodwin, beat that motion. The two minority members then departed—which, under the rules, ended the hearing.

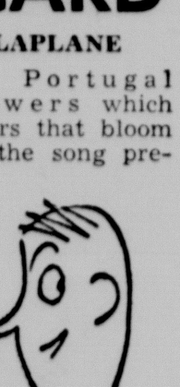
# POSTCARD

By STAN DELAPLANE



Well, April in Portugal brought the showers which brought the flowers that bloom in May. Just as the song predicted.

After serious research, I find that love flourishes here just like everywhere else. Only with different ground rules.

Boy does not meet girl at dances. For there are no dances. A boy must follow the young lady discreetly to her home. He then sends a servant to her servant.

The servants have a glass of wine together.

"Nice weather we are having," says the boy's servant.

"So it was April in Portugal and now it is May. What's on your mind? says the girl's lackey.

"Well," says the boy's man, "the keed in our household is troubled with saudade. Which, as you know, is another way of saying he is mighty young and sentimental. He is that way about your dolly."

"For a couple of escudos I could leave the window open," says the other.

"Boys will be boys," says the young man's man. "Have another belt of the vinho."

☆ ☆ ☆

The window is left open so the young lady can hear. The young man gets a couple of guitar players under the window in the evening.

They tune up with a fado which is a sad Portugese song. Full of aching hearts and, I gather, a good deal like: "They Tried to Tell Us We're Too Young."

The young lady listens. Sometimes she flings a rose.

**"But," says my source, "he is never invited into the house until their parents meet and arrange a marriage."**

**It is rough on love in Portugal.**

# Senate Passes Flood Control Funds

## Total 4 Pct. Over Ike's Requests

WASHINGTON (AP)—The Senate Tuesday passed the Army civil functions appropriations bill carrying a total of $484.095.500 or 4 per cent more than President Eisenhower's budget recommendations.

The bulk of the money in the bill is for flood control and navigation projects

Passage of the bill by voice vote sends it to a Senate-House conference committee to settle differences in the measure as it passed the two branches.

The House bill carried a total of $430,983.700 some 35 million dollars under President Eisenhower's recommendations of $465.-160.000.

The Senate bill is $18.935.000 above the budget and $53.111.800 over the House bill.

In passing the bill, the Senate accepted it as it was written by the Senate Appropriations Committee.

Only three amendments were offered to alter the bill and all were rejected. Two were by Sen Douglas (D-Ill) to trim the total amount of the bill. another was by Sen. Magnuson (D-Wash) to add funds for projects in the Columbia Basin.

## Dakotan Accused Attempting To Run Down 2 Men With Auto

OMAHA (AP)—Traffic Inspector Jean C Whinnery said Tuesday he is asking the county attorney's office to prepare charges of assault with intent to do great bodily harm against a 26-year-old Yankton, S. D., man.

The South Dakota man. Henry Coleman, is accused by officers of attempting to run down two Omaha men with his car.

He was booked and charged with drunk driving

Coleman said he had no knowledge of the incident.

Traffic Investigators Ed King and Fred Stevens said Stanley Wisniewski. 22, Omaha, and Edgar Lind, 24, Bellevue, were injured when Coleman attempted to pin them to a fence protecting an excavation.

Officer Stevens said Lind and Wisniewski were standing by the fence when Coleman backed out of an alley.

"He (Coleman) motioned them to come over to his car but they saw he was drunk and ignored him." the officer said. "Angered, Coleman then drove at the men."

Lind was pinned against the fence but managed to roll free, badly shaken.

Wisniewski suffered a bruised left side when he was knocked into the excavation.

Coleman, officers said. fled on foot with workers in pursuit He was crawling under a parked auto when caught. they said.

## Swing To Buyer's Market Indicated

OMAHA (AP)—Banking experts Raymond Rodgers of New York University and Frank M. Totton, New York, Chase National bank vice president, are agreed that the business changes of the past year are more than "inventory readjustment." The big change, they said here, is a swing from a seller's to a buyer's market. But, they add, it is a buyer's market that has made the United States great

# Nebraska Wells Lead In Oil Interest

## Top Finds In Kimball, Cheyenne

DENVER (AP)—Oil and gas recoveries reported for the Rocky Mountain-Plains States ran on the slim side the past week.

Nebraska wells bid for top interest. Petroleum Information reported Ohio Oil announced two completions in Cheyenne County—No. 1 Lobb in the Lorenzo field for a flow of 3,070,000 cubic feet of gas a day from the "D" sand, and No. 1 O'Connell in the Sidney gas area for a pump guage of 56 barrels of oil a day from the "J" formation at 5,006-20 feet.

### Kimball Find

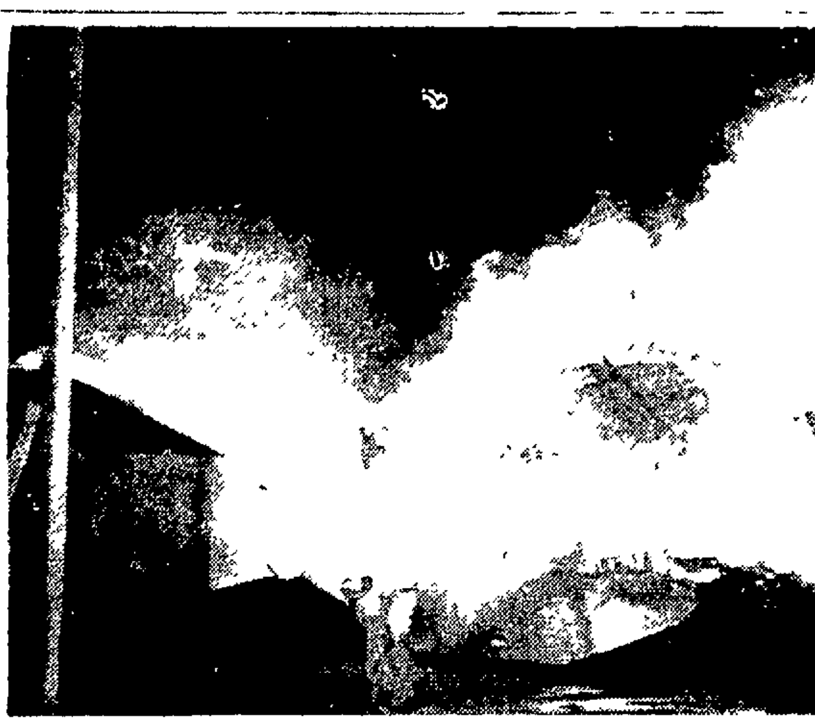
Also in Nebraska, Natural Gas & Oil reported recovery of 28 barrels of oil per hour during a 7-hour swab test of the "J" sand at its No 1 Durland well in Kimball County. Production was from 6,306 feet.

The oil surveying service reported elsewhere in the region:

North Dakota—New locations include Socony-Vacuum's No. F-32-24P Kennedy in Dunn County, 12 miles northeast of the Ft. Berthold Indian Reservation· Shell Oil's No 1 Stenson in Benson County, in a 40-mile square untested area· Calvert Exploration-Leonard Ward's No. State-A in Renville County, 16 miles east of Northgate, and Warren Petroleum's No. 1 Anderson in Burke County, 2 miles north of the Tioga field.

### Dakota Testing

South Dakota—Shell Oil is testing its No. 32-16 well in Harding County SW NE 16-21N-4E after pumping recovered a large volume of water. Independent drilling of Aberdeen has made location for the No. 1 Hinckley in Potter County, planned as a test of the Devonian formation at about 3,030 feet.



## Flames Consume Bertrand Elevator

Flames leap skyward as the 50-year-old Bertrand elevator is destroyed by fire. Volunteer firemen from Bertrand and Loomis, both small towns in Phelps County, battled the fire for several hours. Damage to the wooden structure, built in 1904, was estimated at $150 000. The owners plan to rebuild following salvage operations. **(Photo Special To The Star By Bertrand Herald.)**

## Announcement Of CD Location Expected Within Next 2 Weeks

WASHINGTON (AP)—Rep A L Miller (R-Neb) said Tuesday a decision will be made within the next two weeks on whether civil defense headquarters will be moved to Grand Island, Neb

"A high level meeting was held to discuss a new location for the headquarters and I am told that a decision will be made very soon," Miller said

Civil Defense must vacate its present headquarters here by July 1 because its lease expires Grand Island is one of several locations being considered.

**Miller told a reporter he understands the high cost of communications at Grand Island is one of the factors against its selection.**

He also said Nebraska is receiving serious consideration as the site of one of several new atomic energy plants.

### A-Plant Optimism

"Actually, I'm more optimistic about the state obtaining one of these plants than I am about it being selected for the Civil Defense headquarters," Miller said.

He emphasized he did not mean to indicate he had little hope for getting the Civil Defense office.

"Grand Island still has a good chance for that too," he said.

Miller said he understood a site forming a triangle touching Lexington, Broken Bow and Grand Island is under consideration for the atomic plant.

WAYNE, Neb. (INS) — Dr. Isobel Rust, professor of languages at Wayne State Teachers College 24 years, will retire at the end of the present school year .

The announcement was made by Dr John D. Rice, president of Wayne.

Dr. Rust came to the northeast Nebraska school in 1930 from the University of Michigan where she obtained her doctor's degree in Latin and taught several years

Four little words with a great big meaning

*Distilled and Bottled by*

On Glenmore's label you'll find the words *Distilled and Bottled by*. This means that *only* Glenmore made this whiskey. If we got whiskies from other distilleries to bottle as Glenmore we could not put *Distilled and Bottled by* on our label You know what you're getting with Glenmore—uniformity, good taste, high quality—bottle after bottle. So, the next time, look for the words *Distilled and Bottled by* and for the name Glenmore—a combination that assures you the finest.

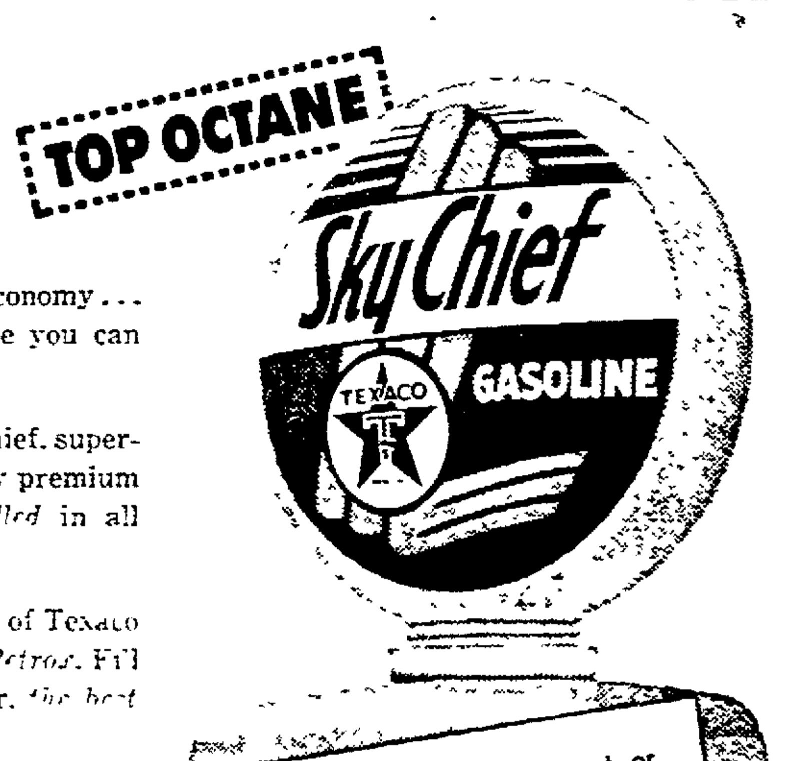
WHAT IS PETROX? Petrox is a new element, or additive, wholly derived from petroleum. Developed by Texaco engineers, Petrox is an exclusive Texaco product.

It is a petro-chemical completely different in composition from any other additive. It is the only such additive being used in any gasoline. The fact that it is made entirely from petroleum is important because it does not contain anything that can leave harmful engine deposits.

Furthermore, Petrox adds a brand new function: the ability to reduce engine wear. As a result, the consistent users of new Sky Chief gasoline are assured maximum power and longer engine life.



# Nebraska Wells Lead In Oil Interest

## Top Finds In Kimball, Cheyenne

DENVER (AP)—Oil and gas recoveries reported for the Rocky Mountain-Plains States ran on the slim side the past week.

Nebraska wells bid for top interest. Petroleum Information reported Ohio Oil announced two completions in Cheyenne County—No. 1 Lobb in the Lorenzo field for a flow of 3,070,000 cubic feet of gas a day from the "D" sand, and No. 1 O'Connell in the Sidney gas area for a pump guage of 56 barrels of oil a day from the "J" formation at 5,006-20 feet.

**Kimball Find**

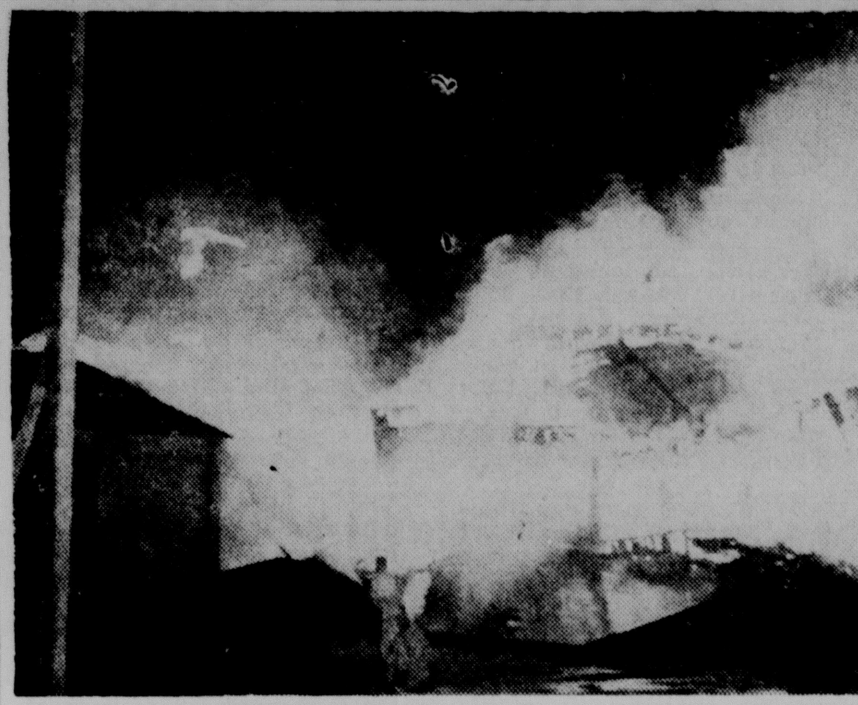
Also in Nebraska, Natural Gas & Oil reported recovery of 28 barrels of oil per hour during a 7-hour swab test of the "J" sand at its No. 1 Durland well in Kimball County. Production was from 6,306 feet.

The oil surveying service reported elsewhere in the region:

North Dakota—New locations include Socony-Vacuum's No. F-32-24P Kennedy in Dunn County, 12 miles northeast of the Ft. Berthold Indian Reservation: Shell Oil's No. 1 Stenson in Benson County, in a 40-mile square untested area: Calvert Exploration-Leonard Ward's No. State-A in Renville County, 16 miles east of Northgate, and Warren Petroleum's No. 1 Anderson in Burke County, 2 miles north of the Tioga field.

**Dakota Testing**

South Dakota—Shell Oil is testing its No. 32-16 well in Harding County SW NE 16-21N-4E after pumping recovered a large volume of water. Independent drilling of Aberdeen has made location for the No. 1 Hinckley in Potter County, planned as a test of the Devonian formation at about 3,030 feet.



### Flames Consume Bertrand Elevator

Flames leap skyward as the 50-year-old Bertrand elevator is destroyed by fire. Volunteer firemen from Bertrand and Loomis, both small towns in Phelps County, battled the fire for several hours. Damage to the wooden structure, built in 1904, was estimated at $150,000. The owners plan to rebuild following salvage operations. **(Photo Special To The Star By Bertrand Herald.)**

## Announcement Of CD Location Expected Within Next 2 Weeks

WASHINGTON (AP)—Rep. A. L. Miller (R-Neb) said Tuesday a decision will be made within the next two weeks on whether civil defense headquarters will be moved to Grand Island, Neb.

"A high level meeting was held to discuss a new location for the headquarters and I am told that a decision will be made very soon," Miller said.

Civil Defense must vacate its present headquarters here by July 1 because its lease expires. Grand Island is one of several locations being considered.

**Miller told a reporter he understands the high cost of communications at Grand Island is one of the factors against its selection.**

He also said Nebraska is receiving serious consideration as the site of one of several new atomic energy plants.

**A-Plant Optimism**

"Actually, I'm more optimistic about the state obtaining one of these plants than I am about it being selected for the Civil Defense headquarters," Miller said.

He emphasized he did not mean to indicate he had little hope for getting the Civil Defense office.

"Grand Island still has a good chance for that too," he said.

Miller said he understood a site forming a triangle touching Lexington, Broken Bow and Grand Island is under consideration for the atomic plant.

## Hospital Patient Killed In Plunge

OMAHA (AP)—A 63-year old patient at Douglas County Hospital was killed Tuesday in a five-story plunge to a paved parking area.

She was Mrs. Nora Harris of Omaha who was taken to the hospital last Thursday for treatment of burns.

Acting Coroner George Sullivan said he will not hold an inquest. He ruled that the death was suicide.

## Arraignment In Murder Delayed

PAPILLION, Neb. (AP)—Arraignment of Steve Wilczynski, 33, Omaha, on a second degree murder charge has been postponed until Wednesday.

Sheriff Ernest Arp said the arraignment, scheduled for Tuesday, had been set back a day.

Wilczynski is charged in the slaying of Carl Yelinek, 61-year-old grocer, May 16.

## Ideal Vacation, Work Plan Told

HASTINGS, Neb. (AP)—Loren J. McCandless, so to speak, is going on vacation and taking his job with him.

McCandless is simply transferring for four months from the Hastings Post Office, where he was worked 29 years, to the post office at Yellowstone Park. The Yellowstone office does practically all of its business during the summer tourist season.

## Rosenblatt Named

OMAHA (AP)—Omaha's new city council took office Tuesday and as expected elected 46-year-old John Rosenblatt mayor.

## Taylor, Bride Returning To Hollywood Soon

JACKSON, Wyo. (AP)—Movie actor Robert Taylor, native Nebraskan, and his bride of one day, actress Ursula Thiess, were to fly back to Los Angeles after their semisecret wedding on picturesque Jackson Lake.

They were married by a justice of the peace aboard the cabin cruiser of Jess and John Wort, hotel operator brothers. Taylor, who has a share in some Wyoming oil operations, has stayed with the Worts in the past and fished at Jackson Lake, at the foot of the 13,000-foot Teton Mountains.

Taylor listed his age on the wedding license as 42 and Miss Thiess gave her age as 30. They met two years ago.

## Lincolnite Officer Of Bankers Group

OMAHA (AP)—The Nebraska Investment Bankers Assn. Tuesday elected J. W. Redlefs of Omaha as president, and Burt Reed of Lincoln as first vice president.

Other officers, all of Omaha are Marshall J. Barlow, second vice president; Robert E. Schweser, third vice president; Harold H. Helme, fourth vice president; Arthur Flodeen, secretary; Carl A. Falk, treasurer.

# Inter-Club Officers And Guests

The Lincoln Inter-Club Council, composed of 46 representatives of women's organizations in the city, elected new officers and honored a group of the council's past presidents Tuesday noon at the regular luncheon-meeting held at the Chamber of Commerce.

Pictured above at left are the council's new officers. Seated at left is Miss Jeanne Shankland, president, and at right, Miss Madeline Carveth, recording secretary. Standing, from the left, are Mrs. R. F. Richmond, vice president: Mrs. Lawrence M. Welsh, corresponding secretary; and Miss Lucile Garrison, treasurer.

Past president who were honored Tuesday include (in the picture at right), Mrs. E. W. Orme, seated at left, and Mrs. Harold Stebbins, at right, and standing, left to right, Mrs. D. G. Barber, Mrs. L. W. Hurst and Mrs. N. E. Bernstien, immediate past president.

A brief history of the council since its organization in 1943 was given when the past presidents gave highlights of their terms of office.

# Same Song—Second Verse

WE WEREN'T even half through with our conversation when we were so rudely interrupted by the bottom of the page Tuesday morning, so we shall begin where we left off—with Mrs. F. E. Beaumont of Palo Alto, Calif., who arrived last evening to spend several days in Lincoln—

We had progressed as far as Thursday and Mrs. H. T. Folsom's luncheon on that day in courtesy to the visitor, but we didn't have the chance to tell you that on Friday evening Mrs. A. L. Haecker will be a dinner hostess at the University Club when she entertains an old bridge club of which Mrs. Beaumont is a former member.

* * *

WE ALSO had wanted to tell you that Mr. and Mrs. James Stuart, Mr. and Mrs. Harry Haynie and Mr. and Mrs. George Bastian were arriving home on Tuesday evening from Longville, Minn., where the sixsome had a week-end house party at the summer home of Mr. and Mrs. Stuart.

But maybe we should tell you that the distaff side of the sixsome — Mrs. Stuart, Mrs. Haynie and Mrs. Bastian left early last week for Minnesota, and were joined there on Thursday by the husbands.

* * *

HEAR that Miss Bridget Watson will leave in mid-June for Mexico City where she will spend the entire summer as a student at the University of Mexico. Miss Watson, who will be graduated a year from now from the University of Nebraska, is majoring in Spanish, and plans to take residence with a Spanish family in Mexico City.

But the young lady, who is a Kappa Alpha Theta at Nebraska—also has plans for a year from now, following commencement. She will return to her native France for a visit, and while abroad will spend some time traveling.

* * *

SPEAKING of colleges and such—Just heard that Miss Ann Stebbins, daughter of Mr. and Mrs. Harold Stebbins, who graduates in early June from Ferry Hall, Lake Forest, Ill., will be a freshman at Smith College, Northhampton, Mass., next year.

* * *

UNDERSTAND that Mrs. Ronald Anderson (Jean Burr) and her four children left a few days ago for Ithaca, N.Y., to join Dr. Anderson who is an agronomist at Cornell University. Dr. and Mrs. Anderson and their family are former residents of Louisville, Ky., but before going to Ithaca, Mrs. Anderson and the children came to Lincoln to be the guests of Mrs. Anderson's father, Dean W. W. Burr.

* * *

P.S.—One day soon we'll be announcing another interesting engagement.

* * *

FROM the Grand Island Bassinet club come news of the arrival of Miss Lesley Kim Gates on Sunday, May 23, and we hear that down on Sorority row there's been a bit of extra key polishing at the Kappa Kappa Gamma house —already for its 1971 legacy. Young Miss Gates is the daughter of Mr. and Mrs. C. Ray Gates, and her mother is the former Francis Edee, daughter of Mr. and Mrs. Allen B. Edee Jr., of Pawnee City, and Kappa Kappa Gamma at Nebraska. The paternal grandmother is Mrs. Maude Gates of Omaha.

# Ladies' Bridge

The third in the series of ladies' day bridge-luncheons will be held at Hillcrest Country Club Thursday afternoon with Mrs. Arthur Yost serving as chairman.

The regular Thursday meeting day has been changed for the first week in June, and the luncheon and bridge will be held Tuesday, June 1.

# New Officers

At the final meeting of the current season, held Monday afternoon following a luncheon at the YWCA, the Lincoln Films Forum re-elected Mrs. C. M. Stewart president for the coming year. Other officers reelected were Mrs. E. C. Mouden, recording secretary, and Mrs. Harriet Hoagland, treasurer.

New officers of the forum, which will resume meetings on Monday, Sept. 27, are Miss Merle Simpson, vice president; Miss Harriet Helms, corresponding secretary; and Miss Leah Schofield, librarian.

# PTA Officers Installed

Mrs. Tennis Rapp, past president of EVERETT PTA, installed the unit's new officers at the regular meeting held Tuesday evening. A talk on junior high activities was given by Dr. R. L. Fredstrom, assistant superintendent of schools, and a program of music was presented by Miss Patty Rapp, pianist, and accordion numbers by Ted Hinkle.

Mrs. George Kaufman was chairman of the hostess committee, assisted by Mrs. Alex Schumacher, Mrs. Emil Darnauer, Mrs. Fred Trippel, Mrs. Alex Worster, Mrs. Henry Sommers and Mrs. Concad Knopp.

The new officers of BETHANY PTA were installed Tuesday evening by Mrs. Earl Wing, a past president of the group and of the state PTA District I, following the monthly meeting held at the school. The program featured "graduation" ceremonies for the sixth grade pupils, and songs were presented by the fifth and sixth grade chorus.

Under the direction of Mrs. Clarence Perisho, hospitality chairman, refreshments were served by Mrs. Dean James, Mrs. Pierie Morrissey, Mrs. Louis Cottier, Mrs. Theodore Fontaine, Mrs. Glen Cheever and Mrs. Gerald McCord.

## Just Between Us by Jean

—a Lincoln matron, after a visit to New York City, was returning with a hat box filled to the brim with all varieties of millinery supplies—birds, bees, feathers, ribbons, etc. On being met at the airport by a friend and triumphantly displaying her purchases, her incredulous friend told her, "I wish a psychiatrist could see the contents of this box and then analyze its owner."

★

—one of Lincoln High's teenagers told her mother she would like to have five of her best friends (she actually had eighteen close friends and was doing her mother a favor by paring the list to five) and their dates for dinner at a local restaurant. When her mother questioned the advisability of such costly entertainment her daughter stated, "But, Mother, you don't want me to be maladjusted, do you?"

# Guest Threesome

Arriving from Denver last week-end for a visit in Lincoln were Mrs. John E. Greene and her two sons, Roger, five—and Scott, who is just two and one-half years old. During their 10 days stay Mrs. Greene and her sons are the guests of Mrs. Greene's parents, Mr. and Mrs. O. H. Stuve.

Mrs. Greene will be remembered as the former Joyce Stuve, Alpha Chi Omega at Nebraska.

# PTA Officers Installed

Mrs. Tennis Rapp, past president of EVERETT PTA, installed the unit's new officers at the regular meeting held Tuesday evening. A talk on junior high activities was given by Dr. R. L. Fredstrom, assistant superintendent of schools, and a program of music was presented by Miss Patty Rapp, pianist, and accordion numbers by Ted Hinkle.

Mrs. George Kaufman was chairman of the hostess committee, assisted by Mrs. Alex Schumacher, Mrs. Emil Darnauer, Mrs. Fred Trippel, Mrs. Alex Worster, Mrs. Henry Sommers and Mrs. Conrad Knopp.

The new officers of BETHANY PTA were installed Tuesday evening by Mrs. Earl Wing, a past president of the group and of the state PTA District I, following the monthly meeting held at the school. The program featured "graduation" ceremonies for the sixth grade pupils, and songs were presented by the fifth and sixth grade chorus.

Under the direction of Mrs. Clarence Perisho, hospitality chairman, refreshments were served by Mrs. Dean James, Mrs. Pierie Morrissey, Mrs. Louis Cottier, Mrs. Theodore Fontaine, Mrs. Glen Cheever and Mrs. Gerald McCord.

# Guest Threesome

Arriving from Denver last week-end for a visit in Lincoln were Mrs. John E. Greene and her two sons, Roger, five—and Scott, who is just two and one-half years old. During their 10 days stay Mrs. Greene and her sons are the guests of Mrs. Greene's parents, Mr. and Mrs. O. H. Stuve.

Mrs. Greene will be remembered as the former Joyce Stuve, Alpha Chi Omega at Nebraska.

## Just Between Us
by Jean

—a Lincoln matron, after a visit to New York City, was returning with a hat box filled to the brim with all varieties of millinery supplies—birds, bees, feathers, ribbons, etc. On being met at the airport by a friend and triumphantly displaying her purchases, her incredulous friend told her, "I wish a psychiatrist could see the contents of this box and then analyze its owner."

★

—one of Lincoln High's teenagers told her mother she would like to have five of her best friends (she actually had **eighteen** close friends and was doing her mother a favor by paring the list to five) and their dates for dinner at a local restaurant. When her mother questioned the advisability of such costly entertainment her daughter stated, "But, Mother, you don't want me to be maladjusted, do you?"

# Ladies' Bridge

The third in the series of ladies' day bridge-luncheons will be held at Hillcrest Country Club Thursday afternoon with Mrs. Arthur Yost serving as chairman.

The regular Thursday meeting day has been changed for the first week in June, and the luncheon and bridge will be held Tuesday, June 1.

# New Officers

At the final meeting of the current season, held Monday afternoon following a luncheon at the YWCA, the Lincoln Films Forum re-elected Mrs. C. M. Stewart president for the coming year. Other officers reelected were Mrs. E. C. Mouden, recording secretary, and Mrs. Harriet Hoagland, treasurer.

New officers of the forum, which will resume meetings on Monday, Sept. 27, are Miss Merle Simpson, vice president; Miss Harriet Helms, corresponding secretary; and Miss Leah Schofield, librarian.

# Schools Contract-Letting Dates Set

By BILL DOBLER
Star Staff Writer

Dates have been set by the Board of Education for the letting of contracts for remodeling at Bethany Elementary School and a new addition to Merle Beattie School.

The Bethany remodeling letting will be June 27 and the Beattie addition letting July 16.

The Bethany remodeling is expected to be completed by Sept. 7 with the planned new addition for that school to be done in April, 1955. The entire project, including the addition of six new classrooms, is estimated to cost $213,000.

Six additional classrooms are also in the plans for the new Beating school.
tie wing to the south of the existing school. Completion of that unit by the end of this year is expected.

**Detailed Plans**

The Board also authorized the preparation of detailed plans for construction of a new elementary school in Eastridge Addition, east of Piedmont. Bids will be taken on a six classroom unit and kindergarten with alternates to be submitted for another six classroom unit.

Substituting in place of the school until it is completed, the Board approved the purchase of five houses in Eastridge from Strauss Bros. at a cost of $10,000 each. These houses will be converted into classrooms.

When the school is completed, the Eastridge houses will be purchased back by Strauss.

The Board also authorized the preparation of detailed plans for a new school in northeast Lincoln. This elementary unit may be placed in the Home Builder's Association rental housing development directly northeast of 48th and Fremont or on school property at 64th and Gladstone.

Architect Selmer Solheim is to study the placement of the school on the Gladstone site. If the new school is built at 49th and Benton in the Home Builders' addition it will be a nine classroom structure.

If erected on Gladstone, the building would consist of a six room unit facilitating easy expansion.

**The Hope for Hopeless Hair**

A RESTOR TREATMENT is just what the name implies, it restores hair to a normal condition, for the many ills of hair excessive dryness, split ends or damage from improper treatment. It is the quick restoration with the help of keratin, a protein found in normal hair which is often lost when the hair is abused or neglected for a month or two.

RESTOR is a solution of elements for hair designed to penetrate the hair shaft and remain there to revive, strengthen and add weight to limp, dull, scanty, bleached, drab and dyed hair. It will definitely change the appearance with just a single treatment to a more natural look and will make it feel like new grown hair, resulting in a defined and lustrous appearance. more satisfactory permanent waves and will prevent fading in tinted hair.

The whole process takes no longer than a few more minutes and helps to make a bygone of unruly hair.

# Soap Sculpture Prizes Won By 3 Irving Students

Three Irving Junior High School students have won $25 honorable mention prizes in the 27th annual National Soap Sculpture contest.

Richard Garlinghouse, son of Dr. and Mrs. Richard E. Garlinghouse of 2850 Sheridan, an eighth grader, submitted a polar bear. He is a son of Mr. and Mrs. Edwin D. Fisher of 2427 Woodsdale.

Sharon Witt, daughter of Mr. and Mrs. Fred T. Witt, of 2530 Washington, was the third prize winner. A seventh grader, she carved an elephant.

Only three other cities—Pittsburgh, Detroit and Amarillo—had three or more winners in the contest. The Lincoln group were all entered in the junior class for children under 14.

Mrs. Shirley Martin is their art instructor at Irving.

# T. J. English Rites To Be Held Friday

Funeral services for Thomas J. English, 61, of Rt. 2, will be held at 9:30 a.m. Friday at St. Mary's Cathedral. Msgr. C. J. Riordan will officiate. Burial will be in Calvary.

Mr. English, who died Tuesday, had farmed in the Lincoln vicinity for 50 years. He was a native of Cleveland, O., and came to Nebraska as a child. He was a member of St. Mary's Cathedral.

Rosary will be recited at 8 p.m. Thursday at Hodgman-Splain.

Surviving are his sister, Mary of Lincoln; and six brothers, Pat of Willmette, Ill., Edward of Topeka, Kan., and Charles, Eneas, Michael and John, all of Lincoln.

# Huskerville Lease Action Due Monday

Following its unofficial approval, the City Council will have for its formal consideration next Monday a new 10-year contract from the Lincoln Housing Authority for the lease of land at Huskerville.

With its informal action, the Council approved the lease with a $5,000 a year rental charge to be paid by the Authority. The Authority operates the 287 housing units now located at Huskerville, directly west of the Lincoln Air Force Base property.

After the new lease is signed, the Authority has promised to pay the city the remaining $55,000 it has outstanding on its original purchase of the housing units from the city.

"We are able to make such financial arrangements," Judge Robin R. Reid, Authority chairman, commented, "only because of the excellent management of the Huskerville project by L. H. (Buster) DeBrown, Huskerville manager, and Joseph Clark, office manager. Both of them have done a wonderful job."

DeBrown reported that all Huskerville units are full with a waiting list for vacancies. There is still considerable demand, he said, from University of Nebraska students.

The new lease and financial arrangements, DeBrown said, will permit a renewed and continuing maintenance program in the area.

The present Authority lease on Huskerville would normally expire July 1, 1955. The Air Force is reported to have no interest in the Huskerville area for future expansion.

# Penal Ideas Ill-Conceived, Crosby Says

Too many people in Nebraska take the attitude that a prison should be a place of punishment rather than rehabilitation, Gov. Robert Crosby told a Tuesday evening banquet meeting of the Central States Correction Association at the Cornhusker Hotel.

"In Nebraska many people don't approve of good conditions in the Penitentiary. They feel that it should be so bad that no one would want to commit a crime," he declared.

The governor said that the thing that has impressed him most is the opportunity for rehabilitiation of the majority of the prisoners.

In trying to make things conductive to rehabilitation, he said that he, as governor, is faced with a dilemna. "One hand is trying to save money for the taxpayers and the other sees a crying need for a little more money to ease conditions," he told the group.

Calling the need "desperately plain" in some cases, he drew particular attention to the Boy's Training School at Kearney and the Girl's Training School at Geneva. He pointed to the "lack of fire escapes and overcrowding" at the Geneva institution.

# Ike Forms Cabinet Committee To Set Up Broad Water Policy

WASHINGTON (AP)—President Eisenhower Tuesday announced formation of a cabinet committee to devise a broad water policy to cover this continent from ocean to ocean and from the Canadian border to Mexico."

The President made the announcement in an informal talk at the annual meeting of the National Rivers and Harbors Congress.

Formation of the cabinet level committee was a step toward carrying out a promise Eisenhower made in his State of the Union message to Congress last January.

He said at that time that the nation should have a national water policy

In his talk before the Rivers and Harbors Congress at the Mayflower Hotel, the President said that as an old soldier he always has abhorred any piecemeal action.

For that reason, he added, the government and other interested agencies ought to start at the continental divide and make a thorough study of just what happens to every drop of water originating there.

Any other course, the President declared, would be "completely piecemeal and should be rejected."

Then he announced that he has ordered creation of a cabinet level committee on water resources

He said it will be made up of the heads of the Defense, Interior and Agriculture Departments, with representatives of other government agencies sitting in if necessary.

Under the cabinet unit, Eisenhower said, will be set up an operating committee to put into effect policies set forth by the cabinet members.

With such a program, the President added, he hopes to coordinate federal activities in the water resources field with the activities of such organizations as the Rivers and Harbors Congress, which is a non-government organization interested in flood control and river navigation

Eisenhower expressed the hope that creation of the cabinet committee will lead to co-operation on all sides

If that goal can be achieved, he said, "we won't wake up two decades from now to regret that we didn't act intelligently in 1954 in regard to this, our greatest natural resource."

Secretary of the Interior McKay told the gathering he hopes the administration will develop "a possible over-all water resources program which will replace the patchwork of existing laws."

"It has been my hope," McKay said, "that the executive branch of the government, working in close co-operation with the legislative branch, could develop and adopt an acceptable national water policy.

"This policy should recognize the rights and responsibilities of the states and other local interests

"It should also co-ordinate the participation of the federal government in this vital area of resource development.

"This is not an easy task, as you will readily understand. I believe, nevertheless, that we can report substantial progress."

He cited recent agreements covering use of a uniform method by interested federal agencies in allocating costs of multiple purpose projects and an agreement between the Interior Department and Army Engineers on a joint policy governing acquisition of real estate for dam and reservoir projects.

McKay said there had been "some loose talk recently concerning the plans of this administration regarding the development of our water resources" and he added:

"So that there may be no mistake, I want to make it crystal clear that this administration favors a strong and continuing reclamation policy . . .

"We believe in a working partnership of power and irrigation. Power revenues from large multi-purpose projects should be used to pay back not only the cost of storage works but also help reimburse the cost of irrigation works."

# Ike Forms Cabinet Committee To Set Up Broad Water Policy

WASHINGTON (AP)—President Eisenhower Tuesday announced formation of a cabinet committee to devise a broad water policy to cover this continent from ocean to ocean and from the Canadian border to Mexico."

The President made the announcement in an informal talk at the annual meeting of the National Rivers and Harbors Congress.

Formation of the cabinet level committee was a step toward carrying out a promise Eisenhower made in his State of the Union message to Congress last January.

He said at that time that the nation should have a national water policy.

In his talk before the Rivers and Harbors Congress at the Mayflower Hotel, the President said that as an old soldier he always has abhorred any piecemeal action.

For that reason, he added, the government and other interested agencies ought to start at the continental divide and make a thorough study of just what happens to every drop of water originating there.

Any other course, the President declared, would be "completely piecemeal and should be rejected."

Then he announced that he has ordered creation of a cabinet level committee on water resources.

He said it will be made up of the heads of the Defense, Interior and Agriculture Departments, with representatives of other government agencies sitting in if necessary.

Under the cabinet unit, Eisenhower said, will be set up an operating committee to put into effect policies set forth by the cabinet members.

With such a program, the President added, he hopes to coordinate federal activities in the water resources field with the activities of such organizations as the Rivers and Harbors Congress, which is a non-government organization interested in flood control and river navigation.

Eisenhower expressed the hope that creation of the cabinet committee will lead to co-operation on all sides.

If that goal can be achieved, he said, "we won't wake up two decades from now to regret that we didn't act intelligently in 1954 in regard to this, our greatest natural resource."

Secretary of the Interior McKay told the gathering he hopes the administration will develop "a possible over-all water resources program which will replace the patchwork of existing laws."

"It has been my hope," McKay said, "that the executive branch of the government, working in close co-operation with the legislative branch, could develop and adopt an acceptable national water policy.

"This policy should recognize the rights and responsibilities of the states and other local interests.

"It should also co-ordinate the participation of the federal government in this vital area of resource development.

"This is not an easy task, as you will readily understand. I believe, nevertheless, that we can report substantial progress."

He cited recent agreements covering use of a uniform method by interested federal agencies in allocating costs of multiple purpose projects and an agreement between the Interior Department and Army Engineers on a joint policy governing acquisition of real estate for dam and reservoir projects.

McKay said there had been "some loose talk recently concerning the plans of this administration regarding the development of our water resources" and he added:

"So that there may be no mistake, I want to make it crystal clear that this administration favors a strong and continuing reclamation policy . . .

"We believe in a working partnership of power and irrigation. Power revenues from large multi-purpose projects should be used to pay back not only the cost of storage works but also help reimburse the cost of irrigation works."

# Okay Asked For Closing City Hall On Saturdays

**By BILL DOBLER**
**Star Staff Writer**

The City Council has been presented with a proposal for closing of the City Hall all day Saturdays.

Carried to the Council by three city employees, the new proposal would mean no change in the number of hours, 41½, worked per week by city employees. It would mean that rather than having Saturday afternoons and one other half-day off a week, the employees would all be off Saturday and Sundays.

Speaking in favor of the proposal, John W. Kruse, Water and Light Department business manager, reported the plan started when employees in his department asked for the same conditions as are enjoyed elsewhere in the City Hall by having every other Wednesday and Saturday off.

### Staggering Unsuccessful

The staggering of help to allow everyone a half-day off and still keep the Hall open, Kruse said, has not proved too successful in the past. It is disturbing to have one person off one afternoon and another off another afternoon.

With the Hall closed on Saturdays, he said, there would be complete uniformity among employees. Also, he noted, the extra day for closing would cut operating costs some.

The closing on Saturday has the approval of all city directors. Kruse was accompanied in his presentation with Deputy City Clerks and Auditors Wayne Harvey and James Mallon.

Harvey and Mallon reported Saturday activity in the City Hall as very slow. The Council stated it would study the matter during the week and obtain a report on the Saturday activity in the various offices.

Except for Sundays and their two afternoons off, city employees now work from 8 a.m. to 5 p.m. with a 45-minute lunch period.

Several Council members viewed the change to the straight five day week inevitable while several others felt it was also more efficient. The only objections voiced were on the grounds of less service to the public with the five day week.

## Green Appointed As Omaha Chief

OMAHA (AP) — Detective Inspector Harry Green Tuesday was appointed Omaha chief of police.

Henry Boesen announced the selection immediately after his own swearing in as police commissioner.

Boesen was fired as chief last January by former Police Commissioner Harold Caldwell. Ray Strong has been acting chief since.

## Monthly Treasurer Reports Requested

OMAHA (AP) — The Douglas County board has instructed the county treasurer to report once a month on county cash balances and investments—and Commissioner Robert Munch has ended his boycott of county Board of Equalization meetings. He walked out last week because he was dissatisfied with reports on investment of county funds.

## Three Women Injured In Crash At Kennard

BLAIR, Neb. (AP)—Three Salt Lake City women were injured, none seriously, in a crash of their car near Kennard. They were Mrs. Ruth Beakinshau, Mrs. Lamar Lewis and Mrs. Stanley Whitehead, en route home from Rochester, Minn.

# 71 Pct. Of Corn Acreage Planted

About 71 per cent of Nebraska's corn acreage had been planted as of Saturday, but the heavy week-end rains in eastern Nebraska will force some replanting, the State-Federal Division of Agricultural Statistics reported Tuesday.

Last year at this time, 72 per cent of the crop was planted. A week ago only 32 per cent had been planted.

Rains delayed planting in many southern counties but conditions were highly favorable for planting last week in northern counties.

Last week's outstanding crop-weather feature was the rain that fell May 16 over southern and western portions of the state. It was "the first substantial rain that southwestern Nebraska has received this year," the weekly crop report noted.

With favorable weather, the wheat outlook improved and the crop had started to head in most of the two southern tiers of counties. About a half dozen southwest counties have lost considerable wheat to the earlier drought and high winds but last week's rains improved the remaining wheat, in any event.

Most of the Panhandle shared in the rain although several counties received some hail.

Spring small grain crops showed some improvement after the rain. Some complaints have been made about the poor color of some of the oats, indicating a lack of nitrogen.

Some sorghum and soybeans were planted last week, and most of the soybean planting will be finished this week, the report said.

Harvest of the first crop of alfalfa is expected to start by the close of the week. There was freeze damage early in the month but most of the crop has recovered better than expected.

Moisture supplies are now favorable for pasture and hay crops throughout the state and last week's report showed improved conditions for alfalfa, wild hay and pasture.

Temperatures averaged near normal last week.

Percentages of corn planting completed by areas as of Saturday included northwest 65 per cent, north-central 74, northwest 82, central 71, east-central 76, southwest 69, south-central 55, and southeast 59.

**Fill up now** with new D-X Ethyl with UCL-plus, and keep score on your mileage. If this new D-X doesn't deliver *extra* miles per gallon—*extra* mileage you can actually measure—we'll refund your money!

**We dare make** this guarantee because new-process D-X Ethyl with UCL-plus gives your engine *extra* upper-cylinder lubrication to overcome power-robbing friction, *extra* protection against fuel-wasting pre-ignition and spark plug fouling, *extra* antiknock to get *extra* "go" out of your engine. It's an entirely different gasoline, super-refined to a higher octane by a new catalytic process. Then, after it's refined, new D-X is fortified with the only all-inclusive additive, UCL-plus.

**First tank, every tank,** D-X Ethyl with UCL-plus adds up to better mileage because it makes your engine more efficient than you ever thought possible. It's that simple. So see your dealer now. Try D-X on our written, signed, money-back guarantee. You be the judge!—more miles or your money back!

# Okay Asked For Closing City Hall On Saturdays

**By BILL DOBLER**
**Star Staff Writer**

The City Council has been presented with a proposal for closing of the City Hall all day Saturdays.

Carried to the Council by three city employees, the new proposal would mean no change in the number of hours, 41½, worked per week by city employees. It would mean that rather than having Saturday afternoons and one other half-day off a week, the employees would all be off Saturday and Sundays.

Speaking in favor of the proposal, John W. Kruse, Water and Light Department business manager, reported the plan started when employees in his department asked for the same conditions as are enjoyed elsewhere in the City Hall by having every other Wednesday and Saturday off.

### Staggering Unsuccessful

The staggering of help to allow everyone a half-day off and still keep the Hall open, Kruse said, has not proved too successful in the past. It is disturbing to have one person off one afternoon and another off another afternoon.

With the Hall closed on Saturdays, he said, there would be complete uniformity among employees. Also, he noted, the extra day for closing would cut operating costs some.

The closing on Saturday has the approval of all city directors. Kruse was accompained in his presentation with Deputy City Clerks and Auditors Wayne Harvey and James Mallon.

Harvey and Mallon reported Saturday activity in the City Hall as very slow. The Council stated it would study the matter during the week and obtain a report on the Saturday activity in the various offices.

Except for Sundays and their two afternoons off, city employees now work from 8 a.m. to 5 p.m. with a 45-minute lunch period.

Several Council members viewed the change to the straight five day week inevitable while several others felt it was also more efficient. The only objections voiced were on the grounds of less service to the public with the five day week.

## Green Appointed As Omaha Chief

OMAHA (AP) — Detective Inspector Harry Green Tuesday was appointed Omaha chief of police.

Henry Boesen announced the selection immediately after his own swearing in as police commissioner.

Boesen was fired as chief last January by former Police Commissioner Harold Caldwell. Ray Strong has been acting chief since.

## Monthly Treasurer Reports Requested

OMAHA (AP) — The Douglas County board has instructed the county treasurer to report once a month on county cash balances and investments—and Commissioner Robert Munch has ended his boycott of county Board of Equalization meetings. He walked out last week because he was dissatisfied with reports on investment of county funds.

## Three Women Injured In Crash At Kennard

BLAIR, Neb. (AP)—Three Salt Lake City women were injured, none seriously, in a crash of their car near Kennard. They were Mrs. Ruth Beakinshau, Mrs. Lamar Lewis and Mrs. Stanley Whitehead, en route home from Rochester, Minn.

# 71 Pct. Of Corn Acreage Planted

About 71 per cent of Nebraska's corn acreage had been planted as of Saturday, but the heavy week-end rains in eastern Nebraska will force some replanting, the State-Federal Division of Agricultural Statistics reported Tuesday.

Last year at this time, 72 per cent of the crop was planted. A week ago only 32 per cent had been planted.

Rains delayed planting in many southern counties but conditions were highly favorable for planting last week in northern counties.

Last week's outstanding crop-weather feature was the rain that fell May 16 over southern and western portions of the state. It was "the first substantial rain that southwestern Nebraska has received this year," the weekly crop report noted.

With favorable weather, the wheat outlook improved and the crop had started to head in most of the two southern tiers of counties. About a half dozen southwest counties have lost considerable wheat to the earlier drought and high winds but last week's rains improved the remaining wheat, in any event.

Most of the Panhandle shared in the rain although several counties received some hail.

Spring small grain crops showed some improvement after the rain. Some complaints have been made about the poor color of some of the oats, indicating a lack of nitrogen.

Some sorghum and soybeans were planted last week, and most of the soybean planting will be finished this week, the report said.

Harvest of the first crop of alfalfa is expected to start by the close of the week. There was freeze damage early in the month but most of the crop has recovered better than expected.

Moisture supplies are now favorable for pasture and hay crops throughout the state and last week's report showed improved conditions for alfalfa, wild hay and pasture.

Temperatures averaged near normal last week.

Percentages of corn planting completed by areas as of Saturday included northwest 65 per cent, north-central 74, northwest 82, central 71, east-central 76, southwest 69, south-central 55, and southeast 59.

# Wounded Clogged Muddy Corridors, Says Angel Of Dien Bien Phu

By MARVIN STONE

HANOI (INS)—French Heroine Genevive de Galard Terraube told Tuesday of her "unforgettable" mole-like evistence in the dugouts beneath Dien Bien Phu, where a glimpse of the sun was a delicious treat and the sound of exploding shells became as natural as that of honkig traffic in Paris.

The Air Force nurse disclosed she is "thinking over" acceptance of an offer—estimated in the neighborhood of $100,000—for her full story of her weird life among the hundreds of wounded and dying whom she had nursed for more than eight weeks.

The 29-year-old blue-eyed "Angel of Dien Bien Phu" told her story of courageous sacrifice modestly and calmly.

She spoke at a news conference after she had her first professional hair-do, her first sleep "in a real bed with white sheets" and her first hot shower in mud-free water since she was trapped at Dien Bien Phu and stayed on to help write a stirring chapter of French military history.

MME. DE GALARD TERRAUBE

The nurse was released by her Vietminh captors Monday.

"It was a tremendous experience. I treasure the unforgettable memories of the extraordinary comradeship at Dien Bien Phu."

She added: "For me Dien Bien Phu was a wonderful experience despite the horrible moments."

(In Oslo, the board of governors of the League of Red Cross Societies recommended the award of the Florence Nightingale Medal to the French heroine. The only dissenter was the Soviet delegate, Dr. B. M. Pachkov.)

"My worst moment—the most dramatic," she said, came during the night of March 30-31."

The Vietminh launched heavy artillery barrages against the fort and sent ant-like forces of jungle veterans against the defenses.

She continued: "I never saw so many wounded. I never saw such a battle.

"The wounded were brought in by the hundreds. Sometimes they clogged the muddy corridors, waiting to be assigned to the various medical shelters."

The "most tragic" part of the battle, said the nurse, came in the final days. The French were dropping blood plasma and other medical supplies but the drops could not be accurate because of conditions. She said:

"Sometimes the plasma was dropped at one spot while the ice needed to preserve it properly was dropped somewhere else, sometimes later."

Nurse Genevieve gave this account of the fortress fall:

"I was in my surgical section when Col. Pierre Langlais of the parachutists came in to advise us that the defenders would resist until their ammunition gave out. A few hours later, it was all over."

The nurse said she was wearing a stained khaki shirt and trousers, and standing knee-deep in mud and water near some stretchers when the first Vietminh soldier scrambled through the sagging French defenses.

She said:

"The equipment was blown up when the Vietminh reached the medical section underground."

She and the chief medical officer came out to meet the enemy.

Nurse Genevieve said she helped care for the Vietminh wounded as well as the French Union casualties after the surrender.

# School Construction Lagging—Brownell

ATLANTIC CITY, N. J. (AP)—U.S. Commissioner of Education Samuel M. Brownell said Tuesday the nation is slipping two steps back for every step forward in school construction.

"If we are to meet current needs, we must build 117,000 new classrooms annually," Brownell said. "We now build approximately 50,000 a year. Hence, we are falling behind at the rate of 67,000 classrooms annually."

In a speech prepared for delivery to the annual convention of the National Congress of Parents and Teachers, the former Nebraskan said the nation's education problems "will not be solved by any single dramatic move."

"We face a long term job, not a crisis," he said. "We must see that the steps we take today are part of a long-range program "

That program, he said, should include ways to meet these "challenges" facing the PTA and the nation:

1. At the start of this year there was a "shortage of about 72,000 prepared teachers for elementary schools " The situation is made worse by the fact that "we cannot buy devoted and able teachers as we can buy classrooms."

2. The "serious drop-out" problem presented by students who, for one reason or another, leave school before graduation is hitting the nation with losses it can't afford in "potential trained manpower."

3 Illiteracy still "constitutes an appalling national waste." There are eight million "functional illiterates"—those with less than five years schooling—in the United States today.

# 51 Truck Scale Operators Picked

The State Highway Department Tuesday announced the appointment of 51 men to operate the truck weighing scales which uniformed safety patrolmen have operated in the past.

The appointments are effective June 1.

Patrolmen now assigned to operate the scales will be assigned to road duty in the stepped-up drive against traffic fatalities.

At the same time, operation of the scales will be more continuous than in the past.

Those appointed included:

Harvey Bliss, Fairbury; Norman Burkholder, Hastings; Richard T. Carter, Omaha; Clarence K. Cook, Hastings; Jack W. Crouch, Broken Bow; Clifford H. Dohse, Omaha; Robert H. Dunn Jr , William Essenger, Roger B. Fowler and Carl J. Harrer, Lincoln; Lawrence T. Ferguson Jr , North Platte, George Harms, Fairbury.

Douglas W. Markham, Fairbury; Otto J. McKinley Jr., Lincoln; Elmer I. Moore, McCook: Curtis G. Muller, Norfolk; Robert A. Pease and Eberhard Von Wolf Jr, Lincoln; Ralph W. Ready, Broken Bow; Elgin J. Schwaninger, Beatrice; Charles W. Shane, Fairbury; and Jack L Stava, Grand Island.

# School Construction Lagging—Brownell

ATLANTIC CITY, N. J. (AP)—U.S. Commissioner of Education Samuel M. Brownell said Tuesday the nation is slipping two steps back for every step forward in school construction.

"If we are to meet current needs, we must build 117,000 new classrooms annually," Brownell said. "We now build approximately 50,000 a year. Hence, we are falling behind at the rate of 67,000 classrooms annually."

In a speech prepared for delivery to the annual convention of the National Congress of Parents and Teachers, the former Nebraskan said the nation's education problems "will not be solved by any single dramatic move."

"We face a long term job, not a crisis," he said. "We must see that the steps we take today are part of a long-range program."

That program, he said, should include ways to meet these "challenges" facing the PTA and the nation:

1. At the start of this year there was a "shortage of about 72,000 prepared teachers for elementary schools." The situation is made worse by the fact that "we cannot buy devoted and able teachers as we can buy classrooms."

2. The "serious drop-out" problem presented by students who, for one reason or another, leave school before graduation is hitting the nation with losses it can't afford in "potential trained manpower."

3. Illiteracy still "constitutes an appalling national waste." There are eight million "functional illiterates"—those with less than five years schooling—in the United States today.

# 51 Truck Scale Operators Picked

The State Highway Department Tuesday announced the appointment of 51 men to operate the truck weighing scales which uniformed safety patrolmen have operated in the past.

The appointments are effective June 1.

Patrolmen now assigned to operate the scales will be assigned to road duty in the stepped-up drive against traffic fatalities.

At the same time, operation of the scales will be more continuous than in the past.

Those appointed included:

Harvey Bliss, Fairbury; Norman Burkholder, Hastings; Richard T. Carter, Omaha; Clarence K. Cook, Hastings; Jack W. Crouch, Broken Bow; Clifford H. Dohse, Omaha; Robert H. Dunn Jr., William Essenger, Roger B. Fowler and Carl J. Harrer, Lincoln; Lawrence T. Ferguson Jr., North Platte; George Harms, Fairbury.

Douglas W. Markham, Fairbury; Otto J. McKinley Jr., Lincoln; Elmer I. Moore, McCook; Curtis G. Muller, Norfolk; Robert A. Pease and Eberhard Von Wolf Jr., Lincoln; Ralph W. Ready, Broken Bow; Elgin J. Schwaninger, Beatrice; Charles W. Shane, Fairbury; and Jack L. Stava, Grand Island.

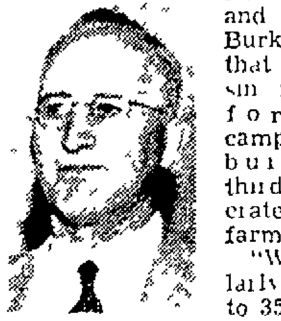
# Value Of Penal Farms, Camps Told

If prison authorities and state dministrations would realize the alue of prison farm and camp ograms, there would be no eed for any state to ever build maximum security cell again. John Burke, warden of the Wisconsin Penitentiary, told the members of the 20th annual conference of the Central States Correction Association at the Cornhusker Hotel Tuesday, "There is too much concrete and steel bars piled up now."



Meissner

A member of a panel discussion on camps and farms, Burke said that Wisconsin runs two forestry camps and is building a third and operates seven farm camps'

"We regularly keep 25 to 35 per cent of our population outside walls," Burke said, "and you can put a lot more men outside the walls with more safety than you think"

The camps are open—"no guns, no dogs, no fences—not even any locks on the doors," Burke said

### Only Nine

He added that only nine men walked away from the camps last year out of a total of 350 to 385 men at the camps

Warden Herbert Hann of the Nebraska Penitentiary discussed the farm setup here He said that one-third of the prison population of 750 is outside the walls during the day. The penitentiary is building a dormitory outside the walls but inside the fence which will house 250 trusties

Dr James M Reinhardt, chairman of the University of Nebraska sociology department and criminology professor, said at the luncheon session that to answer the problem of crime by referring to a special cause such as poverty is a mistake.

He said there are two groups of offenders—the mature, confirmed criminal and the lawbreaker. The confirmed criminal differs from the lawbreaker in that the criminal has rejected social values while the lawbreaker uses them to his own advantage.

"The confirmed criminal is a victim of suspicion, suspectism, convictionism, and arrestism," Dr. Reinhardt said

### Individual Values

He suggested that the solution to the problem of the confirmed criminal is the conversion or transmutation of his individual values.

Creach

The association elected Dr. W. E Watson, director of corrections at the Kentucky State Prison, to head the group. Other new officers include Delmar Huebner of Madison, Wis., secretary; O. J. Creach of Jefferson City, Mo., re-elected treasurer; and vice-presidents Russell Oswald of Madison, Wis.; Gordon Jaeck of St. Paul, Minn.; Richard C Meissner of Lincoln, and J. C. Copeland of Indianapolis, Ind

The conference earlier heard a discussion on the pre parole program established in Michigan in 1953 and a discussion on education in minimum and maximum security institutions which was chairmanned by George L. Morris, superintendent of the Nebraska Reformatory.

Speakers on the education panel included Nebraskans Victor Byrne of the penitentiary, Miss Maude Disbrow, superintendent of the Girls' Training School at Geneva, and M L Wimberly, superintendent of the Boys' Training School at Kearney.

## L. F. Curtis Dead

NEW YORK (AP)—Lucius Fisher Curtis, 74, longtime newspaperman and former treasurer of the Associated Press, died Tuesday of pneumonia at St. Luke's Hospital. Curtis spent 36 years with the Associated Press, serving in many editorial and executive capacities. He was treasurer from 1935 to 1946, when he retired.

## They're Going To Paris

LOS ANGELES (AP) — Zsa Zsa Gabor and Porfirio Rubirosa plan to leave Sunday night for a month's stay in Paris, the actress said. A trip to Mexico City, she said, was canceled because she had to prepare for the European trip, and Rubirosa "wouldn't go to Mexico City without me."

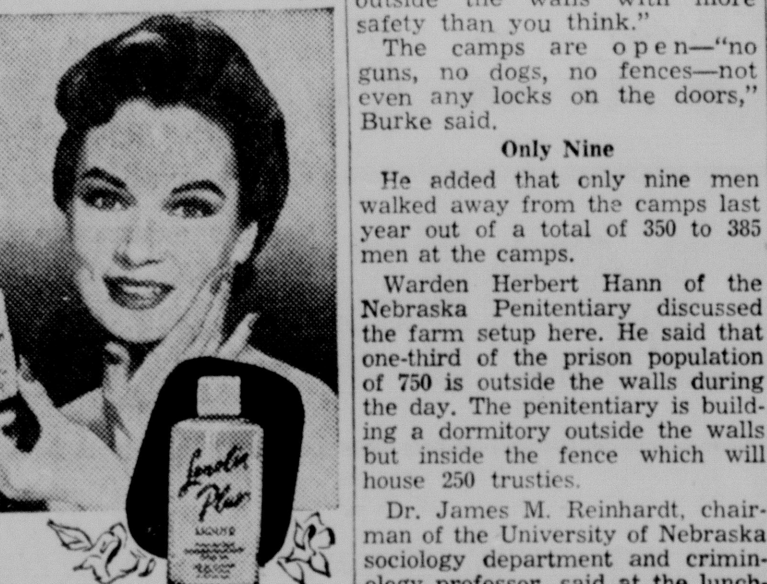
For Your Smile



Premature crow's-feet at the corners of your eyes are often caused by skin dryness. Skin dryness is caused by your skin's inability to make enough lubricating cholesterols and esters. Penetrating Lanolin Plus *Liquid* used nightly as a cleanser—then a few extra drops gently massaged into your skin before retiring—next day a few more drops used as a powder base. This keeps your skin constantly supplied with an abundance of cholesterols and esters. Result: dry skin is overcome—premature dry-skin wrinkles quickly fade, giving you a surprisingly younger look. Get your Lanolin Plus *Liquid* today. Use it tonight. Actually SEE and feel a difference tomorrow morning. All this for but one dollar, plus tax.

* *If you spent $1,000, you could not get more beauty help than you get from a $1 (plus tax) bottle of Lanolin Plus Liquid.*

# Busch Says He Would 'Gladly' Sell Cardinals If Team Stayed In St. Louis

By WARREN ROGERS

WASHINGTON (AP) — August A. Busch Jr. blurted out Tuesday that he would gladly sell the Cardinal baseball team if he could get his investment back and the team stayed in St. Louis.

It was, in effect, Busch's reply to a suggestion from Sen. Edwin C. Johnson (D-Colo) that baseball and beer don't mix. The Colorado Senator had exhorted Busch to forget beer and concentrate on baseball.

Busch is president of Anheuser-Busch, Inc., and president also of the St. Louis Cardinals, the National League club the brewery bought a year ago.

Johnson is a baseball man himself, being president of the Class A Western League. He and Busch appeared before the Senate judiciary subcommittee considering Johnson's proposal to bring within the anti-trust laws any organized baseball team controlled by a commercial enterprise.

Johnson opened Tuesday's hearing, presided over by Sen. Langer (R-ND), with a statement in which he contended baseball has been "prostituted" into "the adjunct of the brewing business."

**This statement was challenged by baseball commissioner Ford Frick, who also testified. Frick called it "oratorical" and "a little bit too broad."**

After reading a prepared statement, Busch was questioned at length by Johnson and other senators.

In a flareup with Johnson, Busch said he had no desire to monopolize beer-making or baseball, or to use the Cardinals to promote beer.

"If anybody wants to buy the Cardinals, they're open," he said. "All I ask is that they be kept in St. Louis."

**When Johnson asked how much, he replied:**

**"Exactly what we paid for them and put into them."**

Aides to Busch said the brewery paid $3,750,000 for the Cardinals organization in March 1953 and spent about $1,750,000 in development since then.

Busch read from a statement in which he attacked Johnson's proposal as "discriminatory and punitive" and disputed previous statements by Johnson about beer and baseball.

Johnson's resolution, as originally introduced last February, sought to bring within the anti-trust laws any professional baseball club "affiliated with the alcoholic beverage industry."

**Johnson, as head of the Western League, has been at odds with the Cardinals about their broadcasting major league games in minor league territory. He contends it cuts into attendance at the minor league games.**

The Supreme Court last November held professional baseball in the sight of the law is a sport, not a business, and so does not come under the antitrust laws.

Johnson told the subcommittee, with Sen. Langer (R-ND) presiding, that the Supreme Court might reverse this decision unless baseball or Congress gets rid of what he called "the Anheuser-Busch Cardinal combine."

"If organized baseball is to remain a sport in the sight of the law it must rule out the degrading and humiliating status of being operated by industries having businesses other than baseball and which are subject to the antitrust laws."

Johnson intoned:

"Selfish interests have moved into the control of professional baseball and openly and without shame have prostituted and exploited it; they have made it the handmaiden and the adjunct of the brewing business."

Busch, reading carefully from a prepared statement, told the subcommittee he never dreamed he would get into baseball until about a year ago.

When the Cardinals had to be sold in March 1953 and no buyer came forward, he said, he called stockholders. He said the vote was 99.9 per cent "yes" and the brewery acquired the ball team.

**"Gentlemen, this was and still is the only means known to me that would have kept the Cardinals in St. Louis," Busch said.**

Busch expressed pride in the record of his family's century of brewing, and is disturbed by "implications" in some of Johnson's statements.

He said Johnson is in error when he says the Busch Brewery takes a "nice fat deduction" because of running the Cardinal ball club.

## Chiefs Still Seek First Win In Rainy Wichita

Wednesday morning found the Lincoln Chiefs still looking for their first win over the Wichita Indians and for a missing pitcher.

Rain, which washed out a whole series with the Indians earlier in the season, forced postponement of a doubleheader at Wichita Tuesday. The downpour left the grounds soggy at game time. Monday night, Wichita won 2-1 in a game shortened to six innings by rain.

A doubleheader is scheduled today.

Meanwhile, General Manager Bill Herring of the Chiefs is trying to find what has become of Jack Fitzgerald, a pitcher optioned to Lincoln from Toledo of the Class AAA American Association, 12 days ago. So far, Fitzgerald hasn't reported.

## Denver Shut Out By Des Moines, 3-0

DENVER (AP)—Joe Kuncl shut out Denver on six hits Tuesday night as Des Moines took its second straight win from the Bears, 3-0 before only 912 fans.

The Bruins counted with two runs on as many hits in the second inning and added their last tally in the fourth.

Denver's Bob Garber gave up an infield single to Don Brown to open the second, and John Magliolo followed with a triple to the right field corner. Magliolo came home on Jim McDaniel's sacrifice fly.

**For other Western League Box Scores, see Page 18.**

A squeeze bunt by Kuncl gave the Bruins their final score. The Iowans loaded the bases on a single, an error and a walk to bring up their hurler. Vern Morgan, the lead runner at third, came home on the bunt.

Denver got men on base in every inning, but Kuncl bore down to hand the Bears their second shutout of the season.

The win was Des Moines' third in eight games this year with the Bears.

## The Firing Line

by Norris Anderson
SPORTS EDITOR, THE STAR

Thinking out loud . . . It seems impossible that Whitie Reed was the star of the University of Nebraska back in 1935-36-37 . . . He still looks around 25 . . . Whitie has been invited to play in the Westborough Invitation Round Robin tourney near St. Louis, June 10-13 . . . Among the entries are Gene Zuspann, an old Husker teammate of Whitie's; Rex Baxter, Jr., former National Junior champion from Texas, and Dale oMrey, Jim Jackson, Don Schumacher and John Levinson, all former Walker Cup players . . . Whitie is one of 16 players invited to compete in the meet.

Gomer Jones

This feller, Bob Feller, showed a sense of humor when he said: "In an exhibition game, I struck out the Giants' bonus baby, Joe Amalfianto. Joe came up to me and said, 'Bob that was a terrific slow curve you threw me.' I didn't dare tell him it was my fast ball." . . . Colorado, at long last, is building a new press box in Folsom Stadium . . . No longer will near-sighted and flabby scribes have to peek out of the fieldhouse windows, around posts and usually in the region of the end zones . . . Dead ringers: Hi Simmons, Missouri baseball coach and Bill Orwig, Nebraska athletic director.

Big doings at the Kearney Country Club Thursday . . . The Kearney Quarterbacks Club, which includes over 400 members, will toss their annual fete for the Husker coaching staff . . . As well as greeting a dandy little golf course, it is an important day because the area around Kearney and Grand Island needs a lot of fence-mending in regards to the Husker athletic department . . . Herm Strackbein, former assistant at the Lincoln Country Club, is the Kearney pro.

Out Denver way, we found a common feeling that Lincoln's present Western League lead will soon dissolve and the Chiefs will do a royal flip-flop . . . Wanna bet? . . . Unlike a year ago, Lincoln has better reserve strength and more front-line pitchers . . . Besides this team has remarkable comeback powers; it bounces back hard after a bad night.

**Gomer Jones, former Husker line-master (1946 vintage) and since producer of a long succession of great Oklahoma forward walls, says the Sooners will be green next fall . . . So green, we figure, that they'll wind up as Big Seven champs . . . Gomer thinks the Sooners will especially miss Guard J. C. Roberts and Halfback Larry Grigg; "money players", he calls 'em . . . Minnesota's starting lineup against Nebraska in Minneapolis, Sept. 26, will probably include the McNamara brothers, Bob and Pinky, at the halfbacks . . . Pinky, only a sub in Bob's well-headlined shadow, was the backfield spark of the Gopher spring drills.**

From Tampa, Fla., Pat Ash sends The Firing Line a newspaper clipping on J. Gordon Roberts, the Omaha industrialist . . . Roberts, who keeps a winter home at Clearwater Beach, Fla., tells how Florida can keep prize preppers within its boundaries . . . Roberts suggests the sunshine state use the same system that he started at Nebraska . . . "We assembled a group of old grads, who had played for Nebraska," explained Roberts. "All of them had left college to achieve success in the business and professional world. With the ex-greats as special guests, we brought before them groups of high school seniors to hear the message on Nebraska. The clincher of the programs came when the old grads told of the business contacts, professional clients and contact they had made while playing for Nebraska."

**Personal note: An excellent idea, Gordon, and let's do it one better. How about a similar group in every city of the state?**

Everything won't be quite right in the ranks of the Leftfield Bleachers Advisory Committee when the Chiefs return to Sherman Field, June 2 . . . Forest W. Moeller, one of the mainstays of the group and a really grand guy, was killed over the week-end in an automobile accident . . . He formerly was a manager and player on teams in the city league and, in recent years, his interest was invested in the Chiefs.

## Holy Name Will Defend B Title Against Wisner

By RON GIBSON
Star Sports Staff Member

Boys Town and Omaha Holy Name, defending state baseball champions in Classes A and B, rolled past their first round opponents Monday to take their places alongside the only other defending champion, Class D. Millard, in today's finals.

**Boys Town eliminated Northeast, 7-3, and Holy Name dropped Hebron, 6-1, on the University of Nebraska diamond.**

Lincoln High stopped Omaha Cathedral, 4-0, in the day's wind-up game. The Links will play Boys Town at 3:15 p.m. today for the Class A title, which the Links won two years in a row before Boys Town broke their mastery last year.

Holy Name's opponent at 1:30 today will be Wisner, a 4-2 victor over Columbus St. Bonaventure Monday.

### Lincoln 4, Cathedral 0

Junior Dick Hergenrader pitched one-hit ball as Bill Jensen's Links stopped Omaha Cathedral, 4-0, although getting only four hits off classy left-hander John Bartek of the Cardinals.

**Hergenrader set down the first eight men to face him and had a no-hitter going until Leonard Nowack led off the Cathedral fifth with a sharp single to left field. Virg Moline sacrificed Nowack to second but Hergenrader retired the next two men in order.**

Only two other Cardinals got on base, both of them on errors by Cliff Hardesty. Hergenrader struck out 11.

The Links had trouble with Bartek, a fast-ball pitcher. Only sophomore Second Baseman Yogi Hergenrader was able to solve his southpaw slants. Yogi got two hits in two trips, scored one run and batted in another.

**In the second inning, Yogi blasted a triple into the teeth of a booming wind blowing in from left field and then scored when Hardesty hoisted to centerfield.**

That was all the margin the Links needed but they added two more in the fifth. Roger Krhounek beat out an infield hit to open the inning, then stole second and went to third on a wild throw by the catcher.

After Gary Smith rolled out to the first baseman, Krhounek scored on a wild pitch. Jack Curtis walked, stole second and scored when Yogi rifled a ground single to center.

Lincoln's final run came in the sixth. Ron Bayless made it around on a walk, a two-base error by Joe Pilmaier and a wild pitch.

### Boys Town 7, Northeast 3

Will Dollar, a tough right-hander with a pretty fair fast ball, stopped Northeast through five innings in the 7-3 Boys Town victory.

He is expected to go again today in the finals. Bill Issac came in from centerfield to finish the Rocket game for the defending Class A champions.

**The Cowboys got to sophomore Rudy Stoehr for four runs in the third and three in the fourth when sharp base hits and Stoehr's wildness caused the trouble.**

There were two outs in the third and Joe Nation was on first with a single when the Cowboys exploded. Jerry Hammack walked, Issac hit a line drive to right, Dollar single sharply down the third base line and Jim Brown cracked a single to the same spot to drive in the fourth run.

Northeast came back on a walk to Wayne Hester and singles by Larry Bryant and Jim Douthit to score one run.

Boys Town scored three in the fourth on an error, a walk and two singles.

Northeast used two errors and Stoehr's single for seventh inning runs.

George Neill made the best play of the day when he raced to his right to stop Issacs' hard grounder from going into the outfield. He made a one-hand stab at the ball, held it, but threw short to First Baseman Bryant and Issac beat out the hit.

### Wisner 4, Bonaventure 2

Wisner Tuesday won a berth in the Class B state baseball tournament finals by defeating Columbus St. Bonaventure 4-2 at the University of Nebraska.

The slow-moving tilt was tied, 2-2, going into the top of the fifth when Wisner collected a pair of runs to cinch the victory. The runs resulted from a pair of hits, a walk, a wild pitch and an error.

### Holy Name 6, Hebron 1

Displaying the sharpest batting attack thus far in the state meet, Omaha Holy Name blasted Hebron 6-1 in Class B play Tuesday.

The winner collected 11 hits, including three doubles, one each by Ed Fletcher, George Griffin and Bill Koeppen.

John Putnam backed up the Rambler attack with a five-hit pitching performance. He walked none and struck out six. Hebron's lone run came in the third on a single by Don Weber, an error by Carl Smith, and a fielder's choice.

### Orioles Buy Pirate Cal (.143) Abrams

## Baltimore Gets Third National Sub

By GEORGE BOWEN

BALTIMORE (AP)—The Baltimore Orioles, who had a reputed half million dollars to spend building a winner, Monday used some of it for the third time to buy a substitute on a National League team.

Art Ehlers

Avowedly in the market for a hitter, the Orioles bought outfielder Cal Abrams from the Pittsburgh Pirates for some cash and pitcher Dick Littlefield. Abrams has appeared in only 17 Pirate games and hit a poor .143.

Art Ehlers, Oriole general manager, previously had gone to the other league to buy Eddie Waitkus from the Philadelphia Phillies and Dave Koslo from the New York Giants. Waitkus hasn't played since May 8 when he was hitting .170 and Koslo has pitched only 14⅓ innings.

The only other cash transactions engaged in by the Orioles were for Ray Murray, a second string Philadelphia Athletic catcher, pitcher Vern Bickford from Milwaukee, and Jim Bridewiser, shortstop whom Casey Stengel didn't consider worthy of the New York Yankee roster.

Murray has appeared in five games and Brideweser in three. Bickford was given his unconditional release earlier this month.

**Ehlers promised, however, after announcing the Abrams deal there will be "further developments." He has been in touch with virtually every team in both the American and National leagues since the Orioles lost three of four-games last week-end by one-run margins to Cleveland.**

At the start of the season, Clarence W. Miles, Oriole president, announced purchase of the St. Louis Browns included a tax advantage of half a million. "It all will be plowed back into building up this ball club," he said, and "over and above that half million, we have a very tidy and substantial figure to spend this year for new players."

Besides money deals, Ehlers made even-up swaps of Roy Sievers for Gil Coan with Washington and Johnny Groth for Sam Mele with the Chicago White Sox. Coan is hitting .195 and Mele .188. The best batting average by a regular is third baseman Junior Stephens' .295.

The Orioles are hitting .219 as a team. The Browns were 30 points better in finishing last in 1953.

**The lack of Oriole hitting has club officials stumped and the fans suffering from nervous shock. The Orioles, in 31 games, have won five by one run and lost eight by one. They've won four by two and lost the same number by the same margin. Five games have gone extra innings, two of which the Orioles won.**

"If anybody had told me when we went to camp that this club wouldn't hit, I'd have told him he was crazy," Manager Jimmy Dykes said.

"Everything has worked out opposite to the way I expected.

"I didn't think we'd get great pitching, but we have. *Who was it said pitching is 80 per cent of the game? He's gotta be wrong. Look at us.*"

Bob Turley, the Oriole strike-out ace, has lost four games by scores of 2-1, 4-2, 3-1 and 2-1, the latest in 12 innings. Two of his four victories were by 2-1 scores and another 3-1.

Ehlers explained he's trying to do two jobs at once in his trading.

"We are definitely going to have to hang onto our good younger players while looking ahead to the future," he said. "We realize, too, that it is necessary to acquire some older players to carry the team until the youngsters have developed."

**The acquistion of Abrams left Baltimore fans wondering into which caetgory he fell. He's 30 years old and after five years with Brooklyn, Cincinnati and the Pirates he still was only a substitute for last place Pittsburgh.**

## Inter-Scholastic Sports Ruled Out For Ninth Graders

Ninth grade pupils will no longer be allowed to participate on varsity, reserve or any organized school team taking part in inter-scholastic contests, according to a new policy decision of the Lincoln Board of Education.

Previously, Northeast High School ninth graders had been allowed to participate in inter-scholastic athletics. The new policy was arrived at after conferences with R. S. Mickle, Northeast principal.

The new policy applies to all Lincoln public schools with the exception of College View. It was stated that when the new Southeast High School opens, it will follow the regular Board policies in regards to athletics.

# Busch Says He Would 'Gladly' Sell Cardinals If Team Stayed In St. Louis

**By WARREN ROGERS**

WASHINGTON (AP) — August A. Busch Jr. blurted out Tuesday that he would gladly sell the Cardinal baseball team if he could get his investment back and the team stayed in St. Louis.

It was, in effect, Busch's reply to a suggestion from Sen. Edwin C. Johnson (D-Colo) that baseball and beer don't mix. The Colorado Senator had exhorted Busch to forget beer and concentrate on baseball.

Busch is president of Anheuser-Busch, Inc., and president also of the St. Louis Cardinals, the National League club the brewery bought a year ago.

Johnson is a baseball man himself, being president of the Class A Western League. He and Busch appeared before the Senate judiciary subcommittee considering Johnson's proposal to bring within the anti-trust laws any organized baseball team controlled by a commercial enterprise.

Johnson opened Tuesday's hearing, presided over by Sen. Langer (R-ND), with a statement in which he contended baseball has been "prostituted" into "the adjunct of the brewing business."

**This statement was challenged by baseball commissioner Ford Frick, who also testified. Frick called it "oratorical" and "a little bit too broad."**

After reading a prepared statement, Busch was questioned at length by Johnson and other senators.

In a flareup with Johnson, Busch said he had no desire to monopolize beer-making or baseball, or to use the Cardinals to promote beer.

"If anybody wants to buy the Cardinals, they're open," he said. "All I ask is that they be kept in St. Louis."

**When Johnson asked how much, he replied:**

**"Exactly what we paid for them and put into them."**

Aides to Busch said the brewery paid $3,750,000 for the Cardinals organization in March 1953 and spent about $1,750,000 in development since then.

Busch read from a statement in which he attacked Johnson's proposal as "discriminatory and punitive" and disputed previous statements by Johnson about beer and baseball.

Johnson's resolution, as originally introduced last February, sought to bring within the anti-trust laws any professional baseball club "affiliated with the alcoholic beverage industry."

**Johnson, as head of the Western League, has been at odds with the Cardinals about their broadcasting major league games in minor league territory. He contends it cuts into attendance at the minor league games.**

The Supreme Court last November held professional baseball in the sight of the law is a sport, not a business, and so does not come under the antitrust laws.

Johnson told the subcommittee, with Sen. Langer (R-ND) presiding, that the Supreme Court might reverse this decision unless baseball or Congress gets rid of what he called "the Anheuser-Busch Cardinal combine."

"If organized baseball is to remain a sport in the sight of the law it must rule out the degrading and humiliating status of being operated by industries having businesses other than baseball and which are subject to the antitrust laws."

Johnson intoned:

"Selfish interests have moved into the control of professional baseball and openly and without shame have prostituted and exploited it; they have made it the handmaiden and the adjunct of the brewing business."

Busch, reading carefully from a prepared statement, told the subcommittee he never dreamed he would get into baseball until about a year ago.

When the Cardinals had to be sold in March 1953 and no buyer came forward, he said, he called stockholders. He said the vote was 99.9 per cent "yes" and the brewery acquired the ball team.

**"Gentlemen, this was and still is the only means known to me that would have kept the Cardinals in St. Louis," Busch said.**

Busch expressed pride in the record of his family's century of brewing, and is disturbed by "implications" in some of Johnson's statements.

He said Johnson is in error when he says the Busch Brewery takes a "nice fat deduction" because of running the Cardinal ball club.

## Chiefs Still Seek First Win In Rainy Wichita

Wednesday morning found the Lincoln Chiefs still looking for their first win over the Wichita Indians and for a missing pitcher.

Rain, which washed out a whole series with the Indians earlier in the season, forced postponement of a doubleheader at Wichita Tuesday. The downpour left the grounds soggy at game time. Monday night, Wichita won 2-1 in a game shortened to six innings by rain.

A doubleheader is scheduled today.

Meanwhile, General Manager Bill Herring of the Chiefs is trying to find what has become of Jack Fitzgerald, a pitcher optioned to Lincoln from Toledo of the Class AAA American Association, 12 days ago. So far, Fitzgerald hasn't reported.

## Copple Is Fifth In Wrestle Meet

**From Press Dispatches**

TOKYO—Newt Copple, Lincoln, Neb., representing the United States in the lightweight division, tied for fifth place in the World Amateur Free-Style Wrestling Championships here Tuesday.

Copple tied with Roger Bielle of France and Guyla Toth of Hungary.

In final team standings Turkey edged out Russia 37 points to 35, while the United States squad placed seventh, failing to get a man in to the final championship round.

## Denver Shut Out By Des Moines, 3-0

DENVER (AP)—Joe Kuncl shut out Denver on six hits Tuesday night as Des Moines took its second straight win from the Bears, 3-0 before only 912 fans.

The Bruins counted with two runs on as many hits in the second inning and added their last tally in the fourth.

Denver's Bob Garber gave up an infield single to Don Brown to open the second, and John Magliolo followed with a triple to the right field corner. Magliolo came home on Jim McDaniel's sacrifice fly.

**For other Western League Box Scores, see Page 18.**

A squeeze bunt by Kuncl gave the Bruins their final score. The Iowans loaded the bases on a single, an error and a walk to bring up their hurler. Vern Morgan, the lead runner at third, came home on the bunt.

Denver got men on base in every inning, but Kuncl bore down to hand the Bears their second shutout of the season.

The win was Des Moines' third in eight games this year with the Bears.

The Firing Line
by
Norris Anderson
SPORTS EDITOR, THE STAR

Thinking out loud . . . It seems impossible that Whitie Reed was the star of the University of Nebraska back in 1935-36-37 . . . He still looks around 25 . . . Whitie has been invited to play in the Westborough Invitation Round Robin tourney near St. Louis, June 10-13 . . . Among the entries are Gene Zuspann, an old Husker teammate of Whitie's; Rex Baxter, Jr., former National Junior champion from Texas, and Dale oMrey, Jim Jackson, Don Schumacher and John Levinson, all former Walker Cup players . . . Whitie is one of 16 players invited to compete in the meet.

**Gomer Jones**

This feller, Bob Feller, showed a sense of humor when he said: "In an exhibition game, I struck out the Giants' bonus baby, Joe Amalfianto. Joe came up to me and said, 'Bob that was a terrific slow curve you threw me.' I didn't dare tell him it was my fast ball." . . . Colorado, at long last, is building a new press box in Folsom Stadium . . . No longer will near-sighted and flabby scribes have to peek out of the fieldhouse windows, around posts and usually in the region of the end zones . . . Dead ringers: Hi Simmons, Missouri baseball coach and Bill Orwig, Nebraska athletic director.

Big doings at the Kearney Country Club Thursday . . . The Kearney Quarterbacks Club, which includes over 400 members, will toss their annual fete for the Husker coaching staff . . . As well as greeting a dandy little golf course, it is an important day because the area around Kearney and Grand Island needs a lot of fence-mending in regards to the Husker athletic department . . . Herm Strackbein, former assistant at the Lincoln Country Club, is the Kearney pro.

Out Denver way, we found a common feeling that Lincoln's present Western League lead will soon dissolve and the Chiefs will do a royal flip-flop . . . Wanna bet? . . . Unlike a year ago, Lincoln has better reserve strength and more front-line pitchers . . . Besides this team has remarkable comeback powers; it bounces back hard after a bad night.

**Gomer Jones, former Husker line-master (1946 vintage) and since producer of a long succession of great Oklahoma forward walls, says the Sooners will be green next fall . . . So green, we figure, that they'll wind up as Big Seven champs . . . Gomer thinks the Sooners will especially miss Guard J. C. Roberts and Halfback Larry Grigg; "money players", he calls 'em . . . Minnesota's starting lineup against Nebraska in Minneapolis, Sept. 26, will probably include the McNamara brothers, Bob and Pinky, at the halfbacks . . . Pinky, only a sub in Bob's well-headlined shadow, was the backfield spark of the Gopher spring drills.**

From Tampa, Fla., Pat Ash sends The Firing Line a newspaper clipping on J. Gordon Roberts, the Omaha industrialist . . . Roberts, who keeps a winter home at Clearwater Beach, Fla., tells how Florida can keep prize preppers within its boundaries . . . Roberts suggests the sunshine state use the same system that he started at Nebraska . . . "We assembled a group of old grads, who had played for Nebraska," explained Roberts. "All of them had left college to achieve success in the business and professional world. With the ex-greats as special guests, we brought before them groups of high school seniors to hear the message on Nebraska. The clincher of the programs came when the old grads told of the business contacts, professional clients and contact they had made while playing for Nebraska."

**Personal note: An excellent idea, Gordon, and let's do it one better. How about a similar group in every city of the state?**

Everything won't be quite right in the ranks of the Leftfield Bleachers Advisory Committee when the Chiefs return to Sherman Field, June 2 . . . Forest W. Moeller, one of the mainstays of the group and a really grand guy, was killed over the week-end in an automobile accident . . . He formerly was a manager and player on teams in the city league and, in recent years, his interest was invested in the Chiefs.

## Holy Name Will Defend B Title Against Wisner

**By RON GIBSON**
**Star Sports Staff Member**

Boys Town and Omaha Holy Name, defending state baseball champions in Classes A and B, rolled past their first round opponents Monday to take their places alongside the only other defending champion, Class D. Millard, in today's finals.

**Boys Town eliminated Northeast, 7-3, and Holy Name dropped Hebron, 6-1, on the University of Nebraska diamond.**

Lincoln High stopped Omaha Cathedral, 4-0, in the day's wind-up game. The Links will play Boys Town at 3:15 p.m. today for the Class A title, which the Links won two years in a row before Boys Town broke their mastery last year.

Holy Name's opponent at 1:30 today will be Wisner, a 4-2 victor over Columbus St. Bonaventure Monday.

### Lincoln 4, Cathedral 0

Junior Dick Hergenrader pitched one-hit ball as Bill Jensen's Links stopped Omaha Cathedral, 4-0, although getting only four hits off classy left-hander John Bartek of the Cardinals.

**Hergenrader set down the first eight men to face him and had a no-hitter going until Leonard Nowack led off the Cathedral fifth with a sharp single to left field. Virg Moline sacrificed Nowack to second but Hergenrader retired the next two men in order.**

Only two other Cardinals got on base, both of them on errors by Cliff Hardesty. Hergenrader struck out 11.

The Links had trouble with Bartek, a fast-ball pitcher. Only sophomore Second Baseman Yogi Hergenrader was able to solve his southpaw slants. Yogi got two hits in two trips, scored one run and batted in another.

**In the second inning, Yogi blasted a triple into the teeth of a booming wind blowing in from left field and then scored when Hardesty hoisted to centerfield.**

That was all the margin the Links needed but they added two more in the fifth. Roger Krhounek beat out an infield hit to open the inning, then stole second and went to third on a wild throw by the catcher.

After Gary Smith rolled out to the first baseman, Krhounek scored on a wild pitch. Jack Curtis walked, stole second and scored when Yogi rifled a ground single to center.

Lincoln's final run came in the sixth. Ron Bayless made it around on a walk, a two-base error by Joe Pilmaier and a wild pitch.

### Boys Town 7, Northeast 3

Will Dollar, a tough right-hander with a pretty fair fast ball, stopped Northeast through five innings in the 7-3 Boys Town victory.

He is expected to go again today in the finals. Bill Issac came in from centerfield to finish the Rocket game for the defending Class A champions.

**The Cowboys got to sophomore Rudy Stoehr for four runs in the third and three in the fourth when sharp base hits and Stoehr's wildness caused the trouble.**

There were two outs in the third and Joe Nation was on first with a single when the Cowboys exploded. Jerry Hammack walked, Issac hit a line drive to right, Dollar single sharply down the third base line and Jim Brown cracked a single to the same spot to drive in the fourth run.

Northeast came back on a walk to Wayne Hester and singles by Larry Bryant and Jim Douthit to score one run.

Boys Town scored three in the fourth on an error, a walk and two singles.

Northeast used two errors and Stoehr's single for seventh inning runs.

George Neill made the best play of the day when he raced to his right to stop Issacs' hard grounder from going into the outfield. He made a one-hand stab at the ball, held it, but threw short to First Baseman Bryant and Issac beat out the hit.

### Wisner 4, Bonaventure 2

Wisner Tuesday won a berth in the Class B state baseball tournament finals by defeating Columbus St. Bonaventure 4-2 at the University of Nebraska.

The slow-moving tilt was tied, 2-2, going into the top of the fifth when Wisner collected a pair of runs to cinch the victory. The runs resulted from a pair of hits, a walk, a wild pitch and an error.

### Holy Name 6, Hebron 1

Displaying the sharpest batting attack thus far in the state meet, Omaha Holy Name blasted Hebron 6-1 in Class B play Tuesday.

The winner collected 11 hits, including three doubles, one each by Ed Fletcher, George Griffin and Bill Koeppen.

John Putnam backed up the Rambler attack with a five-hit pitching performance. He walked none and struck out six. Hebron's lone run came in the third on a single by Don Weber, an error by Carl Smith, and a fielder's choice.

### Orioles Buy Pirate Cal (.143) Abrams

## Baltimore Gets Third National Sub

**By GEORGE BOWEN**

BALTIMORE (AP)—The Baltimore Orioles, who had a reputed half million dollars to spend building a winner, Monday used some of it for the third time to buy a substitute on a National League team.

**Art Ehlers**

Avowedly in the market for a hitter, the Orioles bought outfielder Cal Abrams from the Pittsburgh Pirates for some cash and pitcher Dick Littlefield. Abrams has appeared in only 17 Pirate games and hit a poor .143.

Art Ehlers, Oriole general manager, previously had gone to the other league to buy Eddie Waitkus from the Philadelphia Phillies and Dave Koslo from the New York Giants. Waitkus hasn't played since May 8 when he was hitting .170 and Koslo has pitched only 14⅓ innings.

The only other cash transactions engaged in by the Orioles were for Ray Murray, a second string Philadelphia Athletic catcher, pitcher Vern Bickford from Milwaukee, and Jim Bridewiser, shortstop whom Casey Stengel didn't consider worthy of the New York Yankee roster.

Murray has appeared in five games and Brideweser in three. Bickford was given his unconditional release earlier this month.

**Ehlers promised, however, after announcing the Abrams deal there will be "further developments." He has been in touch with virtually every team in both the American and National leagues since the Orioles lost three of four-games last week-end by one-run margins to Cleveland.**

At the start of the season, Clarence W. Miles, Oriole president, announced purchase of the St. Louis Browns included a tax advantage of half a million. "It all will be plowed back into building up this ball club," he said, "and over and above that half million, we have a very tidy and substantial figure to spend this year for new players."

Besides money deals, Ehlers made even-up swaps of Roy Sievers for Gil Coan with Washington and Johnny Groth for Sam Mele with the Chicago White Sox. Coan is hitting .195 and Mele .188. The best batting average by a regular is third baseman Junior Stephens' .295.

The Orioles are hitting .219 as a team. The Browns were 30 points better in finishing last in 1953.

**The lack of Oriole hitting has club officials stumped and the fans suffering from nervous shock. The Orioles, in 31 games, have won five by one run and lost eight by one. They've won four by two and lost the same number by the same margin. Five games have gone extra innings, two of which the Orioles won.**

"If anybody had told me when we went to camp that this club wouldn't hit, I'd have told him he was crazy," Manager Jimmy Dykes said.

"Everything has worked out opposite to the way I expected.

"I didn't think we'd get great pitching, but we have. Who was it said pitching is 80 per cent of the game? He's gotta be wrong. Look at us."

Bob Turley, the Oriole strikeout ace, has lost four games by scores of 2-1, 4-2, 3-1 and 2-1, the latest in 12 innings. Two of his four victories were by 2-1 scores and another 3-1.

Ehlers explained he's trying to do two jobs at once in his trading.

"We are definitely going to have to hang onto our good younger players while looking ahead to the future," he said. "We realize, too, that it is necessary to acquire some older players to carry the team until the youngsters have developed."

**The acquistion of Abrams left Baltimore fans wondering into which caetgory he fell. He's 30 years old and after five years with Brooklyn, Cincinnati and the Pirates he still was only a substitute for last place Pittsburgh.**

## Inter-Scholastic Sports Ruled Out For Ninth Graders

Ninth grade pupils will no longer be allowed to participate on varsity, reserve or any organized school team taking part in inter-scholastic contests, according to a new policy decision of the Lincoln Board of Education.

Previously, Northeast High School ninth graders had been allowed to participate in inter-scholastic athletics. The new policy was arrived at after conferences with R. S. Mickle, Northeast principal.

The new policy applies to all Lincoln public schools with the exception of College View. It was stated that when the new Southeast High School opens, it will follow the regular Board policies in regards to athletics.

## Spahn Throws 6-Hitter, Homers

# Rampaging Braves Win Eight Straight

CINCINNATI (AP)—The Milwaukee Braves chalked up their eighth straight victory Tuesday night, downing the Cincinnati Redlegs 3-1 behind the six hit pitching of Warren Spahn, who homered in an insurance run.

Hank Aaron smashed a home run in the same inning with Joe Adcock aboard to give the Braves a full game lead in the National League.

Spahn struck out three and walked three in gaining his fifth win in eight decisions The southpaw whipped the Reds five times without defeat last season and seemed to have the same magic on the mound Tuesday night.

Ted Kluszewski cracked his 11th home run of the year in the second inning in the rightfield bleachers, called the sun deck in Crosley Field even during night games Adcock's double in the fifth, followed by Aaron's and Spahn's homers put the Braves permanently in the lead. It was fifth four-bagger of the season for the first baseman and the first for the pitcher

Spahn was in trouble in the sixth when Gus Bell and Jim Greengrass singled with one out Kluszewski flied out and Johnny Temple walked to fill the bases But the 33-year-old ace got Wally Post to fly to short left.

## Giants Romp To 21-4 Victory Over Pirates

NEW YORK (AP)—The New York Giants scored 11 runs in the eighth inning — the biggest single inning in the majors this season — and walloped the lowly Pittsburgh Pirates 21-4 Tuesday night for their fourth straight victory.

The New York run total was the second highest of the season, only two shy of the Chicago Cubs' 23 against St. Louis during the first week of play.

Whitey Lockman led the 22-hit assault with three singles and the first grand slam home run of his major league career.

## A's Sink Lower

PHILADELPHIA (AP)—Catcher Sam White hit a bases-empty ninth inning homer to give the Boston Red Sox a 3-2 win over the hapless Philadelphia Athletics Tuesday night. The loss shoved the A's farther down into the American League cellar.

In this three other trips to the plate, White had hit into double plays each time, a trick previously turned by 13 other major league players in a single game

## Yanks Wallop Nats

WASHINGTON (AP) — The New York Yankees turned Bucky Harris Night into a nightmare for the Washington manager Tuesday night clubbing five Senators' pitchers for 17 hits and coasting to a 9-3 victory as Whitey Ford went the route for the first time this season.

Mickey Mantle led the Yankee assault with a home run and a pair of singles. It was Mantle's fourth home run in his last five games Ford, who now has beaten the Senators six times in his career without a loss, got two hits himself

The Yankees got off to a run in the first inning and never were headed, chasing starter Mickey McDermott to cover with four straight singles in the fourth

## There Goes Moon!

ST LOUIS (AP)—Bunching their ten hits behind the steady pitching of Harvey Haddix, the Cardinals Tuesday night defeated the Chicago Cubs, 9-4, to end a three game losing streak. Haddix fanned nine and allowed nine hits in gaining his sixth victory. Stan Musial led the Cardinal attack with a triple, double and single

Rookie Outfielder Wally Moon sparked the Cardinals' running game with four stolen bases, within one of tying the National League record that has stood for 50 years

## Indian Streak Ends

CHICAGO (AP) — The Chicago White Sox snapped the league-leading Cleveland Indians' 11-game winning streak Tuesday night, 4-2, and climbed within 1½ games of first place in the American League

The Sox jumped on Bob Lemon for two runs and four hits in the fifth inning and scored single runs twice without benefit of a hit.

## John Pesek Pleases Audience With Two-Straight-Falls Win

By BILL FITZGERALD
Star Sports Staff Member

It was strictly a John Pesek crowd at the Fairgrounds Arena Tuesday night.

The fellow whose reputation as a Nebraska wrestling immortal was constructed under the guise of the Tigerman during the Twenties and Thirties rereturned to Lincoln to crush a rough muscleman named Bobby Nelson in two straight falls

A skillfully enforced toehold applied in two straight falls sent the pupils of Adam Krieger's school of artistry hustling for the exits.

Pesek survived some roughhouse bludgeoning and made husky Nelson cry quits at 12.00. He came back after a siege of autographing and sent the Lincoln newcomer spinning to the mat three times with a neat trip which completely puzzled loquacious Bobby a promising wrestler who displayed the ability to reach the last row with bellowing threats

Again it was the toe hold and Nelson gave up at 11.50.

Shirley Strimple nailed Ann Laverne in 14 13 and 8 40 in the typical girls' match characterized by angry tempers, pulled hair and a few clever holds

Joe Dusek, the Omaha sportsman pleased his following by drawing with Roy McClarty in the opener

The massive McClarty pinned Joseph in 15 00 but the Fans' Friend came back with a rough 11.50 performance and squared the match.

Time ran out on the boys

## Norkus Now Wants Title, Not Tin Ear

NEW YORK (AP)—For years Charley Norkus' fistic ambition was to get himself a cauliflour ear "so I can look like a fighter"

He took plenty of punches in the amateurs, service and in the pros in 10 years but never got the "tin" ear

Today the handsome, 25-year-old ex-Marine has bigger ideas He wants a shot at the heavyweight title

"No 'tin' ear for me now," said the hard hitting heavyweight in an interview. "I don't need one. I proved I'm a fighter. It's the big one—the title—I want."

## Spahn Throws 6-Hitter, Homers

# Rampaging Braves Win Eight Straight

CINCINNATI (AP)—The Milwaukee Braves chalked up their eighth straight victory Tuesday night, downing the Cincinnati Redlegs 3-1 behind the six hit pitching of Warren Spahn, who homered in an insurance run.

Hank Aaron smashed a home run in the same inning with Joe Adcock aboard to give the Braves a full game lead in the National League.

Spahn struck out three and walked three in gaining his fifth win in eight decisions. The southpaw whipped the Reds five times without defeat last season and seemed to have the same magic on the mound Tuesday night.

Ted Kluszewski cracked his 11th home run of the year in the second inning in the rightfield bleachers, called the sun deck in Crosley Field even during night games. Adcock's double in the fifth, followed by Aaron's and Spahn's homers put the Braves permanently in the lead. It was fifth four-bagger of the season for the first baseman and the first for the pitcher.

Spahn was in trouble in the sixth when Gus Bell and Jim Greengrass singled with one out. Kluszewski flied out and Johnny Temple walked to fill the bases. But the 33-year-old ace got Wally Post to fly to short left.

## Giants Romp To 21-4 Victory Over Pirates

NEW YORK (AP)—The New York Giants scored 11 runs in the eighth inning — the biggest single inning in the majors this season — and walloped the lowly Pittsburgh Pirates 21-4 Tuesday night for their fourth straight victory.

The New York run total was the second highest of the season, only two shy of the Chicago Cubs' 23 against St. Louis during the first week of play.

Whitey Lockman led the 22-hit assault with three singles and the first grand slam home run of his major league career.

## A's Sink Lower

PHILADELPHIA (AP)—Catcher Sam White hit a bases-empty ninth inning homer to give the Boston Red Sox a 3-2 win over the hapless Philadelphia Athletics Tuesday night. The loss shoved the A's farther down into the American League cellar.

In this three other trips to the plate, White had hit into double plays each time, a trick previously turned by 13 other major league players in a single game.

## Yanks Wallop Nats

WASHINGTON (AP) — The New York Yankees turned Bucky Harris Night into a nightmare for the Washington manager Tuesday night clubbing five Senators' pitchers for 17 hits and coasting to a 9-3 victory as Whitey Ford went the route for the first time this season.

Mickey Mantle led the Yankee assault with a home run and a pair of singles. It was Mantle's fourth home run in his last five games. Ford, who now has beaten the Senators six times in his career without a loss, got two hits himself.

The Yankees got off to a run in the first inning and never were headed, chasing starter Mickey McDermott to cover with four straight singles in the fourth.

## There Goes Moon!

ST. LOUIS (AP)—Bunching their ten hits behind the steady pitching of Marvey Haddix, the Cardinals Tuesday night defeated the Chicago Cubs, 9-4, to end a three game losing streak. Haddix fanned nine and allowed nine hits in gaining his sixth victory. Stan Musial led the Cardinal attack with a triple, double and single.

Rookie Outfielder Wally Moon sparked the Cardinals' running game with four stolen bases, within one of tying the National League record that has stood for 50 years.

# John Pesek Pleases Audience With Two-Straight-Falls Win

By BILL FITZGERALD
Star Sports Staff Member

It was strictly a John Pesek crowd at the Fairgrounds Arena Tuesday night.

The fellow whose reputation as a Nebraska wrestling immortal was constructed under the guise of the Tigerman during the Twenties and Thirties rereturned to Lincoln to crush a rough muscleman named Bobby Nelson in two straight falls.

A skillfully enforced toehold applied in two straight falls sent the pupils of Adam Krieger's school of artistry hustling for the exits.

Pesek survived some roughhouse bludgeoning and made husky Nelson cry quits at 12.00. He came back after a siege of autographing and sent the Lincoln newcomer spinning to the mat three times with a neat trip which completely puzzled loquacious Bobby, a promising wrestler who displayed the ability to reach the last row with bellowing threats.

Again it was the toe hold and Nelson gave up at 11:50.

Shirley Strimple nailed Ann Laverne in 14:13 and 8:40 in the typical girls' match characterized by angry tempers, pulled hair and a few clever holds.

Joe Dusek, the Omaha sportsman pleased his following by drawing with Roy McClarty in the opener.

The massive McClarty pinned Joseph in 15:00 but the Fans' Friend came back with a rough 11:50 performance and squared the match.

Time ran out on the boys.

## Norkus Now Wants Title, Not Tin Ear

NEW YORK (AP)—For years Charley Norkus' fistic ambition was to get himself a cauliflour ear "so I can look like a fighter."

He took plenty of punches in the amateurs, service and in the pros in 10 years but never got the "tin" ear.

Today the handsome, 25-year-old ex-Marine has bigger ideas. He wants a shot at the heavyweight title.

"No 'tin' ear for me now," said the hard-hitting heavyweight in an interview. "I don't need one. I proved I'm a fighter. It's the big one—the title—I want."

# Gambling Chuck Davey Tries Vince Martinez Tonight

By JERRY LISKA

CHICAGO (AP)—In his first Chicago Stadium start since Kid Gavilan stopped him there 15 months ago, gambling Chuck Davey meets solid-punching Vince Martinez in a televised welterweight 10-rounder tonight. (8 p.m., CST).

A 7-5 underdog, Davey is risking the chance of ruining a big Los Angeles gate in a scheduled June 25 re-match with Art Aragon as he takes on sixth-ranked Martinez, beaten only three times in 36 bouts.

**Martinez has flattened 20 opponents, five Kayos coming in a current string of nine straight victories. The Patterson, N. J., belter is clamoring for a shot at Gavilan's welter crown.**

Southpaw Davey, a scholarly ex-collegiate champion from Michigan State College, also has an eye-catching record, 40 victories—26 by knockouts—against 2 draws and 4 defeats.

But one of those four defeats, the 10-round TKO by Gavilan at the Chicago Stadium Feb. 11, 1953, reduced him from a national TV boxing hero to just another welterweight.

Davey, who did most of his earlier fighting in and around Chicago, has had six fights since welterweight King Gavilan pummeled him almost at will and disillusioned a horde of TV fans.

The 28-year-old Davey on his "comeback" trail has defeated Sammy Guiliani, Sammy Mastrean and Gerald Dreyer while losing twice to Al Andrews and being edged by Aragon in a disputed decision at Los Angeles last February.

Martinez is confident he can knock out Davey, while the ex-collegian feels his experience against Gavilan and in beating Carmen Basilio, present No. 1 welterweight contender, and Chico Vejar will enable him to stand off the Eastern slugger.

Martinez' manager, Bill Daly, is willing to put up $100,000 for a match with Gavilan if Vince gets by Davy.

Davey's return match with Aragon at Lost Angeles next month could fizzle from a potential $100,000 gate to a complete bust if Martinez whips him convincingly tonight.

Indeed, if Davey gets knocked out the Los Angeles bout could fade away completely because the Illinois State Athletic Commission automatically suspends kayoed fighters for six weeks. As a member of the National Boxing Assn., California presumably would observe the Illinois ruling.

## Links 1954 Grid Slate Announced

It will be Oct. 8 before the Lincoln High School football team will perform on its own field next fall. The Links' schedule shows that the first four tilts for this year will be held out of Lincoln.

Nine games are carded, five away and four at home. Four are with Omaha teams.

The schedule:

**September** 11—at Omaha Central. 17—at Sioux City Central. 24—at North Platte.
**October** 1—at Grand Island. 8—Scottsbluff. 15—Omaha North. 22—Omaha South. 29—at Omaha Tech.
**November** 5—Lincoln Northeast.

## Yanks Said Mad Over Kell Deal

By WHITNEY MARTIN

NEW YORK (AP) — The New York Yankee players are reported to be sizzling like a ham on a spit over the deal by which the Chicago White Sox acquired third base man George Kell from the Boston Red Sox.

They see the transaction as part of a league plot to overthrow them by the concentration of strength on the club voted most likely to succeed.

That the Red Sox got a pretty good infielder and a very good bundle of cash in exchange for Kell just doesn't enter the picture as far as the Yankees are concerned. All they can see are midnight meetings of club executives in dark cellars and secret ballots to determine which club will be the next to sacrifice itself for the common cause.

**It's a strange attitude for the champions to take, and leaves the impression they are just a little scared they won't quite be able to make it six in a row this year and thus give Casey Stengel a chance to hold up both hands when facing the cameras.**

The Yankees possibly already have forgotten they acquired Eddie Robinson and Harry Byrd from the Philadelphia Athletics this year, and we don't recall yelps of anguish from other clubs, and charges that the A's were in cahoots with the Yankees to prevent the White Sox or Indians from winning the pennant.

The Yankees gave up plenty in that deal, but the fact remains they got two men they wanted and figured they could spare the ones they let go.

The New York club has the reputation of coming up with the player it needs. Sometimes that player is in the organization, but not always.

Allie Reynolds has been with the champions so long it seems he came with the lease. But the Big Chief came to the Yankees after several years of toil with the Indians.

Eddie Lopat, another stadium standby, was peddling his "junk" to hitters while in the uniform of the White Sox when the Yankees decided a New York uniform was much more becoming to him.

**And if the other American League clubs are really suspicious they might believe the National League was anxious to see the Yankees remain on top. It gave the New Yorkers plenty of help in the persons of Johnny Mize and Johnny Sain, and more recently Enos Slaughter.**

Some baseball deals seem to be made for no special reason except the hankering of the officials to do a little swapping. But in the Kell deal we can see the point of the Red Sox argument.

Kell, a fine third baseman and a consistent hitter, although lacking in power, is 32, and the Sox have let it be known they have a youth movement under way. When they sent an 18-game winner—Maurice McDermott—to the Senators our battered ears failed to detect cries to the effect they were trying to help that club win the pennant.

If the Red Sox really are intent on beating the Yankees, if by proxy, they might send Ted Williams to the White Sox. Then the Yankees would have something to simmer about.

Capable as Kell is, we can't see him as definite insurance the White Sox will win the pennant and it would seem if a plot is under way to guarantee the Yankees would not win, the scheming clubs would see to it more than one player was sent to the team picked to carry the banner.

**If each of six clubs would send the White Sox its best player we'd be a little suspicious. But we can't get excited over the Kell deal.**

## NAIA Track Go Set For Hastings

Lincoln Star Special

HASTINGS — College athletes from all over Nebraska will gather at the Hastings stadium, Saturday, May 29, to take part in the NAIA Track Meet. The event is being sponsored jointly by the Hastings Chamber of Commerce Athletic Committee and Hastings College.

The meet will be unique in several ways. It will be held under the lights in the evening.

There will be no preliminaries; each event will be a final event and it should be a fast-moving, no-delay meet, according to the sponsors.

Interest in the event is high, according to Coach Tom McLaughlin of Hastings College. Winners in this meet will participate in the national meet in Dallas.

## American Prestige Restored

MUIRFIELD, Scotland, (AP) — Socialite Robert Sweeny, tourney-tough Frank Strafaci and a unique collection of servicemen restored American prestige Tuesday in the British Amateur Golf Championship.

Reversing the trend Monday when 13 of 24 Yanks were cut down in their first starts, eight Americans shot their way into the third round, losing only three men in the process.

These joined six other U. S. representatives, including two-time winner Frank Stranahan of Toledo, Ohio, and Walker Cupper Bill Campbell of Huntington, West Va., who advanced Monday.

The aristocratic-looking Sweeny, from Palm Beach, Fla., and New York, won one of the day's most bitterly fought matches when he defeated Lt. Col. Tony Duncan, greying 1953 British Walker Cup captain, one up, on the 20th hole. Sweeny captured this title in 1937.

Strafaci, from Garden City, N. Y., one of the leading tournament players of the metropolitan New York district, sank a 30-foot putt on the 15th hole to close out A. R. Timms of New Zealand, 4 and 3.

**Uniformed personnel contributed to America's big day over the 6,806-yard course, which was swept early in the day by a cold wind and rain off the Firth of Forth and later baked by a warm sun.**

These winners included Capt. Malcolm Stokes, an Air Force doctor who claims three home towns, Savannah, Ga., Tulsa, Okla., and Garden City, N. J.; Harold Ridgley, an Army master sergeant from Havertown, Pa.; Larry Carpenter, a sharp-putting 23-year-old Army intelligence officer from Springfield, N. J.; and Richard Davies, a 23-year-old sailor from Annandale, Calif.

Martinez is confident he can knock out Davey, while the ex-collegian feels his experience against Gavilan and in beating Carmen Basilio, present No. 1 welterweight contender, and Chico Vejar will enable him to stand off the Eastern slugger.

Martinez' manager, Bill Daly, is willing to put up $100,000 for a match with Gavilan if Vince gets by Davy.

Davey's return match with Aragon at Lost Angeles next month could fizzle from a potential $100,000 gate to a complete bust if Martinez whips him convincingly tonight.

Indeed, if Davey gets knocked out the Los Angeles bout could fade away completely because the Illinois State Athletic Commission automatically suspends kayoed fighters for six weeks. As a member of the National Boxing Assn., California presumably would observe the Illinois ruling.

## Yanks Said Mad Over Kell Deal

By WHITNEY MARTIN

NEW YORK (AP) — The New York Yankee players are reported to be sizzling like a ham on a spit over the deal by which the Chicago White Sox acquired third base man George Kell from the Boston Red Sox.

They see the transaction as part of a league plot to overthrow them by the concentration of strength on the club voted most likely to succeed.

That the Red Sox got a pretty good infielder and a very good bundle of cash in exchange for Kell just doesn't enter the picture as far as the Yankees are concerned. All they can see are midnight meetings of club executives in dark cellars and secret ballots to determine which club will be the next to sacrifice itself for the common cause.

**It's a strange attitude for the champions to take, and leaves the impression they are just a little scared they won't quite be able to make it six in a row this year and thus give Casey Stengel a chance to hold up both hands when facing the cameras.**

The Yankees possibly already have forgotten they acquired Eddie Robinson and Harry Byrd from the Philadelphia Athletics this year, and we don't recall yelps of anguish from other clubs, and charges that the A's were in cahoots with the Yankees to prevent the White Sox or Indians from winning the pennant.

The Yankees gave up plenty in that deal, but the fact remains they got two men they wanted and figured they could spare the ones they let go.

The New York club has the reputation of coming up with the player it needs. Sometimes that player is in the organization, but not always.

Allie Reynolds has been with the champions so long it seems he came with the lease. But the Big Chief came to the Yankees after several years of toil with the Indians.

Eddie Lopat, another stadium standby, was peddling his "junk" to hitters while in the uniform of the White Sox when the Yankees decided a New York uniform was much more becoming to him.

**And if the other American League clubs are really suspicious they might believe the National League was anxious to see the Yankees remain on top. It gave the New Yorkers plenty of help in the persons of Johnny Mize and Johnny Sain, and more recently Enos Slaughter.**

Some baseball deals seem to be made for no special reason except the hankering of the officials to do a little swapping. But in the Kell deal we can see the point of the Red Sox argument.

Kell, a fine third baseman and a consistent hitter, although lacking in power, is 32, and the Sox have let it be known they have a youth movement under way. When they sent an 18-game winner—Maurice McDermott—to the Senators our battered ears failed to detect cries to the effect they were trying to help that club win the pennant.

If the Red Sox really are intent on beating the Yankees, if by proxy, they might send Ted Williams to the White Sox. Then the Yankees would have something to simmer about.

Capable as Kell is, we can't see him as definite insurance the White Sox will win the pennant and it would seem if a plot is under way to guarantee the Yankees would not win, the scheming clubs would see to it more than one player was sent to the team picked to carry the banner.

**If each of six clubs would send the White Sox its best player we'd be a little suspicious. But we can't get excited over the Kell deal.**

## NAIA Track Go Set For Hastings

Lincoln Star Special

HASTINGS — College athletes from all over Nebraska will gather at the Hastings stadium, Saturday, May 29, to take part in the NAIA Track Meet. The event is being sponsored jointly by the Hastings Chamber of Commerce Athletic Committee and Hastings College.

The meet will be unique in several ways. It will be held under the lights in the evening.

There will be no preliminaries; each event will be a final event and it should be a fast-moving, no-delay meet, according to the sponsors.

Interest in the event is high, according to Coach Tom McLaughlin of Hastings College. Winners in this meet will participate in the national meet in Dallas.

## American Prestige Restored

MUIRFIELD, Scotland, (AP) — Socialite Robert Sweeny, tourney-tough Frank Strafaci and a unique collection of servicemen restored American prestige Tuesday in the British Amateur Golf Championship.

Reversing the trend Monday when 13 of 24 Yanks were cut down in their first starts, eight Americans shot their way into the third round, losing only three men in the process.

These joined six other U. S. representatives, including two-time winner Frank Stranahan of Toledo, Ohio, and Walker Cupper Bill Campbell of Huntington, West Va., who advanced Monday.

The aristocratic-looking Sweeny, from Palm Beach, Fla., and New York, won one of the day's most bitterly fought matches when he defeated Lt. Col. Tony Duncan, greying 1953 British Walker Cup captain, one up, on the 20th hole. Sweeny captured this title in 1937.

Strafaci, from Garden City, N. Y., one of the leading tournament players of the metropolitan New York district, sank a 30-foot putt on the 15th hole to close out A. R. Timms of New Zealand, 4 and 3.

**Uniformed personnel contributed to America's big day over the 6,806-yard course, which was swept early in the day by a cold wind and rain off the Firth of Forth and later baked by a warm sun.**

These winners included Capt. Malcolm Stokes, an Air Force doctor who claims three home towns, Savannah, Ga., Tulsa, Okla., and Garden City, N. J.; Harold Ridgley, an Army master sergeant from Havertown, Pa.; Larry Carpenter, a sharp-putting 23-year-old Army intelligence officer from Springfield, N. J.; and Richard Davies, a 23-year-old sailor from Annandale, Calif.

# Haymes Deportation Order Suspended

Dick Haymes

WASHINGTON (INS)—The Board of Immigration Appeals suspended Tuesday a deporation order against Dick Haymes because of "grave charges" that officials tried to trap the crooner into leaving the country.

The board ordered the deportation case sent back to a Los Angeles immigration service officer for a further rehearing.

The board's action has the effect of suspending an order that Haymes must return to his native Argentina.

### Deceived Him

Defense Attorney Welburn Mayock argued before the board early that immigration officials deceived Haymes when he applied for credentials to fly to Hawaii to woo Actress Rita Hayworth, whom he later married.

An affidavit from a Richard R. Cody of the Los Angeles immigration office stated that although officials knew that Haymes might be inadmissable upon his return to the United States from Hawaii he was ordered not to warn the entertainer.

The board took note of allegations "the such instructions were contrary to the general policy of informing aliens prior to their departure from the U. S. concerning the existence of possible grounds of inadmissability."

The immigration service has ruled that Haymes could be deported because of the Hawaii trip since the singer waived his right to American citizenship and the privileges that go with it when he claimed exemption from the World War II draft as a neutral alien.

## Inquiries Sent To Blue R. Towns

T. A. Filipi, chief of the State Health Department's Sanitation Division, Tuesday addressed inquiries to communities along the Republican and Little Blue Rivers which discharge raw sewage into those streams.

No date has been set, he pointed out, but the communities are being asked to tell what plans they have in mind for abating the situation.

The inquiries were addressed to Fairbury, Hebron and Nelson on the Little Blue; and to Franklin, Red Cloud and Superior on the Republican.

The situation in the case of these communities is not as acute, Filipi explained, as it was for those along the Big Blue, where Marysville, Kan., is experiencing difficulty with its water supply.

But in the interest of cleaning up the nation's streams generally, he said, the U.S. Public Health Service has included the Republican and the Little Blue in the list of rivers where plans should be made for disposal plants in the foreseeable future.

## 'Small Watershed Co-Ordination Is Lacking—Hayes

PIERRE, S. D. (AP)—The Omaha District Army Engineer said Tuesday that "to achieve proper integration of basin-wide planning and small watershed planning, a high degree of co-ordination is called for."

It appears from current planning, said Col. T. J. Hayes III that "little or no consideration is given to the relationship with other adjacent areas or with larger areas of which the small watershep is only a small part."

"Actually the flow from some of the small watersheds contributes little or nothing to the peak flood flow on larger streams below," he declared. "Detention of run-off in some small watersheds may actually increase flood peaks downstream from the watershed.

"I believe that small watershed planning can be co-ordinated with proper basin-wide planning," said Col. Hayes. "To do so, however, will require that small watershed programs be developed in sufficient detail so that their proper place in over-all basin-wide planning can be determined."

Col. Hayes spoke before the South Dakota Co-ordinating Committee.

# Conditions Being Met For U.S. War Entry—Dulles

WASHINGTON (INS)—Secretary of State John Foster Dulles revealed Tuesday that one-by-one the conditions necessary for U.S. armed intervention in Indo-China are being met.

In carefully phrased words in his first news conference in two weeks, Dulles said:

1. Legally France has just about fulfilled the conditions that the three associated states of Indo-China must be set free before the U. S. can fight to defend them from Communism.

2. Prospects have improved for United Nations action that would give moral sanction to intervention.

3. There is every expectation that if a Southeast Asian security pact is formed Great Britain will be in it.

### Not Fight Alone

The secretary spelled out again the U. S. terms for armed intervention, stressed the United States will not fight to defend colonialism and will not fight alone.

He said prospects for U.N. sanction of intervention to save Indo-China have improved. He added that the United States would support an appeal for a U.N. peace observation mission to Indo-China if one is made.

Reports from Geneva Tuesday said Thailand is ready to ask for U.N. action regarding the war in Indo-China.

Dulles carefully avoided specific answers to questions about current or planned political and military discussions.

He was asked about prospects for military staff discussions between England, France, Australia, New Zealand and the United States but refused to say whether such talks have been scheduled.

### No Details

Allied diplomats have said that the talks definitely are scheduled for Washington although no time has been set for them to begin.

The secretary talked a good deal about the legal agreements France has reached on the question of independence for Indo-China but he did not get down to details.

He said that treaties France has signed have just about fulfilled the legal requirements for independence but that much must be done to make the Indo-Chinese people realize how much legal independence they now have achieved.

France has signed treaties with Laos and Vietnam. Cambodia, the third state, has shown little interest in independence.

Dulles indicated that the legal steps France has taken have met U. S. requirements on the independence issue. He said the French have gone as far as they can and probably as far as they should at this point.

## Mason Is Given Lighter Sentence In Appeal Case

A fine of $25 was assessed against Robert M. Mason, 21, of 2235 Holdrege after he pleaded guilty in District Court to a charge of negligent driving.

Mason had appealed from a $50 fine plus a six months license suspension levied against him in Municipal Court where he was charged with driving in a manner to endanger life, limb and property.

The charge against Mason was reduced when he appeared in District Court. His driver's license was not suspended under the sentence imposed by District Judge Harry Spencer.

Cinch
DEVIL'S FUDGE MIX
100% COMPLETE

Just between us Fresh eggs—

Confidentially (and any self-respecting hen can tell you this) the costly eggs you have to add to some cake mixes are never as fresh as the eggs used in the finest quality baby foods, instant puddings, angel food mixes and Cinch Cake Mixes. These eggs are scientifically processed a day after the hen's cackle to keep them permanently morning fresh and flavor pure. Then Cinch master-blends the eggs with extra grade milk and all other highest quality ingredients into a smooth, uniform cake mix. Cinch is 100% complete—*you add only water. So—Cinch saves you at least 10c in eggs—or 7c in milk—on every cake you make.* For finer, lighter, more luscious cakes than any other mix, now try *New Formula Cinch Cake Mix.*

*4 Delicious Flavors: White, Spice, Golden, Devil's Fudge.*

This 200-horsepower Buick CENTURY is the Riviera—the hardtop model that's taking America by storm.

Live wire that really looks it
(One reason why Buick is such a big success this year!)

ITS sports-car lines tell you there's lift and spirit here enough for any man.

Even standing still this glamor car looks alive.

And that look-of-tomorrow styling that's part and parcel of every new Buick—that sweeping panoramic windshield with the dream-car slant—all that says there's action here, and plenty of it.

But just note the name "CENTURY" emblazoned on its rear fender, and you can take it as gospel that this is a performance car of the very first water.

It's the livest of the live wires—the highest-voltage Buick in the line.

It is instant on getaway, a joy in cruising, a breeze on hills—and a honey of a friend in the added safety of its plenty reserve power always on hand for sudden needs.

It is, in fact, a 200-horsepower performance car, and priced far below it—*the highest-powered car at its price in the land.*

With this great-powered good-looker setting the pace—and with equally impressive SPECIALS, SUPERS and ROADMASTERS adding to the excitement—is it any wonder Buick today is outselling every other car in America except *two* of the so-called "low-price three"?

Come in and try one of these gorgeous new Buicks. With the prices we're quoting, you can make the buy of the year this very week.

# Conditions Being Met For U.S. War Entry—Dulles

WASHINGTON (INS)—Secretary of State John Foster Dulles revealed Tuesday that one-by-one the conditions necessary for U.S. armed intervention in Indo-China are being met.

In carefully phrased words in his first news conference in two weeks, Dulles said:

1. Legally France has just about fulfilled the conditions that the three associated states of Indo-China must be set free before the U. S. can fight to defend them from Communism.

2. Prospects have improved for United Nations action that would give moral sanction to intervention.

3. There is every expectation that if a Southeast Asian security pact is formed Great Britain will be in it.

**Not Fight Alone**

The secretary spelled out again the U. S. terms for armed intertion, stressed the United States will not fight to defend colonialism and will not fight alone.

He said prospects for U.N. sanction of intervention to save Indo-China have improved. He added that the United States would support an appeal for a U.N. peace observation mission to Indo-China if one is made.

Reports from Geneva Tuesday said Thailand is ready to ask for U.N. action regarding the war in Indo-China.

Dulles carefully avoided specific answers to questions about current or planned political and military discussions.

He was asked about prospects for military staff discussions between England, France, Australia, New Zealand and the United States but refused to say whether such talks have been scheduled.

**No Details**

Allied diplomats have said that the talks definitely are scheduled for Washington although no time has been set for them to begin.

The secretary talked a good deal about the legal agreements France has reached on the question of independence for Indo-China but he did not get down to details.

He said that treaties France has signed have just about fulfilled the legal requirements for independence but that much must be done to make the Indo-Chinese people realize how much legal independence they now have achieved.

France has signed treaties with Laos and Vietnam. Cambodia, the third state, has shown little interest in independence.

Dulles indicated that the legal steps France has taken have met U. S. requirements on the independence issue. He said the French have gone as far as they can and probably as far as they should at this point.

## Mason Is Given Lighter Sentence In Appeal Case

A fine of $25 was assessed against Robert M. Mason, 21, of 2235 Holdrege after he pleaded guilty in District Court to a charge of negligent driving.

Mason had appealed from a $50 fine plus a six months license suspension levied against him in Municipal Court where he was charged with driving in a manner to endanger life, limb and property.

The charge against Mason was reduced when he appeared in District Court. His driver's license was not suspended under the sentence imposed by District Judge Harry Spencer.

# Government Drops Charges Of Lying Against Val R. Lorwin

By LEE GARRETT

WASHINGTON (AP)—The government, avoiding a court showdown on its right to keep loyalty files secret, Tuesday dropped prosecution of Val R. Lorwin on charges that he lied when he denied Communist affiliations.

It said the prosecutor made misrepresentations to the Grand Jury which indicted the former State Department official last December. On that ground, District Judge Edward M. Curran dismissed the indictment at the request of Asst. Atty. Gen. Warren Olney III.

At the same time, the Justice Department announced suspension of William A. Gallagher, the Justice Department attorney who had presented the case to the Grand Jury. Gallagher could not be reached for comment.

Olney said the prosecution was authorized in January, 1953, by Charles E. Murray, then head of the criminal division. He said no one in the present administration had anything to do with the authorization.

**Harold Metz**

Today's action followed efforts by the government to avoid a court order that it provide a transcript of the testimony which was given to the loyalty board by Harold Metz, now a research director for the Hoover Commission.

Judge Curran ordered early this month that Metz' testimony be made available. He rejected last Wednesday a government request that he reconsider that order.

In a statement issued in Chicago, Lorwin said that in asking for dismissal of the indictment against him "the government has admitted the obvious fact that there could be no other case against me than that based on misrepresentation, falsehood or obstinate misunderstanding."

"The allegations of Communism were particularly outrageous in view of the long record of vigorous anti-Communism in my work and outside activities," he added.

**Only Witness**

F. Joseph Donohue, attorney for Lorwin, said that Metz was the only witness against Lorwin both before the loyalty board and before the Grand Jury. He said the transcript of the testimony was needed for use in cross examination during the trial.

Lorwin was cleared by the loyalty board after 91 witnesses appeared in his behalf. He resigned from the State Department in 1952 and is now a professor at the University of Chicago on leave.

The office of Sen. McCarthy (R-Wis) has said that Lorwin was "case No. 54" among 81 individual cases the senator cited in a Senate speech Feb. 20, 1950 in connection with his charges of Communist infiltration of the State Department.

Lorwin was charged in a three-count indictment with making false statements in claiming that he never was a Communist Party member, that he never carried a Communist Party card, and that he never held a Communist Party meeting in his home. The government alleged that he was a party member in September, 1935.

**Five On Probation**—Lancaster District Court has placed five Lincoln youths on one-year probation on charges of taking part in auto-stripping at Singer Brothers Auto Parts on the Cornhusker Hwy. The youths, four 15 years old and one 16, admitted taking tires and tubes with wheels, car aerials, bumper guards, a defroster fan, and a rear view mirror. The offense was the first for each of the boys.

**Writ Denied**—A writ of habeas corpus has been denied to Penitentiary inmate Glen Culpen by District Court Judge Harry Spencer. Culpen sought the writ on the question of whether two terms he is serving should be consecutive or concurrent. Culpen was sentenced to two three year terms for escape from the pen and car theft. The State Supreme Court previously had said a hearing should be granted Culpen after Judge Spencer had originally turned down the habeas corpus request by the inmate.

## 'Buddy Poppy' Day Saturday

Nearly 40 members of the ladies auxiliary of the Lincoln Harris-Fraley VFW Post 131 will handle street sales during Buddy Poppy Day, Saturday, May 29.

Robert S. Lentz, chairman of the poppy drive, pointed out that funds from the sales support such projects as the VFW national home for widows and orphans at Eaton Rapids, Mich., and support for needy and disabled veterans and their dependents in Lincoln. Veterans in VA hospitals, who make the poppies, receive a percentage of the sales for their work.

## One Day Early This Week

WASHINGTON (AP)—President Eisenhower went to Burning Tree Club in nearby Maryland Tuesday for a round of golf. Eisenhower usually plays on Wednesdays. James C. Hogerty, White House press secretary, told newsmen the President was switching to Tuesday this week, but gave no reason.

# Government Drops Charges Of Lying Against Val R. Lorwin

By LEE GARRETT

WASHINGTON (AP)—The government, avoiding a court showdown on its right to keep loyalty files secret, Tuesday dropped prosecution of Val R. Lorwin on charges that he lied when he denied Communist affiliations.

It said the prosecutor made misrepresentations to the Grand Jury which indicted the former State Department official last December. On that ground, District Judge Edward M. Curran dismissed the indictment at the request of Asst. Atty. Gen. Warren Olney III.

At the same time, the Justice Department announced suspension of William A. Gallagher, the Justice Department attorney who had presented the case to the Grand Jury. Gallagher could not be reached for comment.

Olney said the prosecution was authorized in January, 1953, by Charles E. Murray, then head of the criminal division. He said no one in the present administration had anything to do with the authorization.

### Harold Metz

Today's action followed efforts by the government to avoid a court order that it provide a transcript of the testimony which was given to the loyalty board by Harold Metz, now a research director for the Hoover Commission.

Judge Curran ordered early this month that Metz' testimony be made available. He rejected last Wednesday a government request that he reconsider that order.

In a statement issued in Chicago, Lorwin said that in asking for dismissal of the indictment against him "the government has admitted the obvious fact that there could be no other case against me than that based on misrepresentation, falsehood or obstinate misunderstanding."

"The allegations of Communism were particularly outrageous in view of the long record of vigorous anti-Communism in my work and outside activities," he added.

### Only Witness

F. Joseph Donohue, attorney for Lorwin, said that Metz was the only witness against Lorwin both before the loyalty board and before the Grand Jury. He said the transcript of the testimony was needed for use in cross examination during the trial.

Lorwin was cleared by the loyalty board after 91 witnesses appeared in his behalf. He resigned from the State Department in 1952 and is now a professor at the University of Chicago, on leave.

The office of Sen. McCarthy (R-Wis) has said that Lorwin was "case No. 54" among 81 individual cases the senator cited in a Senate speech Feb. 20, 1950 in connection with his charges of Communist infiltration of the State Department.

Lorwin was charged in a three-count indictment with making false statements in claiming that he never was a Communist Party member, that he never carried a Communist Party card, and that he never held a Communist Party meeting in his home. The government alleged that he was a party member in September, 1935.

**Five On Probation**—Lancaster District Court has placed five Lincoln youths on one-year probation on charges of taking part in auto-stripping at Singer Brothers Auto Parts on the Cornhusker Hwy. The youths, four 15 years old and one 16, admitted taking tires and tubes with wheels, car aerials, bumper guards, a defroster fan, and a rear view mirror. The offense was the first for each of the boys.

**Writ Denied**—A writ of habeas corpus has been denied to Penitentiary inmate Glen Culpen by District Court Judge Harry Spencer. Culpen sought the writ on the question of whether two terms he is serving should be consecutive or concurrent. Culpen was sentenced to two three year terms for escape from the pen and car theft. The State Supreme Court previously had said a hearing should be granted Culpen after Judge Spencer had originally turned down the habeas corpus request by the inmate.

## 'Buddy Poppy' Day Saturday

Nearly 40 members of the ladies auxiliary of the Lincoln Harris-Fraley VFW Post 131 will handle street sales during Buddy Poppy Day, Saturday, May 29.

Robert S. Lentz, chairman of the poppy drive, pointed out that funds from the sales support such projects as the VFW national home for widows and orphans at Eaton Rapids, Mich., and support for needy and disabled veterans and their dependents in Lincoln. Veterans in VA hospitals, who make the poppies, receive a percentage of the sales for their work.

## One Day Early This Week

WASHINGTON (AP)—President Eisenhower went to Burning Tree Club in nearby Maryland Tuesday for a round of golf. Eisenhower usually plays on Wednesdays. James C. Hogerty, White House press secretary, told newsmen the President was switching to Tuesday this week, but gave no reason.

Everybody Sees Your Twins Dandruff And Itchy Scalp

BEATRICE, Nebr.—Mrs. E. M. Graham, 906 N. 10th, says: "My husband had dandruff and itchy scalp very bad. My son works at the drug store, and he had heard so much praise for Baker's Hair Tonic he brought a bottle home. It did wonders for my husband, and in just a short time he got relief."

For dandruff and itchy scalp, use Baker's Hair Tonic. For clean scalp and lustrous hair, use Baker's Shampoo. Buy them where you trade. You will like both, or the makers will refund your money.—Adv.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

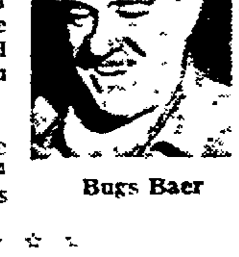
## BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

(Distributed by International News Service)

Washington is slightly overstocked on butter with 360,000,000 pounds of Holstein grease waiting for a favorable moment to turn rancid.

☆ ☆

**If you don't ask for it with a Western accent you can shop it for 46 cents per poundage. If you are a free and equal citizen you pay 70.**



**Bugs Baer**

It must be that extra 14 that makes you equal.

☆ ☆ ☆

**England will take 40,000,000 pounds, indicating Britons shall never be slaves to anything but their habits. Austerity never did include dry toast.**

☆ ☆ ☆

The belles of Ubangi will take another 40,000,000 pounds to touch up squeaky wheels and set their hair.

☆ ☆ ☆

**We are sending an agricultural expert with 4,000,000 pounds to the summer sled runs of the Alps. The Swiss are not sure whether you butter the toboggan slide or the seat of the contestant's pants.**

☆ ☆

Nobody can quite understand why we should turn a one-cow dairy into a give-away program. We've looked through the Monroe Doctrine and can't find any cooking recipes.

☆ ☆ ☆

**At home we're paying tops for the bottoms. Abroad our best is none too good for our absentee guests. They're wiping their feet on the Flying Carpet, playing a cornet solo on the Horn of Plenty, rapping open sesame on the bargain basement and lighting themselves to a midnight snack in the face with Aladdin's wonderful indirect illumination.**

☆ ☆

You cannot be President of the U.S.A. if you are born abroad. But if you stay there you can eat like one.

☆ ☆

**We have other picnic spreads of oleo, apple butter, cheese and marmalade they haven't tried yet. But it's the real country butter that weather proofs pagoda roofs and sparkles in minarets.**

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## BAERING DOWN ON THE NEWS

By Arthur 'Bugs' Baer

(Distributed by International News Service)

Washington is slightly overstocked on butter with 360,000,000 pounds of Holstein grease waiting for a favorable moment to turn rancid.

☆ ☆ ☆

**If you don't ask for it with a Western accent you can shop it for 46 cents per poundage. If you are a free and equal citizen you pay 70.**

Bugs Baer

☆ ☆ ☆

It must be that extra 14 that makes you equal.

☆ ☆ ☆

**England will take 40,000,000 pounds, indicating Britons shall never be slaves to anything but their habits. Austerity never did include dry toast.**

☆ ☆ ☆

The belles of Ubangi will take another 40,000,000 pounds to touch up squeaky wheels and set their hair.

☆ ☆ ☆

**We are sending an agricultural expert with 4,000,000 pounds to the summer sled runs of the Alps. The Swiss are not sure whether you butter the toboggan slide or the seat of the contestant's pants.**

☆ ☆ ☆

Nobody can quite understand why we should turn a one-cow dairy into a give-away program. We've looked through the Monroe Doctrine and can't find any cooking recipes.

☆ ☆ ☆

**At home we're paying tops for the bottoms. Abroad our best is none too good for our absentee guests. They're wiping their feet on the Flying Carpet, playing a cornet solo on the Horn of Plenty, rapping open sesame on the bargain basement and lighting themselves to a midnight snack in the face with Aladdin's wonderful indirect illumination.**

☆ ☆ ☆

You cannot be President of the U.S.A. if you are born abroad. But if you stay there you can eat like one.

☆ ☆ ☆

**We have other picnic spreads of oleo, apple butter, cheese and marmalade they haven't tried yet. But it's the real country butter that weather proofs pagoda roofs and sparkles in minarets.**

## DAILY CRYPTOQUOTE

Here's How To Work It

AXYDLBAAXR
is LONGFELLOW

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

# Soybean Futures Register Strength

CHICAGO (INS) — Soybean futures closed 2 to 8 cents a bushel higher Tuesday. The July future showed the most strength and reached $3.52. Grains generally were fractionally higher.

It marked the first time in about two weeks that the July soybean future showed pronounced strength. The future was down 7 cents Monday after losing 25 cents last week.

The upturn in soybeans was due to buying that appeared largely influenced by news that the Agriculture Department was dropping plans for domestic disposal of butter through cut-rate prices.

Wheat closed ⅛ to ¼ cent lower but corn was up ⅛ to ½ cent. Oats were unchanged to ⅝ cent higher and rye ¼ cent higher.

July wheat finished ¼ cent lower at $1.96⅛ a bushel, July corn ½ cent higher at $1.54⅛; July oats ⅝ cent up at 70⅞ and July rye ¼ cent higher at $1.01¾.

# Lead Stocks Show Late Market Rally

NEW YORK (AP)—Stocks fell off moderately Tuesday in a subdued market, and the action was marked by a late rally among many leaders.

A mixed market Monday created a little uneasiness, but prices were rather steady today at the start.

Within a short time, however, prices began to recede, and the retreat continued into the late afternoon.

Just before the close, buying support appeared with enough emphasis to bring a number of issues up from their lows and send others ahead for small gains.

Most sections of the list were mixed to lower.

The Associated Press Average of 60 stocks was down 30 cents at $131.60. The fall was not very great, but it was the most registered for the past two weeks. Monday it was off 10 cents. It now stands only a shade under the high of the year and the best in the past 24 years.

The industrial component of the average declined $1.00 and the rails lost 10 cents. Utilities, however, closed unchanged.

WHAT SIZE BOURBON FITS YOUR TASTE?

by J. P. Van Winkle
President
Stitzel-Weller Distillery
Louisville, Kentucky
Established 1849

What's the sense of buying shoes that cramp your toes, collars that pinch your neck, or bourbon too small for your taste?

Whiskey comes in sizes too, and the sole concern of our family-owned distillery through more than a century has been to provide a flavor ample enough to *fit* the man who knows how *real* Kentucky bourbon *ought* to taste.

How do we do this? Largely by controlling our proof through each stage of operation.

Proof is that figure on your label that tells the "alcoholic size" of the whiskey. But how and why it gets that way is the important thing with us.

We distill at low proof to preserve the natural bourbon flavors. OLD FITZGERALD comes from the still at 55 proof and is further refined in our old fashioned pot still doubler to 117 proof.

To provide maximum contact with the oak, we reduce this proof before barreling to 103 by adding pure distilled water.

As our barrels become "bottle ripe" we find that the whiskey has gradually increased in proof during the aging period. Don't ask me why.

Before bottling we again add distilled water to adjust the proof to exactly 100, no more no less.

This is the historical proof at which bourbon has *always* been bottled-in-bond, as dictated and supervised by the Federal Government and defined by the U. S. Pharmacopoeia.

It is only at this proof that OLD FITZGERALD is offered as a worthy adjunct to your business entertaining.

We invite you to join the inner circle of executives who have discovered this unique flavor for themselves, and find it good business to share, in moderation, with associates and friends.

# U.S. Aid To Schools Cut

New congressional legislation cuts the Lincoln school system off from the federal aid it has received in the past for general operating purposes as a result of federally connected students in the system.

The news was presented to the members of the Board of Education by Superintendent of Schools Steven N. Watkins. Under the new law, Watkins said, Lincoln cannot qualify for federal aid.

For the 1953-54 school year, he said, Lincoln has received $50,000 in aid and another $15,000 to $17,000 is due. This money, he said, is used to pay salaries, buy supplies or any other general expenses, but not for construction.

Legislation covering aid for construction purposes is still pending in Congress, he said.

## *Arab Hurls Grenade; 20 In Group Wounded*

MARRAKESH, French Morocco (INS)—Twenty persons were reported wounded when an Arab hurled a grenade into a group of soldiers and civilians during the farewell visit to Marrakesh of Gen. Augustin Guillaume, retiring French resident general.

Ten soldiers on security duty were wounded as were 10 civilians.

The man who hurled the grenade, apparently a Nationalist demanding complete independence from the French, apparently escaped. He had hidden in a garden opposite the city hall.

Guillaume, who was not harmed, is being replaced by a civilian and French career diplomat, Francis LaCoste.

# Soybean Futures Register Strength

CHICAGO (INS) — Soybean futures closed 2 to 8 cents a bushel higher Tuesday. The July future showed the most strength and reached $3.52. Grains generally were fractionally higher.

It marked the first time in about two weeks that the July soybean future showed pronounced strength. The future was down 7 cents Monday after losing 25 cents last week.

The upturn in soybeans was due to buying that appeared largely influenced by news that the Agriculture Department was dropping plans for domestic disposal of butter through cut-rate prices.

Wheat closed ⅛ to ¼ cent lower but corn was up ⅜ to ½ cent. Oats were unchanged to ⅜ cent higher and rye ¼ cent higher.

July wheat finished ¼ cent lower at $1.96⅛ a bushel; July corn ½ cent higher at $1.54⅜; July oats ⅜ cent up at 70⅞ and July rye ¼ cent higher at $1.01¼.

# Lead Stocks Show Late Market Rally

NEW YORK (AP)—Stocks fell off moderately Tuesday in a subdued market, and the action was marked by a late rally among many leaders.

A mixed market Monday created a little uneasiness, but prices were rather steady today at the start.

Within a short time, however, prices began to recede, and the retreat continued into the late afternoon.

Just before the close, buying support appeared with enough emphasis to bring a number of issues up from their lows and send others ahead for small gains.

Most sections of the list were mixed to lower.

The Associated Press Average of 60 stocks was down 50 cents at $134.80. The fall was not very great, but it was the most registered for the past two weeks. Monday it was off 10 cents. It now stands only a shade under the high of the year and the best in the past 24 years.

The industrial component of the average declined $1.00 and the rails lost 40 cents. Utilities, however, closed unchanged.

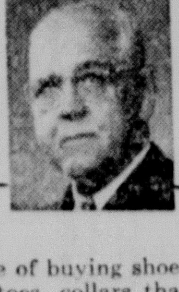
## WHAT SIZE BOURBON FITS YOUR TASTE?

by

**J. P. Van Winkle**
President
**Stitzel-Weller Distillery**
Louisville, Kentucky
*Established 1849*



What's the sense of buying shoes that cramp your toes, collars that pinch your neck, or bourbon too small for your taste?

Whiskey comes in sizes too, and the sole concern of our family-owned distillery through more than a century has been to provide a flavor ample enough to *fit* the man who knows how *real* Kentucky bourbon *ought* to taste.

How do we do this? Largely by controlling our proof through each stage of operation.

Proof is that figure on your label that tells the "alcoholic size" of the whiskey. But how and why it gets that way is the important thing with us.

We distill at low proof to preserve the natural bourbon flavors. OLD FITZGERALD comes from the still at 85 proof and is further refined in our old fashioned pot still doubler to 117 proof.

To provide maximum contact with the oak, we reduce this proof before barreling to 103 by adding pure distilled water.

As our barrels become "bottle ripe" we find that the whiskey has gradually increased in proof during the aging period. Don't ask me why.

Before bottling we again add distilled water to adjust the proof to exactly 100, no more no less.

This is the historical proof at which bourbon has *always* been bottled-in-bond, as dictated and supervised by the Federal Government and defined by the U. S. Pharmacopoeia.

It is only at this proof that OLD FITZGERALD is offered as a worthy adjunct to your business entertaining.

We invite you to join the inner circle of executives who have discovered this unique flavor for themselves, and find it good business to share, in moderation, with associates and friends.

JOE E. FENTON

# Joe Fenton Is Elected RC Chairman

Joe E. Fenton has been elected chairman of the Lancaster County Red Cross chapter to succeed Lloyd E. Corp.

Other officers elected at the annual meeting held at the YWCA are:

Howard W. Spahnle, first vice chairman, Harold H. Hinds, second vice chairman, Mrs. J. P. Colbert, secretary, and William Gold, treasurer.

# U.S. Aid To Schools Cut

New congressional legislation cuts the Lincoln school system off from the federal aid it has received in the past for general operating purposes as a result of federally connected students in the system.

The news was presented to the members of the Board of Education by Superintendent of Schools Steven N. Watkins. Under the new law, Watkins said, Lincoln cannot qualify for federal aid.

For the 1953-54 school year, he said, Lincoln has received $50,000 in aid and another $15,000 to $17,000 is due. This money, he said, is used to pay salaries, buy supplies or any other general expenses, but not for construction.

Legislation covering aid for construction purposes is still pending in Congress, he said.

## *Arab Hurls Grenade; 20 In Group Wounded*

MARRAKESH, French Morocco (INS)—Twenty persons were reported wounded when an Arab hurled a grenade into a group of soldiers and civilians during the farewell visit to Marrakesh of Gen. Augustin Guillaume, retiring French resident general.

Ten soldiers on security duty were wounded as were 10 civilians.

The man who hurled the grenade, apparently a Nationalist demanding complete independence from the French, apparently escaped. He had hidden in a garden opposite the city hall.

Guillaume, who was not harmed, is being replaced by a civilian and French career diplomat, Francis LaCoste.

# School Levy Increase Cited In Protest Of Trailer Camp

By ROY CAMPBELL
Star Staff Writer

A protest was lodged with the County Board of Commissioners Tuesday over a proposed trailer camp site near the south entrance to the Air Force base.

Although no formal request has been made for the needed special permit, Mrs. Homer Leland inquired at the last board meeting about the possibility for getting such a premit. She stated at the time the base personnel would have initial access to the site, about two and a half miles north of Hwy 6.

Opposing such a camp Tuesday were members of School District 18 who protested that education assessments against them would be too high when children of families moved into the trailer site. The spokesman for the group was Floyd Flader Sr. of Rt. 6.

### Three Children

Flader told the board there presently were only three children of school age in the district and that each cost about $200 to $250 for their education. He told the board that the school district had been whittled down by the construction of the Air Base, including loss of the school building itself, and that the school children had to be "farmed out" for their education.

The school board chairman stated that if 12 children were to come into the district, the cost would be too prohibitive to continue operation as a district. He noted there would be no guarantee the families moving in would be obligated to pay for their children's education "even if we could find a place to send them."

### Six Mills

Flader said the children presently living in the school district were being sent to districts 107 and 118, and that the district they're living in now is paying six mills for school support.

Merle Reller, attorney and landowner in District 18, charged the Air Base "is taking out the cream of this area already," and that an increase in the school levy "puts us in a very prejudicial position." He added that because the government has taken so much of good crop land that "the loss robs us of tax earnings."

# Man Who Killed Wife Is Set Free

SAN DIEGO, Calif., (AP) — A man who shot and killed his wife was free Tuesday, cleared by a judge who said: "I am convinced this man was walking in his sleep."

James Patterson Twomey, 46, tried without a jury before Superior Judge John A. Hewicker, shot his wife, Margaret, 47, April 20, as she lay sleeping in her twin bed.

Judge Hewicker said evidence presented by psychiatrists convinced him Twomey was having a nightmare when he fired the gun.

# School Levy Increase Cited In Protest Of Trailer Camp

By ROY CAMPBELL
Star Staff Writer

A protest was lodged with the County Board of Commissioners Tuesday over a proposed trailer camp site near the south entrance to the Air Force base.

Although no formal request has been made for the needed special permit, Mrs. Homer Leland inquired at the last board meeting about the possibility for getting such a premit. She stated at the time the base personnel would have initial access to the site, about two and a half miles north of Hwy 6.

Opposing such a camp Tuesday were members of School District 18 who protested that education assessments against them would be too high when children of families moved into the trailer site. The spokesman for the group was Floyd Flader Sr. of Rt. 6.

### Three Children

Flader told the board there presently were only three children of school age in the district and that each cost about $200 to $250 for their education. He told the board that the school district had been whittled down by the construction of the Air Base, including loss of the school building itself, and that the school children had to be "farmed out" for their education.

The school board chairman stated that if 12 children were to come into the district, the cost would be too prohibitive to continue operation as a district. He noted there would be no guarantee the families moving in would be obligated to pay for their children's education "even if we could find a place to send them."

### Six Mills

Flader said the children presently living in the school district were being sent to districts 107 and 118, and that the district they're living in now is paying six mills for school support.

Merle Reller, attorney and landowner in District 18, charged the Air Base "is taking out the cream of this area already," and that an increase in the school levy "puts us in a very prejudicial position." He added that because the government has taken so much of good crop land that "the loss robs us of tax earnings."

# Man Who Killed Wife Is Set Free

SAN DIEGO, Calif., (AP) — A man who shot and killed his wife was free Tuesday, cleared by a judge who said: "I am convinced this man was walking in his sleep."

James Patterson Twomey, 46, tried without a jury before Superior Judge John A. Hewicker, shot his wife, Margaret, 47, April 20, as she lay sleeping in her twin bed.

Judge Hewicker said evidence presented by psychiatrists convinced him Twomey was having a nightmare when he fired the gun.

Notice is hereby given to all persons nterested that on the 1st day of June, 1954, at a regular meeting of the City Council of the City of Lincoln, Nebraska, to be held at 1:30 o'clock p.m., or as soon thereafter as possible, in the Council Chamber in the City Hall of said City, the Council will assess the cost of ornamental lighting and improvement in Ornamental Lighting District No. 29, being Ridgeway Road from Sunburst Lane to "A" Street and all of Bryan Circle, in said City, and the following described real estate benefited, to-wit: Lots 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 32, 34, 35, 36, 37, 38, 39, 40, 41, 42, and 43, in Block 1, Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, and 17, in Block 2, all in Kimballcrest.

Further notice is hereby given that the City Council will sit as a Board of Equalization to equalize the above assessment and distribute said tax in the Council Chamber in the City Hall of said City, located at 10th and O Streets, on Monday, the 7th day of June, 1954, at ten o'clock a.m., and on Tuesday, the 8th day of June, 1954, at ten o'clock a.m., on said days, with adjournments from day to day until said work of equalizing and distributing said tax upon the several pieces of property described in the above-named ornamental lighting district is completed.

THEO. H. BERG, City Clerk.

# Notice to Dealers in Rubber Tires and Tubes

Sealed bids will be received at the office of the City Clerk of the City of Lincoln, Nebraska, up to 10 o'clock a.m. Wednesday, May 26, 1954, for furnishing rubber tires and tubes for the use of all departments of the City, in accordance with specifications for same on file in the office of the City Clerk.

Copies of the specifications may be obtained in the office of the City Purchasing Agent.

The City's estimate of cost of these rubber tires and tubes is $5,000.00.

Each bid must be accompanied by a certified check in the sum of $250.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all bids and to waive any defect in bids.

THEO. H. BERG, City Clerk

# Notice to Contractors Lincoln, Nebraska Water Works Improvements Ashland Treatment Plant Additions and Alterations

Sealed proposals will be received by the City of Lincoln, Nebraska, at the office of the City Clerk until 10:00 o'clock A.M., Central Standard Time of June 16, 1954, for furnishing all materials, equipment and labor required for the construction of new aerator and contact basin, the construction of pump and filter revisions and additions, the installation of new equipment, piping and valves, the construction of revisions to existing basins, and the construction of other miscellaneous items of work at the existing Ashland Treatment Plant, at which place, at 10:00 A.M., on the same date, all proposals received will be publicly opened and read aloud.

Proposals will be received for work to be performed as separate contracts on either of the two sections of work as follows, or as a single contract including both sections.

Section I — General Construction Work, covering the construction complete of new aerator and contact basin, including connecting piping and valves; the furnishing and installation of discharge and suction piping and valves for the transmission line pumps, including a Venturi tube and manhole and flow metering equipment therefor; the furnishing and installation of suction and discharge piping and valves for the transfer pumps; the construction of revisions to the existing contact filters to convert them to rapid sand filters, including surface wash equipment; the furnishing and installation of new chemical equipment and piping, including alterations to existing equipment and piping; electrical manholes; concrete encasement for electrical ducts, excavation and backfill; together with other miscellaneous items of work, materials and equipment appurtenant thereto.

Section II—Electrical Work, covering the furnishing and installation of new motor starting equipment and the revision of existing motor starting equipment, together with all power and control wiring for the work under both Sections I and II.

Copies of the plans, specifications and other proposed contract documents are on file at the office of the City Clerk, Lincoln, Nebraska, and in the office of the Consulting Engineers, Black & Veatch, 4706 Broadway, Kansas City, Missouri. A set of such documents may be obtained from the Consulting Engineers at the address stipulated above or from the City Engineer's Office, fourth floor of the City Hall, Lincoln, Nebraska, upon deposit of $20.00. The full amount of the deposit for one set only of such documents will be refunded to each bidder who has made such deposit and who has filed his bid with the Owner as directed in this notice and upon the forms as prescribed upon the return of all documents not filed with his bid. $10.00 of each other deposit, including deposits made to secure documents for subcontractor's estimating purposes, will be refunded upon the return of all documents covered thereby, all within thirty days after the bids are opened.

As a guarantee of good faith on the part of the bidder, each proposal submitted shall be accompanied by a Cashier's check or a certified check drawn on a solvent Nebraska bank, in an amount of not less than five (5) per cent of the total amount of bid. Checks shall be made payable to Frank J. Miller, City Treasurer.

Each bidder to whom a contract is awarded will be required to furnish a performance bond, acceptable to the City of Lincoln, Nebraska, in the amount of 100 per cent of the contract in conformity with the requirements of the proposed contract documents.

The City Engineer's estimate of the cost for the work covered by each section of the proposal is as follows:

| | |
|---|---|
| Section I | $372,000 |
| Section II | $ 31,200 |
| | $403,200 |

The right is reserved by the City of Lincoln, Nebraska, to reject any or all bids and to waive informalities. No bidder may withdraw his bid for a period of 30 days after the time set for receipt of bids.

CITY OF LINCOLN, NEBRASKA
Theo. H. Berg, City Clerk.

Here Is A Position
Looking For A Certain
Capable Young Lady!
Probably not too many in Lincoln could fill the desk of a Journal & Star Want Ad Saleswoman. This girl must be extra pleasant, and enjoy co-operating and helping the nice people who advertise in The Journal & Star Want Ads
She must be between 20 and 40, at least a high school graduate, an accurate typist, have a real sense of responsibility, and do simple arithmetic quickly and very important— she must have a clear, pleasant voice on the telephone.
She will work in a pleasant office with helpful associates, get a paid vacation, and learn a lot about advertising. She will work a 40 hour week, 8:30 to 5:30 with Wed off, and if she is a capable girl with lots of drive her earnings will be well above average
If you have the qualifications for this interesting, specialized work — call Mr. Golding, 2-3331 between 8:30 & 10 am or between 4:00 & 4:30 pm to arrange an interview.

Here Is A Position Looking For A Certain Capable Young Lady!

Probably not too many in Lincoln could fill the desk of a Journal & Star Want Ad Saleswoman. This girl must be extra pleasant and enjoy cooperating and helping the nice people who advertise in The Journal & Star Want Ads.

She must be between 20 and 40, at least a high school graduate, an accurate typist, have a real sense of responsibility, and be simple arithmetic quickly and very important—she must have a clear, pleasant voice on the telephone.

She will work in a pleasant office with helpful associates, get a paid vacation, and learn a lot about advertising. She will work a 40 hour week, 8:30 to 5:30 with Wed off, and she is a capable girl with lots of drive her earnings will be well above average.

If you have the qualifications for this interesting, specialized work — call Mr. Golding, 2-3331 between 8:30 & 10 am or between 4:00 & 4:30 pm for appointment.

# '54 Construction Start On New Viaduct Expected

## ... Completion Of O St. Span Seen In '55

Lincoln's long awaited new O Street viaduct is scheduled to be under construction by the end of this year, according to State Engineer L. N. Ress.

Ress made the announcement at a meeting at the Lincoln Chamber of Commerce of representatives of 14 towns in Nebraska, gathered to hear a general discussion of the states highway picture

The hope was expressed by Ress that the approximate $1.5 million span over the Burlington Railroad tracks would be completed by the end of the 1955 construction period

Recent congressional legislation permitting the transfer of up to 10 per cent of federal primary, secondary and urban aid matching funds from one fund to another will permit construction of the viaduct, Ress said.

Leading up to the announcement, Ress noted that to date Nebraska has never lost the use of any federal matching funds However, he stated, some $2 to $3 million in secondary funds will not be used by the counties this year and lapse June 30, 1955.

Under the new congressional legislation, he said, 10 per cent of the secondary fund can be transferred to the primary fund under which the viaduct can be constructed.

A transfer of 10 per cent of the 1952-53 secondary funds would amount to more than $600,000, Ress said, and a slightly larger amount can be transferred from the 1954-55 secondary allotment.

Added to this amount will be $150 000 the railroads involved have agreed to contribute toward the project.

A previous effort to get the viaduct constructed failed to meet the approval of the federal authorities That move involved the transfer of ownership of the viaduct area to the county and classification of the strip under the secondary road system

Federal authorities, however, still considered the stretch as part of the primary road system. The new structure is to be a four lane divided pavement starting at 9th and O.

## Farm Labor Supply Meeting Demands

The supply of labor for Nebraska farms generally is adequate to meet demands over the state, the state Labor Department said Tuesday.

Placements last week totaled 158, of which 84 were single farm hands and 33 were ranch hands, the weekly farm labor report said

The unfilled labor demand remains about the same.

Many of the laborers on hand to work beet fields have had to sit around because of the lateness of the beet thinning activity. Crews "are growing somewhat restless," the report said

## 'Economics To Determine Interstate Road By-Passing'

By-passing of towns with the proposed new interstate highway is not a part of the policy of the State Highway Department but will be determined by economics, according to State Engineer L. N. Ress.

Ress made the statement in a question and answer period following a meeting at the Lincoln Chamber of representatives of 14 Nebraska towns, gathered for a general review by Ress of the entire state highway picture

"Whether the interstate highway would by-pass a town," said Ress, "would depend entirely upon economics It is certainly not the policy of the department to by-pass towns along the route"

In some cases, Ress noted, the acquisition of a right-of-way through some towns might cost more than a by-pass construction. Also, he said, an interstate highway route through some towns would completely wipe out all the business buildings in the town.

The four lane divided highway has been proposed to enter Nebraska near Omaha, pass through or near Lincoln and proceed out to the southwest part of the state

Ress reported he did not particularly favor the interstate highway to a toll road if the latter would give the desired results but would never construct one in competition to the other.

### Gloomy Report

The group heard a gloomy report from Ress on the state's highway needs.

A total of $230 million is needed at this time, Ress said, to cover Nebraska's "skeleton highway system with a cloak of adequacy"

The $230 million Ress said, is in addition to the $18 million improvement program now under way. The entire picture, he said, includes $132 million in needed work on highways with a sufficiency rating under 70 per cent and $48 million on roads rated now over 70 per cent.

In the next two years, Ress said, Nebraska will have $50,600,000 available to it in federal matching funds for the primary road system

## Liquor Board Sets Industry Meeting

The State Liquor Commission Tuesday scheduled a meeting for June 7 at the Capitol here to discuss problems of the industry with license beer manufacturers, beer distributors and out-state brewery representatives

"For instance," the commission said, "it has been reported that some retailers are soliciting beer manufacturers and wholesalers for cash and other contributions in connection with anniversady promotions, grand niversary promotions and other special events staged by the retailer."

The commission pointed out such practice is illegal under Nebraska law.

There are three beer manufacturers in Nebraska and 92 distributors

These are in addition to outstate brewers shipping into the state.
